**Mrs Sally Tokens**

My most sincere thanks to Elaine and Jackie for their kind invitation to judge and their wonderful hospitality. I had a super day in the company of Irene Roos who as always handles the cats with great care and attention and is great fun to work with. My judges spot prize was very much appreciated.

Lightly furnished tail which reaches the shoulder blades.

**AOV SLH GRAND CLASS CHAMPION FEMALE; GR WITHHELD 1; Emery CH**

**NOYNAROCK MOONSHADOW** just fourteen months old and I am afraid she was just too small for the breed, I would have liked more length to the body and substance to the bone so this was my reason for not awarding the certificate. Ears are large and set high and open with long tufts to the tips of the ears. Head has a triangular shape but not

equilateral being fairly short in length. Small bump to the nose. Eyes have a slightly oblique shape and are green in colour. Tail short in length and lightly furnished. Coat not at its best today. Some coarse texture can be felt along the spine, lacking in the depth of undercoat. Some contrasts can be seen.

2 Canlin CH RAGZNDREAMS TOTALLY DEVINE seal bi colour Ragdoll of just over three years old and another female who is rather small in size especially considering her age and this was my reason for not awarding the certificate. Ears slightly tilt forward and are medium in size. Flat plane to the top of the head. I would have liked more width to the cheeks and the muzzle which was showing a small pinch. Gentle dip in the profile. Level bite. Eyes are a very good blue in colour and slightly oblique in shape. Looking rather hooded above the eyes. Not quite a symmetrically marked inverted v to the face. Patch of colour to the back right limb just above the hock. Two or three patches of white to her back. Tail sparse and balances with the body.

**RED, CREAM ETC. SMOKE ADULT; BOB; Fairs CH FILOSELLE REBELHEART** blue cream smoke female of sixteen months old. Short cobby body set low on the legs. Lovely bone and substance. Small ears which are set low on the side of the head. Cheeks nice and full with a well formed muzzle. Eyes are large and round and showing a nice deep orange colour. Short broad nose with a good stop. Acceptable bite. Coat quite full and very well presented. Soft in texture. Pale blue and some cream is evident, cream to each limb albeit limited amounts. Showing smoke contrasts to her head but her body coat is topsy turvy today. Tail well covered and short in length. Just going through a change of coat at present.

**CHINCHILLA ETC. ADULT; 1 CC & BOB; Stone KINDRED LLONYDD-DIAMOND** black silver shaded of ten months old. Medium in size and just needing to fill out a little. Fairly good bone. Ears are open at the base and standing a little tall at present. Lovely width to the cheeks and the muzzle is well formed. Acceptable bite. Large round eyes which are a touch two tone at present being darker emerald on the inner and slightly lighter on the outer rim. Short snub nose. Pretty expression and she just needs to balance out. Good shading to the coat and nicely presented, lacking in undercoat today. Tail sparsely covered and short in length. I awarded the CC as I felt she was just going through the adolescent stage.

**BI COLOURED NEUTER; BOB; Perkins PR TYTHERTON PRINCE CHARMING** black and white lad of just over two years old. Fabulous bone and excellent weight. Ears are small in size and placed low on the side of the head. Skull nicely rounded. Cheeks are full and round. Eyes are large and open and I would have liked the colour a little deeper. Short broad nose with a stop and nice size leather and nostrils. Acceptable bite. Excellent preparation to the top of the body, just a little more attention to between the back legs. White to the right side of his face is a fairly large patch with a much smaller patch to the left side of his face. Colour above the eyes and to the back of the ears. Large black patch to the back. The patches of black are sound in colour to the roots and well defined free from any white hairs, showing a lot of hard work to get him to look like this. Short tail. Clean white areas. Lovely lad.
