

SHROPSHIRE & GWYNEDD CAT CLUBS COMBINED SHOWS

Saturday 7 February 2015

Judge: Perri Mansaray

I would like to thank Janet and Marie and both Committees for the kind invitation to judge at Fenton Manor. This is always a well supported venue and a lovely atmosphere. Many thanks to Heather Roper who stewarded for me. She handled the cats with great care and capability, looked after my very busy paperwork and me, and was great company. I hope we can do it again sometime.

GWYNEDD CAT CLUB

Olympian Class – A V Imperial Grand Champion Adult, Male

A superb class of 9 entire males entered – what an absolute joy and headache to judge!! Thank you!

OLY – BUJALSKA-AXON'S IGR CH DELPHINIUM SWEET-WILLIAM (BRIN 24 (30) M 23.4.12 British. What a character! My first wow of the day! Fabulous temperament – he was purring his head off and totally enjoying his day out and cuddles! Excellent type boy with good maturity. Round face, full cheeks and good breadth of skull. Super cuddly jowls! His strong masculine head was set on a short thick neck. His ears were small and had rounded tips and were well placed. He had a rounded brow, good nose break, firm chin, and level bite. He had large, round, well opened eyes which were deep gold and expressive in colour. Cobby weighty body, short level back, excellent muscle tone. Strong powerful legs and large rounded paws. His tail balanced nicely. His coat was short, dense, plush and crisp. Excellent spotted pattern, large rosetted spots having good contrast with his ground coat. Well broken spine line. Very comfortable on my table – purring and loving his jowls kneaded! Playful too – broke my feather stick!! An absolute pleasure to handle and judge – shame my pocket was not big enough!

RES OLY – KEOGHAN'S IGR CH ALDERSTAR ANDRO (OSH em 37fn) M 19.1.13 Oriental. Slightly younger male who lost out to winner on maturity only, but having said that he totally had me smitten and again a fabulous temperament to match! He was purring so loudly he was rumbling right down his body! Very stylish chap. Strong top. Large wide based ears, flared, well set. Good length well balanced wedge. Oriental shaped eyes set well apart, slanting towards his nose, vivid green in colour. In profile straight nose, slightly receding chin, level bite. Jowls ++. Svelte body of good weight, firm and muscular. Slender legs and oval paws. His tail is long and tapering, balances. His coat is short and close lying. Intense dark apricot with good metallic sheen and sound to the roots. An absolute pleasure to handle and judge – again my pocket was not big enough!!

Close Contender – KIDD’S OBIGC CATYKES EDWINSON (BRI as 22 (18a) M 16.4.09. British. I have admired this boy before and given him an Olympian certificate, unlucky to meet my winners today. Round full face with good breadth of skull and round bone structure. Head set on a short thick neck. Short broad straight nose with nose break. Strong firm chin and level bite. Small ears with rounded tips well set. His eyes are large and open and deep gold in colour. Strong weighty cobby body. Short level back. Strong legs and round paws. His tail is short, thick at the base, and rounded tip, does not balance. Clear classic tabby with good butterfly over his shoulders and symmetrical oysters over his flanks. Unbroken central spine line. Nice even blue. Again a super natured fellow!

Close Contender – HARROP’S IGR CH SHAKIRAH FIAMIFERRO (EXO d (70 4) M 19.4.13 Exotic. Younger boy again with a super natured temperament. Head round and massive with good breadth of skull. Small round tipped ears well set. Full cheeks and round forehead. Slightly heavy browed making his eyes appear small. He was very reluctant to open his eyes fully, and when I did get him to open them playing with my feather stick, they were large and open and orange in colour. Cobby body of good weight. Short thick strong legs and round paws. Broad chest and well muscled rump. Good shape tail. Dense plush coat, deep rich red in colour, sound. Purring chap.

Unplaced: GARDINOR’S IGR CH SNOWWITCH ATAKAD ASHADOW (SBI a 21 (13c12) M 14.7.12 Birman. Beautifully prepared Birman. Strong broad and rounded skull. Slight dip in profile and bump on nose, firm chin, level bite. Full cheeks and well developed muzzle. His eyes are almost round in shape but are pale blue in colour. His ears are medium in size and set well apart. Well boned body of good weight. Strong legs and thick set paws. Bushy tail. Good tabby blue markings. Symmetrical gloves, and socks which were pure white and his gauntlets which run correctly up back of his legs to the hock. Excellent temperament and presentation.

Unplaced: BURNS’ IGR CH SOMANTIKKS FURRERO ROCHER (SOL b (63LB) M 18.4.11 Somali. Not a happy chappy and went to bite both me and my steward, so had to return him to his pen and I had to critique him from there. Moderate wedge with good gentle contours. Gentle slope to nose. Ears set well apart, well cupped and tufted. His eyes were slightly round in shape. Firm muscular body. Excellent ruff. His tail was long and well furnished, broad at the base, nice brush. Soft fine coat which could show better ticking. Unable to assess further.

