Huge congratulations to Lynda and Jean for once again combining 9 clubs into one enjoyable show. My apologies to the exhibitors for my late finish but I did have a lot of lovely cats as well as several BOV's and I wanted to enjoy my time with them. I was steered through the day by Sue Danks who not only was great company but a very efficient steward who handled the cats with care. Looking forward to our next time Sue!!

Imp Gr Ch WILLIAM THE SWEETIE CHARLESBUR (BUR c) 23/12/12

I do like this boy very much but today his coat was a little open and I felt he had lost some weight across his haunches, looking very much a working boy. He is of super type He has a well muscled body with a rounded chest and nice straight back and stands tall on elegant slender limbs that finish in neat spoon shaped paws, good tail for shape and thickness tapers to a paintbrush tip and balances. His head is text book Burmese with its slightly rounded dome and good width between his small ears well set ears that are wide at the base with gently rounded tips, set with a slight forward tilt and follow the outline of his face. He has a short wide wedge shaped head with excellent width at the cheeks. In profile he has generous depth to his head, a rounded brow and distinct nosebreak and a firm level chin. His large lustrous and a lovely rich yellow and are well set with the top line slanting towards the nose and a fuller more rounded bottom lid and set wide apart giving typical Burmese expression. His coat is short fine and was a little open today and a super pale dove grey with pleasing pink overtones. I think there were several calling queens in his vicinity and he was just a little excited but none the less handled well.
