

## **LANCASHIRE CAT CLUB – 9<sup>TH</sup>. MARCH, 2013.**

### **MRS. PAT PERKINS – SHOW REPORT**

Special thanks to Chris and the team for a most enjoyable day at the “Lancs” always one of my favourite shows, as an extra bonus it is local for me. There were some lovely cats and kittens, it was also nice to see such quality longhairs. Pat Parrish was my hardworking steward, as always it is a pleasure to work with her, her handling of the exhibits is so caring.

#### **TABBY AND TORTIE-TABBY POINT BIRMAN KITTEN**

1<sup>ST</sup>. & BOB DOBSONS ESAYA CYANYCE – 13c12 (17.8.12) Blue Tabby Point young man of good weight and substance, at 7 months a little teenage in development. Broad rounded head, his ears set wide apart, held a slightly pricked, lovely almost round eyes of a deep sound blue, medium length nose, leather a pale pink outlined in blue, a slight profile dip, cheeks filling out tapering to muzzle which at present was a little pinched, chin needs to be a touch stronger but this should come when muzzle widens, bright wide awake expression. Length to body, his limbs medium and strong, rounded paws, tail length in balance to body, slightly tapered. Coat long and soft, still retaining a slight kitten fluffiness, curls on tummy. Body a clear bluish white, his points have slate blue markings on a pale beige agouti, broken and solid rings on his legs and underside of tail, tip a solid blue grey. Blue M to forehead, lines from his eyes, whisker spots, very slight thumb prints on ears. Neat even gloves slightly short and scalloped but covering his toes, two white spots underneath, attached to pad, even socks covering feet, gauntlets tapered, the left a touch longer but not reaching beyond the hock joint – a well made promising young lad with a lovely friendly temperament.

#### **SNOW SPOTTED (AOC & BLUE-EYED) BENGAL ADULT –MALE**

1<sup>ST</sup>. CC & BOB BUCKLEYS SPOTTICAZZ MAXIMUS – (28.2.12) Blue-Eyed Snow Spotted boy of 12 months, very vocal but easy to handle. Long muscular body, strong legs with large round paws. His tail slightly tapered, medium length. Well developed head, medium wedge shape, slight concave curve from nose bridge, puffed leather, red with a black outline, eyes large, oval and a good shade of even blue, firm chin, good whisker pads. Lovely coat warm rufus ground with distinct markings, complete scarab to head and over to shoulders, whiskers spots, spectacles round eyes, vertical streaks, necklace, body showing clear rosettes, back lines broken, his legs have distinct rings and spots, tail well ringed with a dark tip – a striking boy, well developed.

#### **FEMALE**

Considered for BOB KEARNEYS CH. CHESULI GAELIC CHARM – (29.1.10) Mature well made AOC Eyed girl. Length to body, her limbs strong medium length, nice rounded paws. Balance head, wedge shaped, her ears short and wide based, rounded at tip, slight curve to nose, firm chin, good muzzle. Eyes slightly slanted, almost round, the colour mid hazel. Short coat very soft, good markings, the ground colour mid beige, markings soft brown. Scarab to head, over to shoulders, spectacles round her eyes, rosetted to sides of body, broken back lines, tail rather long for balance and a little thin, ringed with mid brown tip – well mannered lass.

#### **SNOW MARBLED (AOC & BLUE-EYED) BENGAL ADULT (INTERMEDIATE)**

1<sup>st</sup>. IC W/H MITCHELLS SUNSHIMMER HERCULES OF PEARLDUST – (20.4.12) Blue-eyed Snow Marbled boy wearing a lovely coat, living up to his name for ground colour, distinctly marbled coat, strong patches to sides, swirls to shoulders and flanks, legs showing spots and lines, tail ringed, in balance and slightly tapered. Scarab to head, his eyes surrounded by clear spectacles with streaks to sides. Balanced head and nicely developed body, limbs strong medium in length, eyes almost round and a strong blue but unfortunately the left had a definite turn towards the nose, this coupled with a fault at the end of his tail (both confirmed by the Duty Vet) precluded the IC, such a pity as he has the most friendly and affectionate temperament, a joy to handle.

#### **SNOW SPOTTED (AOC-EYED AND BLUE-EYED) BENGAL KITTEN**

1<sup>st</sup>. & BOB TIPTONS TOBYSDEN CHAMPERNO – (8.10.12) Cracking Blue-Eyed Snow Spotted youngster, a typical Tobysden all talk but so friendly. Still some growing to do all legs at present, length to body, tail still long slightly tapered, ringed with a light brown tip, ground colour a pale ivory with very light brown markings, sides showing rosettes, scarab over head,, necklace, lots of ring to legs and spots on toes, spectacles round eyes, whisker spot and eye lines. Head just needing to broaden, his ears wide based, set a little high at present, curve to nose, muzzle still a bit narrow, large almost round eyes the colour a nice blue deepening from centre – super lad who has time on his side.

#### **AC PERSIAN ARISTOCRAT – ADULT**

1<sup>ST</sup>. COOKS KERBUIEL MERLIN – Orange-eyed White boy in lovely show condition, strong broad head, big round orange eyes.

2<sup>ND</sup>. WATKINS MOWGRAINE AWESOME – Pretty Tortie Colourpoint, sweet open expression, strength to head and good bone.
