

LANCASHIRE CAT CLUB SHOW 12TH MARCH 2016 MRS JOAN SMITH

My thanks to Chris and Janet for their kind invitation. I was very lucky to have Pete Masters helping me today. He did a great job and found the Persians very interesting and so easy to handle. Thanks Pete not long before the next time.

PERSIAN

BLUE ADULT

BOB PRIESTLEY'S GR CH KRANEWITTERS CALYPSO

A very attractive blue female coming up to 2 years old. Wide top of head, between well positioned neat ears. beautiful, large, expressive copper eyes. Short nose, apple cheeks, bite just about acceptable and a firm chin. Mid blue coat, quite good length and very well presented, generally sound just tail a touch darker. Compact shape, good body weight. Well shown and a gentle female.

DOMINANT SHADED & TIPPED CAMEO ADULT

BOB MACKERETH'S CH PIPPAKITS SHADY LADY

Very pretty, young tortie shaded cameo just a couple of weeks off her first birthday. Wide top of head, she does have a tendency to hold her ears a little open, could be down to being a little nervous. Round, large orange eyes, fat cheeks, level bite and ample chin. Well prepared coat nicely broken tortie colours and showing good contrast. Well presented young lady with a very good temperament.

PEWTER/BLUE PEWTER ADULT

How lovely to see 2 of these attractive cats

BOB DANKS CH TAMOSAH MYEYESADOREYOU

Very attractive blue pewter female coming up to 2 years old. Lovely head type with bold, expressive orange eyes. Coat of good length, generally well prepared slight staining to face. Dark blue mantle and shading against silvery white coat. Had the advantage of maturity over her stable mate today.

1ST CC TIPTON'S TAMOSAH NIGHT OWL

A very pretty black pewter from the same cattery. Only a young female not yet a year old. Broad top of head, between neat well furnished ears. Beautiful expressive copper eyes. Short nose, fat cheeks, fair bite and ample chin. Face had a little discolouring around mouth area, think it was just staining hopefully not tarnishing. Full coat well prepared. Compact shape and good weight. Handled very well.

SIAMESE SECTION

I took over these classes as Mrs Denny unfortunately couldn't attend.

TORTIE POINT SIAMESE ADULT

1ST CC BOB CALLOWAY'S JOHPAS SIAMAZING SMUGDES

Young chocolate tortie point just a couple of days over a year old. Even wedge with slight dip and dump to profile. Width to top of head, between large flared ears. Bright mid blue oriental eyes, the shape looked much better when she was settled in her pen. Untidy teeth but bite was level and ample chin. Mid Chocolate mask and points well broken with various shades of red some shading to body coat which did tone and was a

faction harsh over her back.. Elegant build, slender body, long legs would have liked her tail a little long. Handled well but preferred the safety of her pen.

CHOCOLATE POINT KITTEN

1ST BOB GURNEY-TAYLOR TINKERTAYLOR RONNIEVERONIE

A delightful chocolate point female just over 6 months old. Moderately long wedge, almost straight profile. Well set large flared ears. Expressive, vivid, blue alert oriental eyes. Level bite chin falls away just a little. Milk chocolate matching points, ivory body coat a little long but did lie close and was fine in texture. Well grown elegant young lady. Long lean body, slender legs and a long tapering tail. A little nervous but soon settled and handled well.

CARAMEL POINT SIAMESE NEUTER

1ST PC BOB COOK'S STYPERSON SUMMER SONG

Stylish lilac based caramel point male 1 ½ years old. A confident exhibit showing himself off very well. Even long wedge, slight dip to profile. Good width between large flared ears which balanced the length of his wedge. Mid blue oriental eyes which were slightly deep set. Level bite and depth to chin. Strong masculine build, still retaining his elegant shape. Brownish blue caramel points, short off white body coat with slight toning shading. Shown in lovely condition a friendly chap.
