

## **THE LANCASHIRE CAT CLUB SHOW - 9-3-2013**

Mrs Ann Ivinson

Thank you so much Christine Titterington & her Committee for my invitation once again to judge at this friendly and busy Show. I had some lovely British cats to judge. Thank you Les Hall, my Steward, for the excellent company and handling of the cats. I really enjoyed my day with you.

### **BRITISH BLUE ADULT MALE.**

**BOB. HUTCHINSON'S GR. CH. MAKRISSNIC LORDOF THERINGS. 16. M. 20.8.11.**

A very solid and mature looking Blue boy of one and a half years showing good British type for his young age.

Round head with good breadth and depth; ears just stand a little tall; good round cheeks to behind a slightly square muzzle; level bite, firm chin, short broad nose; round golden eyes giving him an alert expression. A solid cobby body of good weight and muscular tone; broad chest; short well-boned legs, neat paws; balanced tail. A very good coat of mid-blue with good density, short and beautifully sound to the roots. He was easy to handle and enjoyed his time with us.

**1. CC. FIGGINS' HYSSOPUSS HIGHLANDER. 16. M. 20.3.11.**

Quite a nervous lad at first. However, once he had settled down he was easy to handle.

A Blue boy of 2yr. showing good British type. Round head; ears still standing a little tall; good round cheeks to muzzle; firm chin, level bite, short broad nose; round eyes of a very good copper shade. Good size and weight to his cobby body; broad chest developing well; short well-boned legs, neat paws; balanced tail. Coat short, dense, and firm, of mid-blue, almost sound to the roots. He was happy to go back to his pen. He was a gentle boy who was shown in good condition.

### **BRITISH BLUE ADULT FEMALE.**

**1. CC. MORRIS' MABELLABRITZ LUNA LADY. 16. F. 9.5.12.**

A 10-month-old Blue girl showing good size for her age and British type. Round head; neat ears with good space between; cheeks gently rounded to muzzle; good firm chin, level bite, short broad nose; round expressive eyes of gold. Good size and weight to her cobby body; broad chest developing well; short well-boned legs, neat paws; balanced tail. She has a good coat of mid-blue, dense and firm, just lying a little flat on her spine line; sound to the roots. A lovely girl who handled well and was shown in good condition.

**2. HOWARD'S AIRLIEBIRD MINI HAHA. 16. F. 13.5.12.**

A young girl of 10 months showing good British type. Round head; ears standing tall; cheeks rounded to muzzle line; firm chin, level bite, short broad nose; round eyes of gold. Good size cobby body; short well-boned legs, neat paws; balanced tail. Coat, a little soft in texture, was short, of good density; of mid-blue; paling to the roots; she still has some banding on her hindquarters. A gentle girl who handled well.

**3. HARRISON'S CHARMODEN IAMBERTHA. 16. F. 4.5.12.**

A Blue girl who is well grown for her age of 10 months, and showing good British type. Round head; medium size ears; round cheeks to muzzle; firm chin, level bite, short broad nose; round eyes of gold. Good size cobby body; short well-boned legs, neat paws; balanced tail. Her coat of mid-blue was soft and a little long, especially on her back – unfortunately it pales rather a lot to the roots. She handled well and was shown in good condition.

#### CHOCOLATE ADULT FEMALE.

1. CC. & BOB withheld. HUTCHINSON'S MALSONE ZITA. 15b. F. 16.4.12.

A Chocolate girl of nearly 1yr. showing good British type. Round head; neat ears; cheeks developing well to firm chin, level bite, short broad nose; round expressive eyes of a good golden colour. Good weight and size to her cobby body; chest developing; short well-boned legs, neat paws; balanced tail. Her coat of a darker shade of chocolate was short, of good density, paling to the roots; ghost tabby markings are still visible, and her coat is quite brindled on her hindquarters; her coat was my reason for withholding the CC & BOB today. I was very pleased to be able to speak to her owners after judging, and hopefully, as she gets older and has a moult, her coat will improve.

2. BROWN'S CHARMODEN IAMHILDA. 15b. F. 16.4.12.

Still quite a kitten look to this chocolate girl of 11 months, she just needs more time to mature.

Round head; ears standing tall; cheeks needing to develop more shape; firm chin, bite very slightly undershot – hopefully as she matures the bite will settle; short broad nose; round eyes of gold. Still a young cobby body; short well-boned legs, neat paws; balanced tail. Her chocolate coat is short, soft, and needing more density; chocolate shade pales to the roots. A gentle friendly girl who handled well.

#### LILAC ADULT MALE.

1. CC. HOSKER'S ADZWOSH KATOSKA CAPTAINJACK. 15c. M. 18.5.12.

A balanced Lilac boy of 10 months showing good British type. Round head; ears are just a fraction tall; round cheeks developing to behind the muzzle; firm chin, level bite; round eyes of gold. Good size developing cobby body; broad chest; short well-boned legs, neat paws; balanced tail. Coat of a darker shade of lilac, short with good density; evidence of a slight stud tail. A gentle lad who handled well.

#### LILAC ADULT FEMALE.

1. CC. & BOB. JAY'S JANSTAN JUSTLILIBET. 15c. F. 29.4.12.

A lovely well-grown Lilac girl of almost 1yr. year showing good British type. Good round head with good breadth and depth developing well; neat ears with good space between; balanced round cheeks to muzzle; good firm chin, level bite, short broad nose; good round eyes of copper giving her an alert and interested expression. A solid weight and size to her cobby body; broad chest; short well-boned legs, neat paws; balanced tail. Her coat of lilac, with a pinkish hue visible, has good density, firm, and just pales slightly to the roots. A bright and lovely girl who handled well and was shown in good condition.

