

## REPORT FROM CAROLINE WREN

### CAMBRIDGESHIRE CAT CLUB – 28.03.2009

Thanks to Sally and Paul for inviting me to their show. Sally I hope your leg is now fully operational! I had a most enjoyable day with Sandie Holloway as my steward, always a pleasure to be with for myself and the cats. Thanks Sandie. I judged several classes I wasn't scheduled to and hope the exhibitors in these were not disappointed.

### BSH AC GR PR NEUTER MALE

**IGPC to MORRISS' GR PR VINDELIS IN THE SPOTLIGHT – 18.08.06. Brown spotted.** Broad top of head which is somewhat flat between the medium sized well set ears. Nicely rounded forehead. Huge round eyes of clear orange. Rounded cheeks, broad nose and a firm muzzle and chin. Level bite. Broad chest to a well grown body which is still a little tall on his legs. Neat rounded feet. Balanced length tail with rounded tip. Short coat which is dense and has a nice firm texture. Rich coppery brown ground colour with well broken dense black spotting. Tail shows several complete rings.

### BSH AC GR PR NEUTER FEMALE

**IGCC to CHANDLER'S GR PR KOLINGA BLUEBELLA – 04.06.07. Blue cream.** Nicely balanced round head to this girl who shows good maturity for her age. Very broad rounded top of head with neat ears spaced well apart. Broad rounded brow and the cheeks are full. Big round orange eyes. Short broad nose and a strong full muzzle with a deep chin. Level bite. Broad chest to a solid deep body which stands low on thick short legs. Neat rounded paws. Very thick tail with a rounded tip. Very dense, short coat which is a little soft in texture. Pale blue and cream which are reasonably well mingled and sound to the roots.

**RIGPC to MARTIN'S GR CH & GR PR WELLMAR KALEIDOSCOPE – 29.06.96. Black tortie and white.** Lovely round head to this girl who looks remarkably good for her age. Good width to the rounded top of head. Broad across the brow and full cheeks. Deep set round eyes of pale orange. Good nose break. Short broad nose and a firm rounded muzzle. Level bite, good chin. Cobby deep body standing low on her short well boned legs. Correct length to the tail but it is rather thin. The coat is a little long but has a crisp texture and reasonable density. Good ratio of white. Very striking dense black and deep red patches which are sound. The red shows some faint markings. Lovely symmetrical white blaze to the face, white chest and tummy and white legs..

### BSH TIPPED ADULT MALE

1. **CC & BOB. DOBSON'S ADVISH MY JAMESY – 15.04.06. Cream tipped.** A large well grown lad. Broad rounded top of head. Good width between the

neat well set ears. Nicely rounded forehead and the cheeks are well filled. Round eyes of pale orange. Broad short nose and a full rounded muzzle. Level bite, chin a little weak. Clear pencilling around the eyes and brick nose leather. Deep solid body with a broad chest and it is of a good weight. Short sturdy well boned legs with firm rounded feet. Thick tail of correct length with rounded tip. Very dense coat which is short and crisp in texture. Pale cream tipping evenly distributed apart from a line down the centre of his tail.

#### **BSH TIPPED ADULT FEMALE**

1. **CC withheld. DOBSON'S BYLAKE MISS MARY – 28.04.08. Black tortie tipped.** Small ears with good width between on rounded top of head. Rounded brow and the cheeks are well developed. Round eyes which are well outlined but they are green with a yellow rim (in this colour tipped the eyes should be orange). Short broad nose with a brick leather well outlined. Firm rounded muzzle, level bite. Broad chest to a small compact body with depth developing. Good bone to the legs which end in firm, rounded paws. Thick tail of balanced length. Lovely dense coat of a crisp texture, just a little long. Heavy tipping which shows tabby markings on the head, spots on the body and rings on her chest. The tail is heavily ringed also. The only evidence of tortie I could find was in the chest rings.

#### **BSH CHOCOLATE ADULT INTERMEDIATE**

1. **IC & BOB. CHANCE'S CHARMODEN SIMPLYMADDY – 15.05.08. Female.** Small round head with medium sized ears set well apart. Nicely rounded forehead. The cheeks as yet show very little development. Round eyes of clear orange. Broad nose but the muzzle needs to strengthen. Level bite. Well grown body with depth developing. The legs could be sturdier. Thick tail with rounded tip. Short dense coat of a slightly soft texture. A very dark shade of chocolate which is virtually sound to the roots. Faint tabby pattern visible on the sides of her body. A young girl who needs more time.

#### **SELKIRK REX ADULT INTERMEDIATE MALE**

1. **1 & IC. PALMER'S CURLY DAGLO VAN BRIFETY – 18.02.08. Lilac longhaired.** Broad top of head with medium sized ears wide at the base. Nicely rounded forehead and good width across the cheeks. Large round eyes set well apart. Broad short nose with a good break. Firm muzzle although it could be more rectangular in appearance, level bite. Good chin. Broad solid body of a good depth, thick well boned legs with rounded paws. Balanced length tail which is thicker at the base. Very dense coat of a soft plushy texture standing away from the body well. Plenty of random curls all over.

## **SELKIRK REX ADULT INTERMEDIATE FEMALE**

**1. IC & BOB. SUTTON'S CURLICIOUS BLOSSOM – 07.05.08. Chocolate tortie colourpointed longhaired.** Nicely rounded top of head with well spaced ears which are just a little small. Broad across the rounded brow and good width to the cheeks. Small round eyes of deep blue. Short broad nose with a gentle break. Firm rectangular muzzle with well padded whisker pads. Strong chin, level bite. Small body but it is all in proportion and has a good solid feel to it. Short thick legs with neat rounded feet. Thick tail well plumed. Lovely coat which is very curly and has a soft velvety feel to it. Good ruff framing the face.

## **BSH WHITE (ORANGE EYED) KITTEN**

**1 & BOB. BROWN'S LYNBRO KRYSTAL – 22.10.08. Female.** Ears a little large and open at the base but set well into the contour of the head. Gently rounded brow and the cheeks are starting to fill out. Small round eyes with colour still to settle. Broad nose, muzzle needs to strengthen, level bite and a firm chin. Compact body of a good size for her age with a solid feel to it. Good bone to the legs and the tail is correct length with a rounded tip. Lovely short dense coat of a firm texture. Clean white, nicely presented.

## **BSH BLUE CREAM NEUTER**

**Not entered in the class – BOB to CHANDLER'S GR PR KOLINGA BLUEBELLA.** A very nice girl of excellent British type. Good coat length and texture and a nice pale blue and cream which are well mingled. I understand she went on to be Best British – congratulations.

## **BSH AC SENIOR ADULT**

- 1. MARTIN'S CH ADSETSH BLUE SAFFIRE – 09.09.06. Blue female.**
- 2. DOBSON'S ADVISH MY JAMESY**