Unplaced: HAWORTH’S UK IGR CH DIZZIPAWS ZEMO (RAG a 04 (66aw) M 12.4.08 Ragdoll. This boy was groomed to perfection – not a hair out of place! Broad head with flat plane and good width between the ears. Well developed cheeks. Rounded muzzle, firm chin, level bite. Gentle slope in profile and retrouse tip to nose. Medium ears with slight forward tilt, rounded at tips. Large well opened eyes, though pale blue in colour. Muscular short neck. Broad chest. Body of good weight. Strong legs and round paws. Good ruff. Long bushy tail. Nice blue points with correct shading to his body. Nice boy.

Unplaced: WILSHAW'S IGR CH WILLIAM THE SWEETIE CHARLESBUR (BUR c (27c) M 23.12.12 "Sweetie" does not come to mind whilst judging this fellow – he was rather grumpy and grumbly!! Gentle rounding to top of head. Slightly large ears well set with correct forward tilt. Short wide wedge, blunt muzzle. Rounded brow. Good nose break, firm chin, level bite. His eyes are expressive, set well apart, good shape and size, yellow in colour, giving that lovely Burmese "look". Muscular, rangy boy rather lean on his flanks. Slender legs and oval paws. His tail was of a good shape, balances. He had a bad case of stud tail at the base of his tail, which was discolouring and yellowing his fur. He is a super lilac – lovely dove grey with distinct pinky hue. Well presented.

Absent: CANNELL'S IGR CH ALISIKA CITY-SLICHER (MCO D 03 22 (64 41dw) M 30.5.12

Grand Class, A V Rex, Laperm, Sphynx Premier Neuter Female

GR PR WARDEN'S PR CWMBREFI PICKABOO (84 14) FN 2.4.13 Sphynx. I am glad I didn't have to pronounce this girls prefix !!! Lovely type young lady who was joy to judge. Large ears wide at the base, rounded tips. Modified wedge with nice rounded contours, slightly longer than wide. Prominent cheekbones and distinctive whisker break and prominent whisker pads. Strong rounded muzzle. Slightly receding chin, level bite. Flat skull, good stop. Her eyes are large and lemon shaped, set well apart, pale blue in colour. Long elegant neck. Firm muscular body of good weight, broad chest and well rounded rump. Slender legs and neat oval paws, standing beautifully walking on cushions. Her tail is long and slender, balances. She has fine down on her body giving the correct chamois leather feel. Slightly thicker, acceptable down on the bridge of her nose. Purring girl who was thoroughly enjoying a cuddle!

Oriental Cream or Apricot Adult

BOB to KEOGHAN'S IGR CH ALDERSTAR ANDRO (OSH em (37fn) M 19.1.13

A C Oriental Longhair Adult, Male

Considered for BOB: TASKER'S GR CH LORICHA BUNDOOK BOY (OLH ns 11 (62 43s) M 29.12.09 Mature lad of 5 years old. Strong top. Large wide based flared ears well set. Medium length well balanced wedge. Oriental eyes are set well apart, slanting towards his nose, pale green in colour. In profile straight nose, firm chin, level bite. Elegant neck. Slightly small in stature for a boy, but has good weight. Slim legs and oval paws. His tail balances and his plume was lacking length. He had tarnish +++ around his nose and muzzle, on his ruff and both front legs. Medium length of coat which was silky and lying flat to his side. Medium shaded with good silver undercoat. Timid lad.

A C Oriental Longhair Adult, Female

BOB to WEBB'S GR CH CHANTEUR SHADY LADY (OLH f 11 (62 43e) F 6.9.12 Another timid pops. Strong top. Large wide based ears which she kept holding high when out, much better set when in her pen. Good length well balanced wedge. Oriental shaped eyes slanting towards her nose, vivid green in colour. In profile straight nose, firm chin, level bite. Elegant neck. Long body of good weight. Slender legs and neat oval paws. Her tail balances. Again her plume could be of better length as it was a tad sparse and I would prefer a longer length of coat for perfection. Her coat was silky and lying flat to her body. Lovely bright red tortie markings on her evenly shaded coat. Sweet poppet.

Oriental Lilac Kitten

1 & BOB REES' JUANNRE JO MALONE (OSHc (29c) F 18.10.14 What a cutie – sweet purring pops! Stylish baby. Strong top. Large wide based flared ears well set. Good length well balanced wedge. Slight muzzle pinch. Oriental shaped eyes set well apart, slanting towards her nose, vivid green in colour. In profile straight nose, firm chin, level bite. Elegant neck. Svelte body of good weight. Slender legs and oval paws. Her tail is long and tapering, balances. Her coat is still long and kittenish but has good texture and shine. Frosty grey with distinct pinky tone, sound to the roots. Adorable lass.

