

## AMENDED STANDARD OF POINTS FOR ALL COLOURS OF TABBY POINT SIAMESE & FOR THE LILAC TORTIE POINT SIAMESE

### TABBY POINT (32)

**Eyes:** Brilliant intense blue, the deeper the better.

**Points:** The mask, legs and tail should all show clear tabby markings which should be the same colour on all points, although leg markings may be slightly paler in tone. Paler markings are acceptable in kittens. In Tortie Tabby Points the distribution and degree of patching is immaterial

**Mask:** Clearly defined stripes, especially around the eyes and nose, with a clearly defined "M" marking on the forehead, distinct stripes ("ribbons") on the cheeks and darkly spotted whisker pads. The stripes should not extend over the top of the head to form a "hood".

**Ears:** The edges of the ears should be the same colour as the markings on the mask with a central patch of paler colour resembling a thumb print. These thumb prints may be less apparent in dilute colours. In Tortie Tabby Points the ears may be mottled.

**Legs:** Clearly defined varied sized broken stripes. Solid markings on back of hind legs. The leg markings may be slightly paler in tone than the other points, especially in Red, Cream and Apricot Tabby Points.

**Tail:** Many varied sized, clearly defined rings which should be evident on the top of the tail as well as underneath it and should extend for the entire length of the tail. There should be a solid tip of the pattern colour except in Red, Cream and Apricot Tabby Points where the tip may be pale, and in Tortie Tabby Points where it may show tortie markings.

**Body:** Pale, showing clear contrast with the points as in the equivalent solid-pointed Siamese. Any shading on the body will show the underlying tabby pattern which may be ticked, spotted, mackerel or classic. A Tabby Point should be penalised for shading no more nor less severely than the equivalent solid-pointed Siamese. Any shading should tone with the points. In Tortie Tabby Points both tabby shading and tortie patching, if any, should tone with the points.

### WITHHOLD CERTIFICATES OR FIRST PRIZES IN KITTEN OPEN CLASSES FOR:

1. Pale and/or dull eye colour.
2. Lack of clear tabby markings on mask in adults.
3. Lack of clear rings on at least half of tail in adults.
4. Points not matching in colour.
5. General Siamese withholding faults.
