GR CH / Warrener's CH Rexiru Tokyo Drift (DRX hs) F 30/07/13

Loved this girl's head, when I approached her pen she was looking out face on and she had a lovely Devon look to her. She has a short broad wedged head, wide cheeked, strong muzzle and a good whisker break. Stop in short nose. Slender neck and strong chest. Nicely balanced, muscled body with a slender neck and a good chest, high limbs and balancing tapering tail. Dense coat, well rexed covering body and extending down limbs and tail. Pleasant girl a pleasure to handle

Blue Abyssinian Adult

CC/ BOB/ Kelsall's Khabasha Na'Adezhda (ABYa ) F 17/10/14

Friendly girl, handled well. Well set cupped ears with slight tufts set on a gently rounded contoured head. Moderate wedge, slightly indented muzzle and a gentle break in profile. Chin fades. Lovely eye line set well, good shape and size. Firm body, elegant limbs, balanced tail. Dark ticking, pale base coat

Cornish Rex Adult

1st CC /BOB Ballard/Sandy's Sicorn Tintagel Piskie(CRX f 09) F 09/03/15

Still a little immature this girl. I spent some time with her, she was completely bemused by the whole experience. Her ears are of good set shape and size. Her eyes when she relaxed had good expression and nicely set. Correct profile. Slim dainty body of good length but still needing to fill out. Her coat was loose and gave the appearance of being long but when she calmed down and with a few strokes it sat better. I deliberated somewhat over her award and let her settle and when I returned a little later, she was much better and I gave her a little leeway.

Very friendly exhibit who handled well. Largish cupped ears set well. Contoured head lines, gently rounded slightly indented muzzle. Amber eyes of good set, shape and size. "Dainty" body, would just like a little more substance to her. Dark blue coat is a little long but lies well, would like a little more clarity to the ticking, and a little more warmth to the base. Firm chin but unfortunately she is undershot (confirmed by duty vet)

Fawn Abyssinian Kitten

1st (BOB/ NA) Allwood /Sundstrum's Coppice Arrabella (ABY p) F 01/08/15

Easy to handle, she has large wide based ears, tending to flare them today. good set, shape to her amber eyes. I felt she was just slightly long and narrow in her wedge and I would have preferred more gentler rounding. This with her large ears and flaring them today, for me it gave

her more of a triangular head shape. Uneven profile needing more of a gentle break. Body of good muscle, lithe and in proportion with slender limbs and tail. Short, fine, close lying coat, warm fawn tone, creamish base

Korat Kitten

1st BOB Portsmouth's Cattleya Tiny Dancer (KOR) F 29/07/15

Lovely little girl. Very good heart shaped head, with a large flat forehead. Good breadth across and between her eyes. Short nose with a downward curve with a slight stop in profile. Large ears, rounded tips, flared at base, set high on head giving an alert expression. Lovely eye line, large luminous. Well developed dainty semi cobby body, proportionate limbs and tail with slight ghost tabby markings tapering to a rounded tip adding to a very even balanced exhibit. Her close lying coat is short, glossy, mid blue with very good silvery tipping creating nice sheen. She is a lovely girl with a real Korat look, very chatty and a lovely nature.

BOB Oakley's GR CH Kremlinkatz Oligarch Bear (RUS a) M 20/10/14

Strong boy who showed very well. Ears held high and set vertical. Well defined angle, good profile, firm chin. Short wedge with well puffed out whisker pads today. Gentle expressive green eyes with such a whimsical look. Elegant muscular body with balancing limbs and good length to tail. His plush coat is short, fine, good density with a silvery sheen. Lovely nature and so easy to handle. Well worthy of his BOB. My nomination for best foreign adult.

Quite a wilful girl today. Her ears are set well on flat skull. Defined angle, short wedge to her head, with good whisker pads. Firm body of good length, balanced limbs and tail This girl had lovely eye colour but I felt the male just had that more impressive look about him today.

Russian Blue Kitten

1st BOB Oakley's Kremlinkatz Katazyna (RUS a) F 19/11/15

Cute little girl. She has a short wedged head with her vertical ears set well and high. Almost straight profile, firm chin. With a little encouragement, tickling her under her chin she puffed out her whisker pads. Her eyes have nicely developed colour for age and are well set, with good shape and size. Good body confirmation with proportionate limbs and tail. Paler blue coat with some silvery sheen

1st PC Allwood & Sundstrum's Coppice Ballymoss (ABY a) MN 15/06/15

Ears set well, cupped with width between, slight break in profile, would like a little more strength to indented muzzle, he is just needing a little more gently rounded contours to his wedge just now. Eyes set well, good shape and size. Firm body slender, tall legs and tapering tail. Short, fine coat,

even blue with blue grey ticking, cool pale undercoat. Handled very well willing to give plenty of cuddles.

Well grown girl not in the best of moods today and not really wanting to be judged. Nicely set ears, medium eyes, a little round today possibly due to her attitude. Her wedge is slightly rounded but would like just a little more length. Slightly flared ears . Medium body, nicely muscled . Medium long coat, springy , plumed tail.