A V Breeders Adult

1 LINCOLN'S GR CH LINCZOZO CAT'S PYJAMAS (ABY n (23) F 28.9.12 Lovely type girl. Nice size ears, set wide apart, well cupped and tufty. Moderate wedge with gently rounded muzzle. In profile she has a slight nose break, firm chin, level bite. Her eyes are set well apart, large and expressive, rounded almond shape, pale chartreuse in colour. Lithe muscular body, straight back. Slim legs and small oval feet. Her tail is thick at the base, tapering, balances. Her coat is short and fine and close lying. Super ticked coat – rich golden brown ticked with black on a ruddy orange base coat.

2 OAKLEY'S GR CH KREMLINKATZ KATYA KALIKOVA (RUS a (16a) F 26.6.13 Nice Russian. Her ears are large and pointed, wide at the base and set vertically to her head. Medium wedge, high cheekbones prominent whisker pads. Her eyes are almond in shape, set well apart, vivid green in colour. In profile shallow concave curve to nose, firm chin, level bite. Well muscled body of good weight. Slim legs and oval paws. Her tail is tapering in shape, balances. Her coat is short, fine and soft clear blue with distinct silvery sheen.

SHROPSHIRE CAT CLUB

Sphynx Adult

BOB to MACDONNELL'S OSIGC AMAROGUE SAFARI (SPH n 03 (84 31) F 21.9.08 I have always been a big fan of this lovely type girl. Large size ears wide at the base tapering to a rounded tip, well set. Modified wedge with good rounded contours, slightly longer than wide. She has super prominent cheekbones and distinctive whisker break and pads. Flat plane to skull in front of her ears, straight nose, good stop, strong rounded muzzle, firm chin, level bite. Her eyes are expressive, large and lemon shaped. Long elegant neck. Firm hard and muscular body of good weight. Broad rounded chest and well rounded rump. Slim legs and neat oval paws. Long toes giving the correct appearance of walking on cushions. Her tail is long and slender and tapers, balances. She has a super coat, fine down giving the correct feel of chamois leather. She has

acceptable thicker down on the bridge of her nose. Love her wrinkles! Outgoing purring girl who is a joy to handle.

Considered for BOB: ROBERTSON'S GR CH ONATUREL LADYGAGA (SPH f 03 (84 22) F 17.12.10 I hadn't realized that this girl is the daughter of my BOB winner! Obviously not as mature as her mother, but nonetheless a nice type girl. A real "tortie trouble"!! Her ears are large, wide open at the base, rounded tips well set. Modified wedge, longer than wide. Good prominent cheekbones, and distinctive whisker break and pads, strong rounded muzzle. Flat skull in front of her ears. Would prefer her to have a more definitive stop. Slightly receding chin, level bite. Her eyes are large and lemon shaped and are set well apart. Firm, weighty, muscular body with a nice broad chest and well rounded rump. Slim legs and neat oval paws and long toes, giving the correct appearance of walking on cushions. Her tail is long and slender, tapering tip, balances. She has acceptable thicker down on the backs of her ears and on the bridge of her nose. She has fine down on her coat giving the correct chamois feel. Pretty tortie wriggler with 101 legs!!

Devon Rex Kitten Male

1 DODD'S POOLSIDE EBONY MILO (DRX ns (33a36) M 17.5.14 Almost adult at 8 months, 3 weeks. He had the cutest of squeaks! His ears are large, wide set, and set low. He has a short broad wedge with nice high cheekbones. Brow curves back to a flat skull. Strong muzzle, firm chin and well defined whisker break. Level bite. Short nose but would prefer more of a well defined stop. His eyes are oval in shape, set well apart, pale chartreuse in colour. Well grown chap with a hard and muscular body. Broad chest. Slim legs and oval paws. His tail is long and tapering, balances. His coat is slightly long, giving him loose waves which are soft in texture. The rexing extends well down his legs and tail. Sweetie.

Devon Rex Kitten Female

1 & BOB BARLOW'S ADIFTSH LITTELNEL PRINCESS (DRX fs 21 (33a18e) F 27.10.14 Baby of just 3 months old but what a feisty little lass!! Super expression of this girl – she really had the wicked expression and "pixie" face. Large ears set low and wide apart, wide at the base, rounded tips with super tufts on the tips! Short broad wedge with nice high cheekbones. Strong muzzle, firm chin and level bite. Well defined whisker break. Short nose with good stop. Her brow curves back to a flat skull. Her eyes are wide set, oval in shape. She has an elegant neck. Her body is firm and muscular and well built for her age. Broad chest. Slender legs and neat oval paws. Her tail is long and tapering, balances. Her coat is short, dense and soft in texture. Lovely rexing on her body which extends well down all of her legs and tail. Hissy madam who had a lot to say for herself!

