

LANCASHIRE Cat Club.
Judge Mrs. B Prowse.
9/3/2013.

Thank you to Chris and the team for the invitation to judge. I had a great day in the company of Steve Parkin who stepped in to steward for me. I do hope we can work together again soon.

BLACK SILVER SPOTTED NEUTER

1PC BOB MRS P KIDD'S GR CH MAKEWAYFOR KRESTAAMELIA (30s) FN 3/10/05 - Black Silver Spotted of good shape and size, well balanced showing good depth of body. Cobby body standing low on short strong legs with round firm paws. Large round head with full cheeks. Good width between ears that are rounded at the tips and a little tall. Large round hazel eyes which are spaced nicely apart. Short nose which is broad and straight. Good bite. Firm chin. Coat is short dense and crisp showing slight tarnish on nose. Ground colour is silver with dense black Tabby markings. Body and legs showing numerous oval shaped spots although the spots are elongated and linked on the flanks. M to forehead, spectacles to eyes, thumbprints to ears and spotted whisker pads. Spine lines well defined. Tail well ringed with the tip of the tail being the same colour as the markings.

CHOCOLATE BURMESE KITTEN

1ST BOB MS E MCGREEVY'S NEMOREZ ROCKON DOLL (27b) F 19/10/12 - Chocolate Burmese who is medium in length, muscular and stands on slender legs on neat oval paws. Her head is in proportion to her body and she has a short wedge which tapers to a blunt finish at the muzzle. She needs a little more width between her cheekbones. Ears are a little large at present, she just needs to grow into them and she holds them quite high. They are broad at the base and slightly tilted forwards. Eyes are set well apart, a good size and chartreuse in colour. The top line of her eye slants towards her nose with the bottom line rounded. Top of her head is slightly rounded and she has a distinct nose break followed by a straight nose which finishes with the tip of the nose in the same vertical plain as her chin. Coat is a little long at present but it is a good texture and does lie close to her body. Coat colour is a warm milk chocolate with lighter underparts. Ears and face are slightly darker in shade. Tail is straight, medium in length, reaches the shoulders but would like it to be a little thicker.

LILAC BURMESE KITTEN

1ST BOB MRS J WILSHAW'S ROSSIKHAN ANGELCAKE (27c) F 23/11/12 - Lilac Burmese who is such a sweetie with a lovely Burmese expression, looks like butter would not melt in her mouth but I know different. She is well grown for her age, her body is medium in size and she is heavier than she looks. She stands on slender legs on neat oval paws. Her head is a short wedge tapering to a blunt finish at the muzzle. She has a rounded forehead and good width between her ears which are medium in size. Her eyes are yellow chartreuse and are set well apart. Her profile shows a gently rounded brow with a distinct nose break followed by a straight nose with the tip of the nose in the same vertical plane as the chin. Her coat is a little long at present but is a good texture. Coat is a lovely dove grey lilac showing a definite pinkish cast, underparts are lighter and ears and face are slightly darker.
