

THE NATIONAL CAT CLUB SHOW

12TH DECEMBER 2015

JUDGE REPORTS – MRS JOAN POUNDS

Thank you Carol & Ron for inviting me to judge at the National Cat Club Show. I had some lovely cats to judge and my grateful thanks go to Heather Roper for her good company and professional handling of the cats. Thank you also for the delicious lunch.

Class 892 AC Siamese/Balinese Novice Adult

- 1. Budden's Buddys be-Bop-A-Lula** SIA f 21 F
- 2. Martin's Abicasa Allegra** SIA n F

Class 904 AC Siamese/Balinese Kitten- not bred by exhibitor

- 1. Bunyan's Laziza De Lahoya** SIA n M
- 2. Burrows' Mapu Kaypez Comeback** SIA c F

Class 905 AC Siamese/Balinese Novice Kitten

- 1. Alefounder's Sisar La Primavera** SIA b F

Chocolate point kitten of lovely type and style. She has a longer wedge with large, well set ears which have just enough width between them. She has a good profile with just a gentle rise between the eyes and a firm chin, level bite, pinch and dark blue eyes of correct oriental set and shape. Long, firm and slender body with dainty legs and a long whip tail which has a tiny "something" about an inch from the tip. The dark chocolate points are lighter on the legs than on the mask and tail and she has a clear unshaded ivory coat which is short and fine textured.

- 2. Pummell's Sisar Fanndango** SIA n F

Another lovely kitten of very good style and type - litter sister to the winner. She has a medium wedge with large, well set ears which have good width between. The profile is quite uneven at present and she has a firm chin, marginally scissored bite and dark blue eyes of oriental set and shape. Long, lithe body of good weight with

slender legs and a long whip tail with a tiny "something" about an inch from the tip. The dark seal points contrast well with the clear cream coat, which is short and close lying with a lovely feel to it.

Class 910 AC Siamese/Balinese Visitors Kitten

1. Hutchings' Whalleybush Stargazer SIA a 21 M

2. Bunyan's Laziza De Lahoya SIA n M

3. Chandler's Flaming Heart Alien Invasion OSH f 03 33 FN

Very attractive seal tortie pointed bicolor kitten of very good type and style. She has a well balanced head with large, well set ears which have good width between them. Straight profile with a strong chin, level bite and slightly full brilliant blue eyes. Very elegant long and slender body with long legs and a long whip tail. She has seal tortie ears and tail with some additional red on her face and large patches of very pale red on her body. There is some dark seal on her ears together with her lip and she has dark seal around one eye. On the face there is a white blaze and chin and then a broad swathe of white going down her chest and under her belly. One front leg has a little white whilst the other has a lot. Both back legs are white to the hock. In my opinion she has at least 50% white. Superb coat that is short, fine and close lying. Delightful temperament.

Very strong class of kittens.

Class 916 AC Siamese Neuter – not bred by exhibitor

1. Emmens' IGRPR Spicesiam Coolhand Luke SIA d MN

Very handsome, strong looking red boy of excellent type and style. He has a longer wedge with large, well set ears and a broad top line. The profile is straight apart from a rise between the eyes and he has a firm chin, acceptable bite and brilliant blue eyes of correct set and shape. He has a long and well fed body with a long tail to balance. Lovely bright red points contrast well with his moderately shaded white body. Coat is a little long but has a nice feel to it. Outstanding temperament.

2. Hutchings' GRPR Mafdet Manifesto SIA n 21 MN

3. Merry's Doolally Anubis SIA m MN
