

GCCF REGISTRATION POLICY FOR PERSIAN SMOKE CATS

Agreed/effective June 2001

Colour / Tipping of Persian to be registered	Approved colours / tipping for Full Register	Approved colours / tipping for Supplementary Register	Outcrosses to be placed on Reference Register
Smoke Series 6, 6a-j	6, 6a-j, 1, 3, 4, 5, 11, 11b, 11c, 13, 50b, 50c	Any series 6 x Any colour series 51 Any series 6 x 2a Orange-eyed White (2a) cats can only be used when the pedigree contains only cats listed in the Supplementary and/ or Full Register	Any series 52 and 53

When a cat from the Supplementary Register is crossed with one from the Full Register and three subsequent generations also crossed with cats from the full Register offspring can then be transferred to the Full Register.

When a cat from the Reference Register is crossed with one from the Full Register and three subsequent generations also crossed with cats from the Full Register, they can then be transferred to the Supplementary Register.

Pedigrees should not include any breed other than Persian, and should not include the following Persian cats:
White breed numbers 2 and 2b, any Colourpoint, Tabby, Bicolour, Tortie & White (dominant or dilute),
Chinchilla, Shaded Silver or Golden

For further information please contact the Secretary of the Persian Tipped Breed Advisory Committee.
