

Lancashire Cat Club**Saturday 12th March 2016****Judge: Stephen McConnell**

Thanks to the show team for their invitation to judge at this year's show. Again it was one of the friendliest shows in the calendar. Thanks to the Table Workers and everyone who helped out on what was a very busy day. It was sad to hear of the few Judges unable to attend with ill health and I hope they are back to full strength again now.

British Open Classes:**Class 194a AC British Champion (GR CH) Male**

GR CH Ex 159 Mr & Mrs Wood CH APATCHICAT HAYMICCHABENATHY (BRI d) M 21.5.14 A paler red but still has a nice warmth and overall just lacks the appearance of maturity for his age. A good sized well grown lad with well rounded head. Medium neat sized ears are well set and have good width apart. Large round eyes nicely set and of a lovely orange colour. Short board straight nose to firm chin with level bite. In profile shows slightest bump. Nice cobby body standing fairly low on strong short muscular legs with good rounded paws. A lovely pale red tone to coat that is short and had good texture and fairly sound. Tail slightly thick at base but good length to balance with rounded tip and 3 clear rings present. Body for a red self has very minimal ghost patterning so could forgive stronger tail rings.

Res GR CH Ex 151 Mrs Walker CH SEAPAWS TOBAGO (BRI a) M 23.10.12. Large round head, good cheeks with neat small ears. Good width between ears that are nicely set. Very nice short nose. Firm chin and level bite. Large round eyes well opened and in lovely orange colour well set apart. Thick neck. Body compact and cobby of good weight and muscle tone. Good short strong muscular legs with rounded paws. Good density to short coat that has lovely texture in mid blue colour. Medium thick tail of good length to balance. A lovely boy with sweetest nature.

Class 194b AC British Champion (GR CH) Female

GR CH Ex 146 Mr & Mrs Wright CH JOANDTO SWEET CHARITY (BRI n) 24.7.13 A charming and pretty young lady with a lovely rounded head. Full cheeks nicely developed. Neat small ears with good width and rounded tips. Short broad nose to reasonably firm chin with level bite. In profile chin could have more depth and falls away slightly. Short neck. Large well rounded eyes nicely well opened of good set in bright orange colour. A good sized body, nice underlying bone structure, well grown of good weight and feel nicely developing muscle and tone. Compact and cobby standing low to ground on nice short thick muscular legs with good rounded paws. Coat is short thick and dense with nice crispness developing well. Coat is a sound to roots deep black. A lovely British expression and handled well.

Res GR CH Ex 171 Mrs Adair CH LAMATZ PRETTY PANDORA (BRI ns 24) F 29.9.13 A lovely large rounded head with medium sized ear well set with good width between them. Short broad nose to firm level chin with very slight bump in profile. Level bite. Nicely full cheeks. Short thick neck. Large well opened and round eyes in pleasing vibrant amber colour. In profile nicely rounded chest. Good sized compact and cobby body. Broad across shoulders and broad rear. Good weight and muscle tone. Short strong muscular legs with good sized paws. Stands low to ground. Overall a good underlying structure of good weight and development. Medium thick tail nicely balances with rounded tip. Coat is short of good density but slightly soft to feel. Pattern is clearly defined on a warm ground colour with good colour spots with minimal linkage. All facial markings present, necklaces and broken spine line, with clearly ringed tail 6 that I counted. Just a tad nervous girl today.

Class 204 British Red Adult

BOB Awarded Ex 159 Mr & Mrs Wood CH APATCHICAT HAYMICCHABENATHY (BRI d) M 21.5.14 I recently saw this lad two weeks ago who then had very heavy competition for BOB and was unlucky to come up against the winner.

Class 211 British Blue / Lilac/ Fawn Tortie Adult

I am sorry but I have lost this page from my book as it wasn't well put together

1CC BOB Ex 169 Mr & Mrs Edwards DAPPER COOKIES NCREAM (BRI g) F 5.5.15 A chocolate box look. Very young girl, a pretty blue and cream and well intermingled.

2nd Ex 170 Mrs Chance BRELADE TAKE A CHANCE (BRI j) F 24.6.14 A larger girl who was also very pleasing but I think rather matronly and out of balance today which for me didn't go in her favour. Sorry!

Class 255 British AC Colourpointed Kitten

1st BOB Ex 200 Miss Wood LARNIKAT BROOKLYN HEIGHTS (BRI c 21 33) MN 13.6.15 A lilac tabby colourpointed kitten who is almost adult. Good rounded head type. Nice rounded forehead and cheeks developing well. Well placed medium sized ears, slightly broad at base, that have nicely gentle rounded tips and good width between them. Round pale blue eyes, with deeper blue rims still developing colour well set apart. Short broad straight nose, chin could be a fraction deeper and level bite. Good substantial body for weight and muscle tone going towards that adolescent phase now of growing. Short strong muscular legs and rounded paws. Nicely matched mask and points, in pale dove grey showing shades of both lilac hue and cream that is well intermingled and a nice contrasting to a clear magnolia body coat. Tail of good length and medium thickness to balance with a few ghost pattern incomplete rings present. A sweet personality.

Class 258 AC Selkirk Rex Kitten

Ex 201 Miss Weber QUIZZICURL BORN TO BE BLUE (SLR a) M 18.7.15 – Absent

Class 290 AC British Colourpointed Neuter

1 PC Ex 208 Mrs Leversedge CHUBBMEUPTEDDY EDWARD (BRI b 21 33) MN 24.4.13 A bit of an overweight lad with large body and clearly loves his food. Looks every in a much cared for lad. Good rounded head with full cheeks. Well rounded forehead. Large rounded eyes well opened. Medium sized ears well set. Broad straight nose to fair chin with level bite. Thick short neck. Body is large and weighty and coat is short and crisp of good density but chocolate is a darker colour than I would prefer on body and overall quite heavily shaded. Nice facial marking necklaces and leg bars etc. Tail just long enough to balance large body with rounded tip.

BOB Awarded Ex 209 Miss Simpson CH & PR ALTHALUS POTAMUS CHUBB (BRI a 33) MN 2.5.14 I have seen this lad before and reported on him and my views are the same and a well deserving BOB winner. A very nice young boy, a strong personality. Lovely round head and well placed ears. Eyes are round and well opened and a good even shade of blue. Short broad nose, rounded face, firm chin and level bite. Thick short neck. His body is cobby and well grown, good weight and muscle tone. Short strong muscular thick legs, standing low, with good sized rounded paws. Medium thick tail of good length, rounded tip and balances well. Mask and points are medium toned blue and well matched, his body shows some tonal shading, slightly darker tail colour.

Also considered for BOB Ex 210 Ms Cross PR LOHAVA MISTER SPANGLES (BRI b 21 33) MN 9.8.14 Another chocolate tabby with good rounded head and brow. Medium sized ears well set apart. Nice well open eyes in a very pale blue colour nicely spaced apart. Short thick neck. Broad straight nose to good chin and level bite. Good sized compact cobby body and good tail to balance with rounded tip. Cat has nice texture and is short and crisp. Nice chocolate tabby facial markings, necklaces and leg bars are faint. Medium thick tail with tail rings present.
