

Midland and Shorthair Joint Shows

Thanks must go to Jean and Lynda for the invitations and the show team for the friendliness and the warm welcome, for such a large show it always runs like clockwork. I was lucky to have the stewarding skills of Heather Roper, Heather handles the cats with care and skill and is super company I hope we can repeat again soon Many thanks Heather.

Midland Counties:

Siamese Male Imperial Grand Premier

IMP to Clayden's Gr Pr Mafdet Master Titian Sia M MN

I must confess to deliberating over the award but I feel that this cat is a super example of the breed and overall he has many qualities and they far outweighed the minor niggles. Medium wedge with large Well set ears set a good distance apart. Gorgeous eyes for colour just a shade full for my taste but super expression. Long neck with good firm body and elegant limbs, firm muscular heavy body with long whip to balance. His coat was immaculate and gleaming truly the picture of health and so close lying, some shading in tone with the points colour. Points colour a murky caramel (blue based) well matched and showing good brown cast and the general impression was very good colourwise. Not the most masculine of chaps and I did want there to be a more masculine appearance but I felt that he has super points and was worthy of the award. This chap had the sweetest temperament and so laid back and was a joy to handle

Imp Gr Pr Female

Imp W/H : Lodwig's Gr CH and Gr Pr Abicasa Nella Fantasia Sia M FN

Stylish lady of super type who was not looking her best today. Longer wedge set with large well-spaced ears good profile that was strong and noble, she has lovely look to her but her eyes today were sore and pink rimmed and she was reticent open them fully. She has a long muscular body with long limbs and whip tail to balance her. Her coat was a shade long and dry to the touch. It was slightly shaded but in tone with her dark blue based caramel points which are well matched and showed good dark purplish brown hues. Such a gentle lady who I look forward to seeing when she is on top form.

Tabby Point Female Adult

1st CC Hart's Khancoban Butter fly Sia c 21 F

Very pretty colouring to this lady not often we see this colour these days. Medium wedge with large ears that ideally need more width between. Attractive eyes of a super colour and expression just a

shade full out of the pen. Almost straight profile with good chin and even bite. Long elegant neck with firm muscular body and long elegant limbs. Super coat for colour and texture if a shade long along her spine. Attractive pinky lilac tabby points well marked and traced and very pretty. Attractive lady with the most delightful temperament and presented in super condition.

Caramel Point Adult

BOB awarded to Bennet and Wards : Gr Ch Mafdet Malala Sia m F

Lovely Lady who I have judged and admired in the past that is so balanced and together and is in lovely condition apart from an Inject site scar between her shoulder blades which looked healed but was still a bare patch between her shoulder blades nonetheless she is in otherwise sparkling condition. Gorgeous look with a sultry expression that belies her sweet temperament. Medium wedge with large well set ears set well on head with plenty of room between. Lovely feminine muscular body with lovely tone and feel long elegant limbs and super whip tail to balance. Attractive lilac based caramel points super close coat of super texture and free from shading. Super lady who continues to impress.

Balinese Female Adult

BOB : Lloyd's Gr Ch Ridestar Loreal Lloyd Bal g 21 F

Robust lady of very good overall type and style and presented in super condition. Longer wedge with large well set ears set well on her head attractive eyes of super shape and set and a good colour. Long large muscular body with long limbs and long tail to balance coat of good length along her body with good neck fringing and plume well developed. Nice tufts to her paws. Attractive Blue tortie tabby points well marked and matched. Attractive coat for texture and showing some tonal shading. Attractive lady in lovely condition.

Tortie Point Siamese Kitten

1st BOB Keoghans Alderstar Babybel

Gorgeous young miss of super type and style. Medium wedge with super large well set ears set well on her head, strong profile with good chin and even bite. Oriental eyes of a mid blue that I would ideally like to be a smidge deeper in tone. Warm pinky fawn tortie points well matched and showing mingling all in a rosy mushroom with varying shades of creams evident. Super expression. Long strong well-muscled feminine body with dainty limbs and whip tail to balance. Super coat for texture and length, clear from shading. Super temperament presented in sparkling condition. I had the pleasure of awarding her Best Siamese Exhibit I feel that she shows super promise and well deserved the award.

