

SHORTHAIRED CAT SOCIETY SHOW 2015
MRS S AMOR

Thank you to Jean, Lynda and their team for inviting me to judge at this friendly, well organised but very busy show. I had some absolutely super cats to judge that were a credit to their exhibitors. Thank you to Janet Williams for stewarding for me once again in such an efficient manner. She handles the cats so well and keeps me on the straight and narrow.

CLASS 1208 SNOW SPOTTED BENGAL KITTEN

1st BOB Goodger's SOOSTEE ADAGIO FOR STRINGS BEN n 24 33 MN 06.08.14 Lovely blue eyed snow spotted Bengal male. Head a well balanced broad medium wedge with a large and broad nose and slightly puffed nose leather. Good clear face markings. Profile showed gentle curves, slightly sloping chin and level bite. Ears medium in size, broad at base with good width between. Blue eyes slightly rounded, large in size, correctly set. Long muscular body developing substance nicely. Short, dense pelt like coat with charcoal spots on a cream background, all well defined and with many rosettes. The contrast between the ground colour and spots was very good. Nicely spotted belly. Super young man.

CLASS 1416 AV FOREIGN LIMIT ADULT

1st Threapleton's AALSPOTZ BOUNTY HUNTER OCI bs 24 M 04.07.14 Super chocolate silver Ocicat boy with that lovely wild look. Modified wedge, longer than wide with slight curve from muzzle to cheek. Profile shows gentle rise from bridge of nose to brow, slight dip at eye line, then straight line to tip. Well defined muzzle and moderate whisker pinch. Moderately large ears, very wide at base but set well apart. Large, almond shaped, copper coloured eyes set angled slightly upwards to the outer ear. Large, solid body with good muscle tone. Deep, broad chest and straight back. Medium length, proportionately strong legs and oval compact paws. Fairly long tail to balance body, broad at base and slightly tapering to tip. Excellent coat, short, satiny texture, close lying and with a sheen to it. A super example of the breed with a lovely temperament.

CLASS 1435

1st Wilshaw's IMP GR CH WILLIAM THE SWEETIE CHARLESBUR BUR c M 23.12.12 A very composed young lilac Burmese male, with the most wonderful come to bed eyes. A lovely rounded top of head between medium ears, broad at the base and set well apart. The head formed a short wedge with wide cheekbones, tapering to a blunt finish at the muzzle. Slightly rounded brow. He has a distinct nose break, a nice strait nose leading to a firm chin. Large lustrous golden yellow eyes with the top line slanting towards the nose and the bottom line gently rounded. Super muscular body with a strong rounded chest. Slender legs in proportion to the body. I just loved the feel of his short fine coat which had a satin like texture. The coat colour was very clear and a very pale, delicate dove grey with a slight pinkish cast. An absolute charmer!

2nd Marshall's GR CH MILLGILL GENTLE GRACE BUR c 02.04.12 A very pretty lilac Burmese female. Head forms a short wedge, wide at the cheek bones and tapering to a blunt finish at the muzzle. The whisker pads were very slightly puffed. Top of head is slightly rounded between the ears, which are set well apart. Good depth from top of the head and the brow slightly rounded. A distinct nose break is followed by a straight nose and good depth of chin. Medium ears, broad at the base, rounded at the tip and having a slight forward tilt. Large, lustrous eyes set well apart and a yellowy green colour. Super muscular body, heavier than it looks. Slender legs in proportion to the body and paws neat and oval in shape. Straight medium thick tail tapering to a rounded tip and good length to balance body. Short close lying coat with a lovely texture. A very sweet nature to this lovely girl.

CLASS 1633 AC BENGAL ADULT, KITTEN or NEUTER Very hard to choose between these two cats.

1st Robinson's GR PR CHEYSULI SUNSET KISS BEN n 24 MN 23.05.12 Lovely brown spotted Bengal male. Head a broad medium wedge with rounded contours, slightly longer than it's wide with high

SHORTHAired CAT SOCIETY SHOW 2015

MRS S AMOR

cheek bones. Slightly small head in proportion to the body. Gentle curve to the profile and a large broad nose with puffed nose leather. Medium well set ears and almost round large eyes. The body was firm and showed good muscle tone. Strong legs ending in rounded paws and well shaped tail tapering slightly to tip. Short coat, very dense, luxurious and soft to the touch. Excellent spotting and overall pattern and lots of glitter.

2nd Goodger's SOOSTEE GAUDETTE BEN n 22 33 F 06.08.14 Super blue eyed snow marble Bengal. Head a broad medium wedge with rounded contours, slightly longer than it's wide. Profile has a gentle curve from the forehead to the bridge of the nose. Large broad nose with puffed nose leather and pronounced whisker pads. Medium ears, short with a wide base and rounded tips. Almost round blue eyes, large but not bold. Long sleek and muscular body with hindquarters slightly higher than shoulders. Strong muscular legs of medium length. Tail of medium length, thick and even with a rounded tip. Super dense coat very soft to the touch. Excellent marbling pattern evident on the cream base coat.
