A Blue tortie, silver classic tabby + white female - beautiful proportions, well boned with excellent ear set and nose profile. Square muzzle and firm chin. Eyes of good shape, greenish yellow in colour. Lovely intermingling of blue + cream together with silver undercoat apparent. Tail of good length. A lovely example of the breed.

A tortie silver classic tubbs + white showing  
excellent intermingling of cream and red. Eye  
shape good. Her nose was a little broad and  
quite short. Also her head was rather flat  
in appearance and ears needed to be set higher on  
head to give the required look. Shortish plush  
coat well prepared. Nicely prepared but  
overall I did not feel that today she  
warranted such a high award.

I am afraid that due to poor show preparation I was unable to consider this exhibit for this award. He had good type but his eyes were also sore. A shame as he does show some potential.