#### BLUE/LILAC/ FAWN TORTIE ADULT.

1. CC. & BOB. KIRK AND JAHASZ'S SENI SEVIYORUN VICTORIA. 21c. F. 14.4.12.

What a super size and weight to this Lilac Tortie girl of almost 1yr. and she shows good British type.

Good round head; neat ears fitting well into her head shape; good round cheeks to muzzle line; firm chin, level bite, short broad nose; round eyes of a good copper shade. Good size and weight to her cobby body; really short well-boned legs, neat paws; balanced tail. Very good coat, short, dense, and firm; beautifully mingled lilac and cream; all four feet broken with colour. I really love this girl! She handled well and was shown in good condition.

2. ASHTON'S HYSOPOUSS HONEY-BLOSSOM. 28. F. 13.5.12.

It was a pity this Blue Cream girl of 10 months came up against the winner today. She shows good British type.

Apple-shaped head; neat ears; cheeks developing to muzzle; firm chin, level bite, short broad nose; round eyes of copper. Good weight to her developing cobby body; short well-boned legs, neat paws; balanced tail. Very good coat, short, dense, and firm; pale blue mingled with cream, sound to the roots; cream on the right side of neck; all four feet were mingled with colour. A delightful little girl who handled well and who was shown in good condition.

BI-COLOURED ADULT MALE.

1. CC. HAYES' SHEEPHOUSE CREAMY COOKIE. 31f. M. 17.5.12.

A young Cream Bi-Coloured boy of almost 11 months showing good British type.

Round head; neat ears; cheeks developing well to muzzle; firm chin, level bite, short broad nose; round eyes of a good deep golden shade. Cobby body and chest developing well; short well-boned legs, neat paws; balanced tail. His coat was short, dense, and firm; pale cream with minimal ghost tabby markings was sound to roots; cream on his head, back, and legs; white of one-third with good demarcation; white blaze; white on his chest and legs, with a lovely white collar. A friendly lad who was shown in very good condition.

BI-COLOURED ADULT FEMALE.

1. CC. & BOB. HOWARD'S PAMPURRED HEARTBREAKE. 31a. F. 23.7.11.

A super-size Blue Bi-Coloured girl of over one and a half years showing good British type.

Round head; really neat ears with good space between; cheeks well rounded to muzzle line; firm chin, level bite, short broad nose; round eyes of copper. Good size and weight to her cobby body; short well-boned legs, neat paws; balanced tail.

An excellent coat, short, of good density, and firm; mid-blue, sound to the roots on her head, sides of body, and legs; white of a good one-third on her chest, abdomen legs and neck; with a lovely white blaze on her nose. She was shown in very good condition, and handled very well. It was lovely to see such a particularly good coat.

2. WRIGHT'S REVODNA AMAZING-GRACE. 31a. F. 9.4.12.

Still a young Blue & White Bi-Coloured girl of almost 1yr. showing good British type.

Round head; neat ears; cheeks developing to muzzle line; level bite, firm chin, short broad nose; round eyes of gold. Her cobby body needs to develop more weight; broad chest developing; she appears to stand tall on her well-boned legs and neat paws; balanced tail. Her coat of blue is a little on the long side, and soft, especially on the spine line; white of one-third on her head, chest, abdomen, and legs; a white blaze. She is a nice little girl who just needs more time to mature.

AC COLOURPOINTED & WHITE ADULT (INTERMEDIATE).

1. IC. & BOB. HAYES' MAWBRTZ LUNE ECLIPSE. 40 8w. F. 19.3.12.

A well-grown Blue Cream Colourpointed and White girl of 1yr. showing good British type.

Round head; neat ears spaced well apart on her head; rounded cheeks to muzzle; firm chin, level bite, and short broad nose; round expressive eyes of blue. Very good weight and size to her cobby body; broad chest; well-boned legs, neat paws; balanced tail. Her coat was short, dense, and firm; blue mixed with red and cream clearly seen on her ears, mask, and body; her body was glacial white with shadings of blue and cream; her bib, chest, and underbody are white; her legs and paws are white; she has a white inverted 'V' on her forehead extending down and covering her nose and whisker pads. She was altogether a lovely girl shown in good condition and easy to handle.

BLUE/LILAC/FAWN TORTIE KITTEN.

1. BOB. ASTON'S HYSSOPUSS JUST-PAWSOME. 28. F. 21.8.12.

A real little pet! A Blue Cream kitten of 7 months showing good British type. Apple-shaped head; neat ears with good space between; cheeks rounding well to muzzle line; firm chin, level bite, short broad nose; round bright and alert eyes of a muddy gold. Cobby shaped body; broad chest developing; short well-boned legs, neat paws; balanced tail. A super dense, and firm coat of mid-blue well mingled with cream, and sound to roots; a small cream patch under her chin; all feet were mingled with colour. A delightful girl who handled well and who was shown in good condition.

BLUE/LILAC/FAWN TORTIE NEUTER.

BOB. CHANDLER'S UK. & IGR. KOLINGA BLUEBELLA. 28. FN. 4.6.07.

A very good size and type to this Blue Cream girl of 6yr. Good broad round head; neat ears; cheeks well rounded to muzzle line; firm chin, level bite, short broad nose; round eyes of gold. A good size cobby body – I think she likes her food! Broad chest; short well-boned legs, neat paws; balanced tail. Coat of good density and well mingled with blue and cream; all four feet mingled with colours. I loved the cream tip to her tail!
