

THE CAMBRIDGE CAT CLUB SHOW, March 2009, Mrs Jan Molin

I would like to thank Sally and team for inviting me to judge.

Thank you also to my attentive steward, Miss Maruszewska for her help and cheerful company.

Brown Burmese Adult

1 ccwh RAE'S CH RAEBURASI MOPANI dob 18.12.07

Well balanced young queen with typical Burmese expression. Elegant, muscular, hard body, rounded chest, correct limbs, good shape and length to tail with paintbrush tip, that unfortunately has a fixed deviation. Head has short blunt wedge with good breadth and rounding to top, well shaped & set medium ears. Good width to cheeks, blunt muzzle. Profile shows a good browline, a defined nosebreak, nose rolls a fraction, good depth to chin that sits back a little. Lustrous, expressive, well shaped, golden yellow eyes. Fairly short, glossy, close-lying, even, warm seal brown coat. Apart from the tail, caused by an injury maybe, I did like her. Very alert, she was a real wrigglebottom today.

BOB SNEESBY'S GR CH KATOME BETHANY BROWN dob 23.01.04

Mature girl with well proportioned, muscular, heavy body, rounded chest, correct limbs and tail with paintbrush tip.

Good breadth and rounding to top of head with well placed and shaped largish ears. Good blunt end to muzzle. Profile shows a flatish brow, a good nosebreak, good depth to chin that sits back a bit. Expressive, lustrous, well shaped yellow eyes. Good texture and condition to short, close-lying, darkish seal brown coat with sheen. Relaxed and sweet natured.
