

GCCF REGISTRATION POLICY FOR NORWEGIAN FOREST CATS

Agreed/effective October 1994

FULL REGISTER

Norwegian Forest Cats with Full or Provisional recognition which have in their pedigrees within six generations only Norwegian Forest Cats.

SUPPLEMENTARY REGISTER

Norwegian Forest Cats with Full or Provisional recognition which have in their pedigrees only Norwegian Forest Cats for three generations

EXPERIMENTAL REGISTER

Norwegian Forest Cats with Preliminary recognition which have in their pedigrees within three generations only Norwegian Forest Cats.

REFERENCE REGISTER

Norwegian Forest Cats which have in their background unregistered cats within two generations. These cats will only be recognised as Norwegian Forest Cats if they are imported into the United Kingdom with a certified pedigree from the country of origin.

No other cats may be registered as Norwegian Forest Cats.

No outcrosses are allowed and there are no variants.

For further information please contact the Secretary of the Norwegian Forest Cat Breed Advisory Committee.
