

Shropshire/Gwynedd

My thanks to the respective clubs for the invite and to my steward Mike Eames who coped very well and kept me on track throughout the day. Lovely to see such a good entry....looks like things are on the up. Well done to all concerned.

GrandClass - AC Exotic Champion Adult Female

GR – CH VIVALDI SUGARNSPICE (EXO w 62 (70 2a)

Stunning white girl with super type and wonderful eyes. Good body conformation, limbs and tail. Superb coat standing away from her body well and immaculately presented. A credit to her owner.

RES – CH SHAKIRAH FARRAH PAWSETT (EXO g 21 33 (70 13b18)

Blue tabby girl with lovely type, compact well muscled body and sturdy limbs. Good coat for texture and colouring. Well prepared and presented. Another nice example.

(This was not one of my scheduled classes, one I took on when Mrs Wilding was unable to attend...hope she is ok now)

AOC Non-Self Exotic SH Adult Female

BOB– CH SHAKIRAH FARRAH PAWSETT (EXO g 21 33 (70 13b18) Repeat of above.

Grand class - ORIGINAL FOREIGN SH CHAMPION

CH KORESHKA RUDI SNAFFLEOVSKI (RUS a (16a)

With much regret and for everyone's safety I had to give him a CNH...shame as he looked rather nice but he meant business and I respected his opinion.

Grand class-Rex, Sphynx or La Perm Champion Male

1st - Grand w/h with much regret - CH DENDAV BLACK PANTHER (DRX n (33a15)

Handsome Devon boy with some attitude. Slightly longer in the nose, fair stop in profile. Strong head with well developed jowls but could be a bit wider. Nice ears, fair eyes. Good body shape, limbs and tail. Coat soft in texture and showing good waves on his sides but flat on his spine area. Strong healthy condition.

Grand class AV Rex, Sphynx or La Perm Champion Female

Grand - CH STANREX CREME BRULEE (DRX f 33 (33a40 6)

Wonderfully cheeky tortie point Devon with typical expression to blue eyes. Nice body shape and weight for size. Dainty limbs and nice tail to balance. Coat soft and well waved generally just a fraction looser along her back.

Res CH CLOUDBORN SPRING-TRA-LA (LPL n 25 (80L45)

Another fine example of her respective breed..this time a Laperm. A tiny bit straighter in the nose than I would ideally like but sound overall type generally. Lovely expressive eyes of nice shape and set. Good body shape, paws and tail. Pleasing coat texture with excellent presentation. Ran the winner very close as the saying goes, maybe next time.

Blue Abyssinian Adult Female

BOB & CC – SYRINX MOONLIGHT SERENADE (ABY a (23c)

A wee bit tense but handled well enough. Slightly straight in the nose but sound type when viewed face on. Fair chin and level bite. Nicely put together body of fair weight for her size and well muscled. Pleasing coat texture. Nice warm mushroom tummy but disappointedly much paler base colour on her back. Lovely condition and well turned out.

Snow Marbled Bengal Adult Female

1st - CC w/h with regret – CHRISJAY ARCTIC STORM (BEN n 22 33 (76b20))

This girl was hating every minute of her day when we got to her and it showed. Incredibly tense and so not showing herself off at all well. Her eyes looked wrong and her muzzle pinched. Ears held high on top of her head. Profile almost straight. Pleasing coat and pattern. Despite how scared she was she didn't offer any aggression...I found it so distressing to see her so upset and hope that something had spooked her and it will be a one off occurrence.

Snow Spotted Bengal Adult Male

BOB & CC – ZAWADI BUNDARA-KAMUI (BEN n 24 33 (76b30))

Lovely lad with pleasing overall type and stunning eyes. Good body limbs and tail. Excellent coat texture, colouring and pattern. Well presented in tip top condition. Enjoying his day out and happy to be handled.

Snow Spotted Bengal Adult Female

1st - CC w/h with much regret – CHRISJAY ARCTIC BLIZZARD (BEN n 24 33 (76b30))

Head seems rather too narrow at the moment for me. Straight nose and high earset. She is only just adult so hopefully it will be a developmental stage and as she matures things will improve. Pleasing coat texture and pattern developing.

La Perm Adult Female

BOB CH CLOUDBORN SPRING-TRA-LA Repeat

AOV Foreign Premier Male

Grand - CH & PR SOUTHLAKES SHERE KHAN ((BEN n 24 (76 30))

Stylish boy with nice head and wonderfully expressive eyes. Good body conformation, well muscled. Correct thickness to tail. Excellent coat quality and colouring. Well prepared and presented in his double pen...which he certainly needed.

Brown Spotted Bengal Adult Male

CC – VELA RHO INDUS (BEN n 24 (76 30))

Lovely boy with pleasing head and fair profile. Excellent body shape, strong legs and nice tail to balance. Good coat texture and pretty clear pattern. Well shown in tip top condition.

2nd – LEOPARDS VIEW LONE RANGER (BEN n 24 (76 30))

Looking slightly rounder in the head just now. Nice profile and fair chin. Stylish body shape and good weight for size. Nice texture to his coat and good pattern. A little unsure but he has a sweet gentle nature.

Brown Spotted Bengal Adult Female

BOB – CH CHRISJAY PERRIER-ROSE (BEN n 24 (76 30))

A lovely example of the breed with nice overall 'look'. Solid body of correct proportions. Good coat and pattern.

Tonkinese Kitten Male

BOB & 1st – LILYPUT SHERBET FOUNTAIN (TOS a 32 (74a))

Extremely well grown for his age. Pleasing type overall and very nice eyes for shape, set and colour. Good body shape, limbs and tail. Very good weight for size. Super coat, well prepared and presented. Delightful nature.

AV Any Other Foreign Premier Female

Grand - PR BUNDARA NIKITA (BEN n 24 (76 30))

Very nice girl with a welcoming nature. Correct head overall with fair chin and level bite although a wee bit untidy. Firm body and large oval paws. Tail ok for balance but could be a bit thicker. Coat short, fine and dense. Fairly clear markings and nice spotted tummy.

Res - CH & PR LILYPUT DUCHESS KATE (TOS c 32)

Very comfy in her bed when we got to her so she was a bit put out by us invading her space and she told us so! Wonderful eyes and overall type. Good body shape, limbs and tail. Excellent coat quality and delicate lilac colouring.
