

KENTISH CAT SOCIETY SHOW 21.10.17.

G.E.Martin

Many thanks to Helen, Sean, Sue and the committee for my invite to judge at this well attended Halloween Show. I was fortunate to secure the services of Wendy Poogee and, as always, she handled the cats and me with great care and kindness.

GRAND CLASS - AC NON-SELF PERSIAN CHAMPION ADULT MALE. 1GRCH OWNE'S CH CUSHKA WHAT'S IT ALL ABOUT (PER d 21 33) M 20.06.16. Very handsome Red Tabby (unspecified) Colourpoint boy just one day over sixteen months of age. he is a boy with the very best of short broad persian type with a wonderful rounded head balance. Bold clear eyes showing a lovely shade of solid blue. His apricot-white coat was presented to the highest of standards with his red tabby markings very subtle.

GAND CLASS - AC NON-SELF PERSIAN CHAMPION ADULT FEMALE. 1GR SOAVE'S CH STUPENDUS LUCY LOCKETT (PER f 03) F 25.05.14. What a very pretty girl this Tortie and White is and at approaching three and a half years of age, she has lost nothing along the way, and has short broad type that is very much to my liking and with a soft feminine look. Cobby low body shape covered with a medium to full very well presented coat that was showing very vibrant tortie colouring with her white sparkling.

BLACK ADULT. BOB ANGUS'S GRCH PALCHINNO VELVET KISSES (PER n) F 17.07.16. (Entered for BOB only) Black self LH girl.

WHITE (BLUE-EYED) ADULT. (BOB Not Awarded) ROBERTS'S CH ALASKAN SWEET CLEMENTINE (PER w 61) F 25.03.16. (Entered for BOB only). Blue Eyed White girl.

BLUE ADULT. BOB ANGUS'S PALCHINNO CELESTIAL PURRS (PER a) F 04.05.14. (Entered for BOB only). Blue Self LH girl.

TABBY COLOURPOINT ADULT. BOB OWEN'S CH CUSHKA WHAT'S IT ALL ABOUT (PER d 21 33) M 20.06.16. (Entered for BOB only). Red Tabby Colourpoint boy - already commented upon.

TORTIE OR CHOCOLATE TORTIE AND WHITE NEUER. BOB CORNFORD'S CH & PR LADYGEM GLORIA (PER F 03 FN 18.05.14. (Entered for BOB only). Tortie and White girl.

CLASS 190a AC SIBERIAN KITTEN MALE. 1 GEARY'S LYNDONGRAEY RUSSIAN ROULETTE (SIB n 22) M 08.04.17. Brown Classic Tabby boy that at approximately six and a half months of age, I found to be at a very awkward stage in his development. He has a head that is in good proportion with a short broad wedge, that, at present, is lacking in roundness and his cheekbones not yet making a defined connection between whisker pads and outer ear base, that is so desired for balance. However, in profile, he does have a slight concave curve to his nasal bridge and a slightly domed lower forehead between ears of medium size, that are rounded at the tip and set wide apart, with good furnishings. Large slightly oval shaped eyes with a rounded lower line, set slightly obliquely, showing yellow with an inner green rim, in today's hall light. He has a rectangular shaped body, but, for me, it appears a little on the long side, which I would hope will look more proportional as he fills out. He has a tail that is broad based, which slightly tapers to the tip and, for length, reaches to his shoulder and was well furnished. In proportion legs with good width of bone, large round paws with close carried toes, with tufting in development. Today, he had a soft kitten coat throughout, as would be expected at this age. He was showing good clear black tabby markings to legs, tail, face and head, but any pattern he has to body is very defused and I can only described it as intermingled shades of rich brown verging on chestnut. He is a gentle boy and was enjoying all the attention and now just need time on going forward.

KITTEN FEMALE. 1 BOB FINCH'S SNOWITCH WILD SPIRIT (SIB n 33) F 27.05.17. At approximately four and a half months old, this very pretty Seal Point girl looks a mini version of the finished article, apart from the texture and structure of her coat, which was, as expected at this age, very much a soft kitten coat at present. Wild Spirit has a head that is very much in proportion to her body with a short broad wedge with slightly rounded muzzle and chin. Her nose is of a harmonious length and, in profile, her nasal bridge has a slight concave curve. Well developed whisker pads with connecting cheekbones that are low set and very much gave the desired impression. Medium size ears rounded at tip and set well apart. Large slightly oval shaped eyes with a rounded lower line, and slightly oblique set, showing in today's hall light, a solid shade of medium blue. Rectangular shaped body and looking very much proportional, supported on medium length legs and large paws with very good bone structure. Tail, broad at base, slightly tapering towards the tip and reaching to shoulder for length. Her body colour is a lovely ash white with seal barring to legs, 'M' to forehead, and seal tail. She has a temperament to die for, and I wish her all good fortune in her show career.

2nd GEARY'S LYNDONGRAEY IZUMINKA (SIB n 03 21 33) F 11.04.17. Very pretty Blue Tabby Point and White young lady heading towards six and a half months of age. Izuminka is very much a kitten with "heft" with a rectangular well in proportion body, set on medium length legs of substantial bone structure, with large paws showing toes that are carried close with tufting developing between. She has a head

that is very much in proportion to her body, with a short broad wedge with rounded contours, but, as yet, she still has a little more work to develop her cheekbones, which, given what I saw today, I'm sure this will come. In profile, she has slight doming to her lower forehead with a slight concave curve to her nasal bridge and a nose of balancing length. medium size ears, rounded at the tip, set wide apart and well furnished. She has the most stunningly solid deep blue eye colour, large and slightly oval in shape with a lower line that is rounded and set slightly obliquely, with good space between. Broad based tail, tapering slightly towards the tip of balancing length to body. She has a soft kitten coat as yet, and in today's hall light, appearing to have rather pale mushroom tone to it, with pristine white to chest, underbelly, all four paws, blue leg barring, 'M' to forehead with blue mask showing slight facial tabby pattern and a fully coloured blue tail. She is a lovely girl with a great temperament and I wish her well in the future.

AC PERSIAN BREEDERS ADULT. 1 POTTER'S GRCH PRIMISSION KWIZI KAL (PER n 03) M 29.03.16. Black and White LH boy.

2nd PARKES'S GRCH LADYGEM FORGET ME NOT (PER n 03 22) F 21.06.16. Brown Classic Tabby & White LH girl.
