For Office Use

Extract of GCCF Rules giving INSTRUCTIONS FOR APPLYING FOR REGISTRATION OF CATS & KITTENS

Applicants are required to comply with the **full Rules**, copies of which are available from the GCCF Office for a small fee. This extract is provided to assist in completion of the form only.

Please read these directions carefully before filling in the form overleaf

The numbered notes refer to ringed numbers on the form overleaf

1. **OWNER** - Please state the title of the owner(s) as this is an important part of the registration record. For prefix registrations this must be the prefix holder.
Only cats resident in the United Kingdom, the Channel Islands and the Isle of Man will be registered, with the exception that all cats owned by residents of Eire, registered with the GCCF of Ireland and with a 3-generation certified pedigree will be eligible for registration by the GCCF of Great Britain on receipt of the appropriate form.
2. **BREEDER** - The breeder is the registered owner of the dam at the date of birth of the kittens. If the breeder is also the owner, there is no need to complete the address box twice.
3. **REGISTERED PREFIX** (see also Note 6)
Fill in this box **only** if you own a registered prefix purchased from the GCCF and are **also** the breeder of the kittens you wish to register (see Note 2 above).
Use of the prefix is valid **only** if the registered ownership of the dam is **exactly the same** as the registered ownership of the prefix at the time of the kitten's birth and the litter is being registered by the prefix holder.
4. **DATE OF BIRTH/AGE LIMITS** - Applications will not normally be accepted for kittens under the age of one calendar month or for cats over the age of two years. Applications must be made to the Executive Committee who may give permission to register cats over the age limit (fees for over two year old cats are double the normal fee).
5. **LITTER DECLARATION** - This is to be completed **only if the breeder is registering**. When the first kitten of any litter is registered by the breeder but the breeder does not wish to register all of the litter, the remaining kittens must be declared and the following information given:
 - the number of kittens alive at the time in the litter
 - the breed and apparent colour of each kitten
 - the sex of each kitten
 Declaration is **NOT** registration and does not prevent kittens being registered by their new owners at a later stage.
6. **NAMES** - Registrations are described as 'Prefix' (meaning GCCF **registered** Prefix) or 'Non-Prefix' registrations. A prefix is a word put before the name given to a cat by its breeder or owner.
A GCCF registered prefix may be purchased by a breeder from the GCCF and gives that breeder the exclusive use of that prefix for any cats bred and registered with the GCCF by the said breeder. This is a prefix registration.
A GCCF administrative prefix is automatically provided by the GCCF at the time of registration; it normally changes on 1st January each year and is not exclusive to any one person. This is a Non-Prefix registration.
For **NON-PREFIX APPLICATIONS** (this applies to you if you are the owner but not the breeder or if you do not own a GCCF registered prefix)
 - (a) The GCCF will provide an administrative prefix that does not exceed 8 letters
 - (b) The name, **without** the administrative prefix, may contain no more than a maximum of 18 characters including spaces, hyphens or apostrophes.
 For **PREFIX APPLICATIONS** (this applies to you if you are the breeder and also own a GCCF registered Prefix)
The complete name of the cat, **including the registered prefix**, may contain:
 - (c) a maximum of 26 characters including spaces, hyphens or apostrophes.
 For **ALL APPLICATIONS**
 - (d) The following will not be accepted as a name or part of a name:
 - Numbers in figures (Felix 111 or William IV)
 - GCCF Show titles (Supreme, Champion, Premier, International, Imperial etc)
 - Cedillas, accents etc.

- Repetition of words previously registered by the same person or under the same prefix except recognised appropriate breed colour/pattern/coat description words in English, the definite and indefinite articles (the, a, an) or recognised human titles (Mr, Mister, Mrs, Miss, King, Queen, Prince, Princess, Lord, Lady, Sir, Dame.)
- No cat once registered may have its name changed, **including spelling errors by applicant**, except at the discretion of the Executive Committee, whose decision is final.
- The applicant is responsible for any legal action arising from the registration of a name.
7. **BREED NUMBER AND COLOUR** – If you do not know the breed number, describe the colour as fully as possible when filling in the next box under Colour and Description.
 8. **ACTIVE and NON-ACTIVE REGISTERS and DECLARATION ONLY**
Active Register – kittens may be registered from these cats.
Note: All males registered on the **Active Register MUST** have a **CERTIFICATE OF ENTIRETY** lodged with the GCCF **BEFORE** any kittens can be registered to him.
Non-Active Register: The GCCF will not register the kittens of cats registered on the non-active register. The **breeder or the first registered owner** only may apply to transfer a cat from the non-active register to the active register. If necessary this register should be used to prevent kittens, sold as pets, being used for breeding against the advice of the breeder.
Declaration only: Forms are NOT accepted for declared kittens only. Also see Note 5 above.
 9. **ALREADY DECLARED** – Tick if you **know** a cat/kitten has been declared.
 10. **DECLARATION** - This declaration must be signed by the owner (1) or both owners (1) & (2) if jointly owned. If an owner is under 18 years of age the applicant's date of birth must be given and the declaration must also be signed by a parent or guardian.
 11. **Paying by Card** – **The APPLICANT MUST CONTACT THE OFFICE** with their card details **3 to 5** working **days** after posting the application. Failure to do so may result in the form being returned as unpaid. A small fee, currently 50p, is payable to cover charges to the GCCF.
 12. **The effective date of the application shall be when full payment is received.**
 13. **MATING CERTIFICATES: (effective for kittens born on or after 1st June 2002)** When a litter is registered, the application to register must be accompanied by a copy of the Certificate of Mating unless the person registering the kitten(s) is also the registered owner of the sire. The owner of the stud cat must provide the Certificate of Mating to the dam's owner upon collection of the dam.
A certificate of mating must state the registered name, breed name/breed description and registration number of the sire together with the registered name, breed name/breed description and registration number of the dam and the dates of mating, and must be signed by the registered owner of the sire.
If a kitten is sold unregistered, in addition to the pedigree the seller shall supply a copy of the Certificate of Mating whether or not the seller is the registered owner of the sire. Any application to register the kitten at a later date must be accompanied by this certificate.
 14. **SHOWS:** Pedigree cats that are entered for GCCF shows **must** be registered. The registration application must be **received** by the GCCF office at least 21 days prior to the show. If the cat is to be exhibited in the name of the new owner, application for transfer of ownership must be **received** by the GCCF at least 21 days prior to the show. Non-receipt of application may result in disqualification.
Cats registered on the Reference Register may not be shown.
Cats registered with the GCCF and resident in the UK may not be shown at cat shows not licensed by the GCCF, except after prior notification to the GCCF Office.
 15. **GENERAL:** Your registration certificate will include a partially completed transfer application form for your use if required, that also gives information on the sale of kittens.
Registration and Transfer applications may be made at the same time. If an acknowledgement is required, please enclose a stamped addressed postcard.
