Report of Abyssinian Cat Club Show: 3rd April 2016

Class 1845
Grand Class Abyssinian Champion Male

223 GR CC LINCOLN CH. LEGEND CESARÉ Abyo 20/7/14.

A young fairly sized boy of good bone and nice rounded muscle built to his body. The head is balanced but tends to taper to a slightly fine muzzle below a profile well just perceptible nose indentation. He has shapely green eyes well expressive and upright alert ear. Facial marking set well defined and he is pleasingly free of any necklets and barring. The coat has medium density and good texture being short fine and very well ticked. The deeper ^{chestnut} ticking overlies a clear warm ground colour.

220 RQE Wellbush 2nd DAWSON CH. GLENJAYONS GEORGE GERSHWIN Abyo 10/5/13

The head is a shapely, rounded wedge with good profile slope and alert expression and shapely green eyes. The ears are well set and he has elegance to neck, body and his firm legs. He is free of any undesirable necklets or leg bars but his ticking is reasonably square in a light blue tone. The undercoat over the back is very grey silver lacking warmth and a complete contrast to that of the underparts and inside of legs. This colouring again lacks the tone for a blue but is very warm. He has nice colour to the legs and chin.

218 ENGLAND TARGEI'S BERT (Imp.) Abyo H. 14/7/13.

Built a short broad wedge with width across the eyes, good indentation above whisker pads but just evident nose break. This boy has open greenish eyes and nice large ear's tip and chin are cream and he is free from barring showing just a very faint necklet. The body style is very oriental _{M.C.}

lacking roundness to the body length. The coat is shown and fine and flat lying in a rich apricot ground colour harmonising over the whole body and rich chestnut brown over tucking.

Class 1863 Queen Abyssinian Premier Male

308 G.P. SHAKESPEARE - Emma P. WAVETAIL PENZANCE 'Abya 6/4/14
An elegant well boned boy well very good head shape being a moderate length of head well indented and well good profile deep, large well set, ears are sharply almost shaped open eyes well well pigmented eyed rims. The chin is light coloured bone firm and he shows a neck between head, strong shoulder and a muscular firm body. He shows a slight necklets and ^{upwardly} full leg bars down with ear stems well bone firm legs. The coat is of good texture well medium rich colour throughout the undercoat and is very well ticked.

lovely old lady padded nicely away when waken from her slumbers

433 THOMPSON FERGUSON

434. TILKER TAMMIE FN 870

A well covered lady who was a little bored well be doing but quite sociable w/ disturbed!

SHORT-HAIRED CAT SOCIETY

Class 1028 RED ADULT

163 Best of Breed - GR CH SKELTON RED RAMBO IT 6/7/13

A mature large racy headed boy well substantial bone structure and solid muscle fully reported on at show in past two months. Today he is still in exec show condition with a coat of moderate length a little soft well well excellent red colour. Lovely deep copper eyes

Class 1046 ~~1st~~ Black Silver Spotted Adults

17A 1st all ADAIR LITATZ STARS & SHADOWS Brins 24 F 4/6/15

A very large youngster who ~~is~~ is very small for her age for a

M.E.E 27/4/16

British but who is fairly well ~~good~~ boned and muscular. The head has both width and roundness ~~the~~ crown of skull and muzzle are very high in tone with a promising green pupal rim. She has compact conformation well shod legs and tail. The coat is clear silver in the ground colour with a dense pattern of broken spottings and lines a rather too solid necklet and spotted pattern which she makes hard to assess but seem to have rather a lot of linkage.

Class 1136M ~~1136M~~

USUAL ABYSSINIAN MALE

209 Entered for Bob MISKELLY ARCH GLENDAYON KOBAYASHI Aug 9/7/14.
Strong muscular boy of good size and conformation. The head has pleasing shape well nice width little rounded muzzle, open almost shaped greenish hazel eyes and well set ears. He lacks neck to give his body elegance. The coat has good texture and medium length. The ticking is very distinct and well defined on a rich clear reddish ground colour. Unfortunately he has leg bars.

CLASS 1136 F USUAL ABYSSINIAN F

214 1st CC ~~1136F~~ PORTUGAL SYBINA JULIETTA 15/1/12

A widely shaped head with lateral cheek indentation, a profile dip and muzzle with width and roundness. She has large cupped ears and open almost shaped open eyes. Lips and chin are clean and she is free of necklet and bars. A solid muscular girl she shows nice maturity and elegance with long legs. Undercoat is clear and warm in colour and ticking is well defined on a show coat with good body to it. A slowness

m. ex 27/4/16

215 ~~Bob~~ Bobbie Lockwood SYRINX MOON RIVER 3/2/14

An alert well built mostly girl today she is showing pleasing light warm general colour to a short fairly thick coat with good texture and feel. The individual is a warm apricot and ticks very well defined. The head has nice shape with good cheek and profile undulation large ears and shapely almost thopur eyes faced marking on dew She is a girl of good size balance and mobility

CLASS 1505 AC Abyssinian Kitten

218 1st MISKELLY GLENDAYON CHAMPARROD ABYb F 22/04/15

A pretty young chocolate with light chocolate well defined ticking and no necklet or bars. The general coat colour is warm and light. She is well grown and shows elegance yet good bone substance a length to her legs. The head is shapely with alert expression, well set ears rounded to the muzzle and shapely greenish eyes

245 2nd LINCOLN GLENDAYON YUZUEU HANYU ABYn. M 27/9/15

Nice & fun to a midget of stature but slight presence this boy has large well set ears with pleasing small tufts and excellent almost tapered hazel eyes giving him a good expression. Profile and lateral undulation on the face are good. He is a well grown solid muscular young man with a tail nicely thick at the base and tapering. The ground colour of the coat is sandy apricot and black ticks well defined. Some complete front leg bars spoil him but these are two very nice young Abyssinians