SH Non Ped Ginger Tortoiseshell or Tortie Tabby Cat with or without White

BOC : Creaton and Walkers OGIGMC RainbowDreamcatcher : What can I say about this lady other than she is wonderful – completely owns the attention and adoration and allowed me to cuddle her for a long time while she gazed around and took in all what was going on . She has the most enigmatic expression and is beautifully prepared. Her tortie patched coat shone and her white was pristine and positively glowed. For me she is all the Non Pedigree section is all about a well loved

and cared for pet who adores the attention. I must admit to being won over a few years back and she has certainly never lost any of her presence despite her senior years – I hope I look as good as she does. Thank you to her owners for allowing me to handle her.

SH Pedigree Pet Tortoiseshell or Tortie Tabby with or without white

BOC : Bromley's IGMC Echo : What a pretty lady , such a feminine and soft expression she has. Beautifully prepared coat that was like astrakhan all crinkled and very well mingled in pale blues and powdery creams such a pleasing combination. She has the most endearing personality very gentle and sweet and also quite nose-y and took much interest in proceedings. Lovely eyes for colour and such a wistful look. Lovely young miss who was presented in superb condition and was a treat to handle thank you

Also Considered : IGM Hells Bells : Another lovely and very pretty lady this time in Blue tortie smoke again very pretty. Well prepared coat super texture and like peach fuzz. Lovely eyes for expression and colour and again an all knowing expression, such a sweet temperament and very gentle she came out to cuddle us and was very calm and relaxed and had clearly got to grips with the showing malarkey. Very keen to recline in her bed so we snuggled her back up and looked at her from her bed/throne. I bet she is a joy to won and has a great personality. Very difficult as these two cats were so different and each had very lovely personalities. Thank you

Shorthair Cat Society

Gr CH Male Adult

Gr CC : Sidnells Ch Tenaj Seeking Magic Sia m 21 M

Initially very shy young man who has very nice type and very gentle demeanour and very gentle expression. Medium wedge with large ears set well on his head – lovely eyes for expression /shape and setting in a good blue, strong profile with good chin and bite. Long elegant body with long limbs and good length tail to balance. He isn't the largest of boys but only young yet and hopefully will bulk up some more. Attractive Blue based caramel points all well traced and marked with clear M and leg bars 1.5 cheek ribbons and lovely tail rings. Attractive boy well presented in super condition.

Gr Ch Female Adult

Gr CC :Bennet and Ward's Ch Laziza Evita Sia f F Attractive young lady who was fidgety when I came to judge her, Head wise she is pleasing when viewed from the front and she has beautiful eyes for colour and expression true navy blue. Lovely depth to head with strong profile and ok chin . Ears are large and well set and have good width between. Excellent body with dainty limbs and whip tail to balance . Dark seal tortie points with flashes of reds visible ideally would like more. Her coat is a super texture if a shade long but overall quite heavily shaded although there is just contrast visible. I did ponder over the award but overall I felt that she merited the cert on the day.

RGCC : Hirsts Ch Toghar Tickled Pink Sia p

This young lady has got a superb coat for texture and is totally clear and free from shading she also has super points colour and well matched. Medium wedge with slightly blunt muzzle and ok profile

with slightly flat brow line, ideally she could have more depth to skull. Oriental eyes of a mid blue with good expression. Attractive miss with a lovely long lithe body with super feminine limbs and whip tail to balance.

SH Tabby (Ex Ginger) No Ped cat with or without white.

BOC IGMC Boris Agrippa : Huge Chap presented in sparkling condition and wearing his best outfit today . Very smart and super tabby coat with white marking, he had a lovely flash on his face and persil white toes too. Such a gentle boy so sweet and very happy parading around in his pen. He was a complete pleasure to handle and for a large cat such as himself he was very gentle and a complete time waster. Thoroughly deserving the BOC well done

LH or SLH Self Pedigree Pet Cat with or without white.

MC & BOC Hart's : Winter Star : Superb presentation to this young chap who was pure Persil white and presented in wonderful condition lovely coat for texture and very well groomed. Lovely expression and very attractive pale sea green eye colour and super contrast against his coat. Lovely long strong body with thick legs and large tufted paws. Attractive lad with a very gentle temperament and presented beautifully not an easy task in an all-white coat