2 BARLOW'S ADIFTSH SLINKY THEPRINCESS (DRX fs 21 (33a18e) F 27.10.14 Litter sister to winner and an absolute poppet on the temperament front! Unlike her sister! Short broad wedge with high cheekbones. Well defined whisker

break. Short nose with definite stop. Firm chin, level bite. Brow curves to a flat skull. Cute pixie face. Her ears are large and set low and wide apart, rounded tips. Her eyes are large and oval in shape. Slim neck and well muscled body of good weight. Slender legs and oval paws. Her tail is long and tapering, balances. Her coat is short, dense and soft in texture. She has rexing on her legs and tail, but on her body her coat is rather flat and lacking ripples. Sweetie.

Sphynx Neuter Male

1 PC ROBERTSON'S ONATUREL APPENNINE STAR (SPH n 03 (84 31) MN 1.5.13 This young man is the son of Ladygaga! How wonderful! Friendly chap who just wouldn't open his eyes!! Large size ears, wide open at the base, rounded tips, well set. Modified wedge with good rounded contours, slightly longer than wide. Nice prominent cheekbones and distinctive whisker break and prominent whisker pads. Flat plane of skull in front of his ears. Good stop. Firm chin, level bite. His eyes are large and lemon shaped (when I could get him to open them!) chartreuse in colour. Acceptable thicker down on the bridge of his nose. Solid muscular body with broad chest and well rounded rump. His tail is long and slender, tapering at the tip, balances. Slim legs and neat oval paws, long toes, standing on cushions. He has a fine down on his skin giving the correct feel of chamois leather. A sweetheart!

AOC Tortoiseshell Burmese Adult

1CC ROGER'S IOCOSA OCTOPUSSY (BUR h (27h) F 20.2.14 Super young choc tortie just adult at 11 months, of wonderful type. She has a real Burmese "look". Gentle rounding to top of head. Large ears well set with correct forward tilt. Short wide wedge, blunt muzzle. Expressive eyes are set well apart, good shape and size, yellow in colour. Rounded brow. Good nose break, nose rolls off at very tip. Firm chin, level bite. Muscular firm body. Slim legs and neat oval paws. Her tail has a good shape, paintbrush tip, balances, with a cream end which looks as if she really has dipped her tail in the paint pot! She has a super coat, short and close lying, good texture and shine. Pretty mingling of choc tortie. Dear sweet temperament. Will watch her progress with interest.

BOB to TEGG'S IGR CH BLOOMERS BELCHAMPE BROOKE (BUR h (27h) F 2.7.10 Mature lady of 4 and a half years, who was in quite a strop! Gently rounded top of head. Large ears well set with correct forward tilt. Short wide wedge, blunt muzzle. Her eyes are set well apart, good shape and size, chartreuse in colour. Flat brow. Good nose break, nose rolls off at very tip, firm chin, level bite. Very muscular lass with super muscle tone. Slim legs and neat oval paws. Her tail has a good shape, paintbrush tip, but is short to balance. She had a coat to die for – groomed to perfection and not a hair out of place. Short close lying with good shine. Attractive mingling of colours. Not a happy bunny!

Brown Burmese Neuter

BOB to TOWN'S IGR CH & PR TEAPOT TANYA (BUR n (27) FN 23.2.05 I do not think I have had the pleasure of meeting this lady who is nearly 10 years old. In super condition for her age, although her manners did not match! She was in a right strop! Gently rounded top of head. Large ears well set with correct forward tilt. Short wide wedge, blunt muzzle. Her eyes are set well apart, good shape and size, chartreuse in colour. Fabulous “wicked expression”! Rounded brow. Good nose break. Firm chin, level bite. Weighty lass with middle aged spread which is allowable at her age! Slender legs and oval paws. Her tail has a good shape, paintbrush tip, short to balance. Her coat is superb, short and close lying, excellent texture and shine. Dark even seal brown. My easy choice for BOV Neuter – Many congratulations!

My BOV Foreign Kitten was LINCOLN'S GLENDAVAN ARTEMIS (ABY c (23d) M 28.8.14 Lilac Aby. This young man was a nice type lilac boy but oh did he have purrsonality plus!! He was snuggling into my neck, purring for England, lie upside down on his back kissing my nose – how could I possibly refuse!! Totally adorable kitten whom was most certainly my “take home” cat of the day. What a joy to judge and handle. Will watch him with interest and hope to have a cuddle again! Many congratulations.

My BOV Burmese Neuter was TOWN'S IGR CH & PR TEAPOT TANYA – see report above.

My BOV Burmese Adult was BRIDGES' SANLIS BROWN'D OFF (BUR n (27) M 19.2.14. I had the pleasure of giving this young man his first CC at the Supreme last year. Boy is he maturing nicely. Lovely boy! Many congratulations!
