

**Very nice to see more La Perms than at a normal all breed show. I had several in Club classes as well.**

**IMPERIAL GRAND PREMIER FEMALE:** IMP GR CC JAMES' GR PR BALLEGO SCARLETOFTARA (LPL D 03). What a pretty girl she is, lovely overall type. Medium sized ears of good set with furnishings and muffs. Gentle expressive eyes of good shape. Prominent whisker pads to muzzle which is longer than wide. Flattening to forehead with a slight nose break to profile, slight bump to nose, level chin of good depth, few small teeth missing now. Good weight to body of medium size, solid feel, slim proportionate slim legs and oval paws. Curly coat of sparkling white with red patches, springy texture generally with a nice soft feel, some guard hairs on back. Coat separates and stands away from body, of good length. Good plume to tail. A gentle, slightly shy girl who wanted to hide her qualities under her blanket.

RES IMP GR CC EKANGER'S GR PR CLOUDBORN BARB DWYER (LPL b 24). Ears of good set, slightly flared and are well furnished and have good ear muffs. Flattening to forehead, broad shorter muzzle, I would prefer more length, prominent whisker pads. Expressive eyes of good shape and set. Profile shows a nose break and level chin. Good weight to slim body with slim legs and oval paws. Medium long coat with waves, stands away from body with a springy feel and soft in texture. Plume to tail of proportionate length. Good nature.
