

## **SHORTHAIRED CAT SOCIETY – 12<sup>TH</sup> APRIL, 2015**

MRS. PAT PERKINS

Congratulations to Lynda and team for pulling together the combined shows, it was a lot of hard work but a job well done, my thanks for the invitation. Special thanks to Pat Parrish for all her help and good company.

### **BROWN MARBLED BENGAL NEUTER**

1<sup>ST</sup>. PC & BOB WAGSTAFFS SEREGON SEVEREIANO SANDIARGO – BEN n 22 (24.3.11) Mature well developed boy, broad wedge shaped head, his ears wide based, perhaps a touch pricked, nearly round greenish eyes, broad nose with a slight concave curve, strong chin, good whisker pads. Long body quite muscular, medium legs strong with large rounded paws. Lovely coat showing good clear markings on a warm golden rufus ground. Scarab to head, eye lines, spectacles round eyes, streaks and lines over shoulders and sides, spotted tummy, spots and rings to legs, strong necklace. Tail ringed and spotted with a dark tip, in balance to body, slightly tapered – nice lad to handle.

### **BROWN SPOTTED BENGAL ADULT – MALE**

1<sup>ST</sup>. & CC JONES LEOPRDSVIEW LONE RANGER – BEN n 24 ( 18.7.13) Attractive gentle boy, muscular body with strong legs and rounded paws. Nice wedge shape to head, his ears wide based and rounded at tips. Large oval eyes, broad nose with a slightly puffed leather, slight curve, strong chin. Well marked coat, distinct scarab to head, spectacles round his eyes, necklace, lots of rosettes and spotting to body, legs rings, tail showing clear rings, dark tip, balancing to body, the ground coat a warm rufus gold.

2<sup>nd</sup>. HIBBS SUNSTORM SOLAR ECLIPSE OF CHRISTJAY – BEN n 24 (27.2.14) Rather shy boy, at only 13 months he is a little adolescent but has the body length, strong limbs and large paws. His head broadening nicely, ears wide based just a touch high, broad nose with a slight concave curve, firm chin, eyes oval a light hazel. Dense coat showing good markings on a warm fawn ground. He has a scarab to head, whisker spots, spectacles round eyes, back lines broken, rosette to sides of body, tail slightly tapered long and well ringed with a dark tip – promising youngster.

3<sup>rd</sup>. EYRE-BROOKS WOTHORPE GENIUS – BEN n 24 ( 12.6.14) only 10 months, the youngest of the class, but showing strength of bone, muscular legs and large paws, well padded tummy. His head a nice wedge shape, broad nose with slight curve, firm chin, ears wide based rounded at tip, held a little high at present, obliquely set almost round eyes of a greenish hazel. Coat showing distinct markings, clear scarab to head, spectacles round eyes, body well rosetted, legs ringed and spotted, his tail long but in balance, white on chin and neck, ground colour a warm rufus gold as was his spotted tummy – gentle boy.

### **FEMALE**

BOB HADEN CH. CHRISTJAY PERRIER-ROSE – BEN n 24 ( 22.4.14) Attractive lady, balanced sleek body, strong legs and paws. Broad wedge shape to head, ears medium and wide based, rounded at tip, oval large eyes of a warm hazel, firm chin, broad nose with a deep pink leather. Lovely well marked coat, the ground colour a warm rufus, spotted tummy, scarab to head, spectacles around her eyes, slightly puffed spotted whisker pads, chin strap, body showing lots of rosettes and spotting, legs ringed and spotted, her slightly tapered tail in balanced to body, dark at tip – Nice lady to handle.
