

REPORT FROM CAROLINE WREN

SHORT-HAIRED CAT SOCIETY – 12.04.2015

Very many thanks to Linda and her team for inviting me to judge again. An enjoyable day in the company of my excellent steward, Jeanette Knapp with some nice exhibits to look at. Thanks Jeanette.

IMPERIAL CLASS – EXOTIC SHORTHAIR GRAND CHAMPION, FEMALE

Imperial to HARROP'S GR CH SHAKIRAH NIGELLA CLAWSON – 18.04.13. Black tortie spotted tabby. A very pretty girl. Little ears set low on broad top of head. Wide across the rounded forehead and nicely rounded cheeks. Round open eyes of orange. Broad short nose with a full leather and a strong full muzzle with a good bite. Small body but it is of a good weight and is cobby and deep. Thick hoot legs with big rounded feet and a thick tail which is well ringed. Coat is soft and dense and is dense black well mingled with rich shades of red. The pattern today just lacks a little definition and the spotting is more broken on the right side of her body than the left which has lines rather than spots. She has a very nice temperament.

IMPERIAL CLASS – BSH MANX OR SELKIRK REX GRAND PREMIER FEMALE

Imperial to WADE'S GR PR RODWAYE IANTHE – 05.04.10. Cream. A pretty female with a neat round head with good width between the medium sized ears. Nicely rounded forehead and her cheeks are well filled. Round eyes of pale orange. Broad nose and a firm, full muzzle with a level bite. Small body but it is all in proportion and has good depth and bone. The coat is of a good length and texture and is a nice pale cream which is free of ghost patterning.

TABBY OR TABBY & WHITE EXOTIC SHORTHAIR ADULT FEMALE

NOT ENTERED IN THE CLASS – BOB awarded to HARROP'S GR CH SHAKIRAH NEIGELLA CLAWSON

BSH CHOCOLATE NEUTER

- 1. PC & BOB withheld. HOPE & PHILLIPS PARRADAZY CHOCOLATEBEAR – 03.05.14.**
Male. Broad top of head with good width between medium sized ears which are a little flared and open at the base. Broad rounded brow and cheeks are starting to develop. Round eyes of pale orange showing a green rim today. He is a little narrow in the muzzle at present, level bite. He is reasonably well grown for his age with depth of body developing and the legs have good bone. Tail is a little long for balance. His coat today is lacking undercoat and it is rather long and laying very flat on his back. A dark shade of chocolate giving a rather cold impression.

TICKED TABBY KITTEN

Wrong Colour/Pattern

HARRIS' CHUBBEMUP SOFT WISPA – 09.09.14. Chocolate silver female. This kitten has nice type and an excellent temperament but unfortunately it does not conform to the ticked tabby coat pattern and is a shaded silver which is not a pattern recognised in the British section. The colour also is not chocolate but caramel which again is not recognised in the British section. I did consult with two senior judges and they were both of the same opinion.

BSH AC COLOURPOINTED NEUTER

Not entered in the class – **BOB to PARR'S IMP GR CH & PR PARRADAZY POPSTAR – 30.05.08.** Lilac tortie female. A lovely mature girl with very good head type. Big, solid and deep body with good bone to the legs. Excellent coat which is short and very dense with a firm texture. Clear body colour with well matched points of pale lilac well mingled with cream.

MISCELLANEOUS CLASSES

AC BSH BREEDERS KITTEN MALE

- 1. MARTIN'S WELLMAR WILL-O-THEWISP – 01.11.14.** Brown spotted. A boy of nice type with good eye colour developing. He is well grown for his age and of a good weight. At present his coat lacks warm tone but there is evidence of this coming in on his ears and chest. He has clear well broken spotting.

AC BSH BREEDERS KITTEN FEMALE

- 1. MARTIN'S WELLMAR PATHWAY TOTHEMOON – 01.11.14.** Litter sister of the boy above and very similar in type and size. A very pretty girl with good eye colour developing. Her coat is of a good length and texture. Clear silver ground colour with well broken dense black spotting.

AC BSH NEUTER NOT BRED BY EXHIBITOR

- 1. JONES' WELLMAR PETTICOAT TAILS – 19.04.12.** Blue cream female.
- 2. HATTON'S VINMAR SILVA-BENJI – 10.07.13.** Black silver tabby male.

AC BSH LIMIT NEUTER

- 1. HOPE & PHILLIPS' PARRADAZY CHOCOLATEBEAR**
