PERSIAN SECTION

I had several classes from Mark's book. Hope the exhibitors were not too disappointed

IMPERIAL CLASS

AC PERSIAN GRAND CHAMPION (IMP GR CH)

IMP COOK'S GRCH KERUBIEL BALHAZAR

A handsome black and white bicolour in his 4th year. Broad top of head between quite neat well furnished ears. Large expressive orange eyes which ideally I would have liked a more intense shade. Fat cheeks , acceptable bite and a firm chin. Quite a full coat with reasonably sound black patches against sparkling white, White to face with black ears and an attractive black beauty spot. Well built chap so easy to handle.

CHINCHILLA/ SHADED SILVER ADULT

BOB VALENE SMITH 'S CH ZILVA WITCHITA LINEMAN

A beautiful shaded silver male coming up to 2 years old. Very good balanced head type with lovely expressive green eyes. Compact build Even tipping to sparkling white coat. Very good show preparation and he had a very sweet nature.

Male

1CC WALLACE'S BENESTAR COSMOPOLITAN (IMP)

A very handsome shaded silver 3.5 years old . Round well formed head, well set neat ears. Bold green expressive eyes , short nose , fat cheeks and a firm chin. Evenly tipped coat which did need more prep underneath and too much powder to face. Good physique , and a very good weight. He handled very well a gentle chap.

FEMALE

1ST CC OLIVER'S ORIANE

A petite female chinchilla just old enough to compete with the big guys. Wide top of head , ear sitting a little proud, wide awake pale green eyes. Medium length nose , needs more fullness to cheeks to balance. Bite just acceptable and ample chin. Very short coat today but it had been well prepare. Very small, hopefully time is on her side and she will grow as she matures.

TORTOISESHELL ADULT

1CC BOB DORRICOTT'S AQUESERRA LUCY LOCKET

This was one of Mark's classes. I judged this young lady a few weeks ago and my comments are the same. Beautiful tortie but worried about her bite. Wouldn't be able to award her anything higher than a CC such a pity.

A handsome black silver tabby exotic coming up to a year old. Broad top of head , plenty of width between neat well positioned ears . Bright orange expressive eyes, short nose and fat cheeks. A pretty seal tortie colourpointed exotic not yet a year old. Round well formed head, fair width between quite neat ears which she did hold a little proud. Round pale blue eyes which she was reluctant to open fully. Short nose, fat cheeks , acceptable bite and a firm chin. Plush well presented coat ,standing nicely. It had some surface shading, with dark seal points broken with pale red Mask was a little brindled and I would have liked to see more red displayed. She handled ever so well.
