

CHINCHILLA, SILVER TABBY & SMOKE CAT SOCIETY SHOW – 2017.
Judge: Charis White

Many thanks to Sandie Holloway who came to steward for me today. It was lovely to catch up again and I really enjoyed your company. Sandie is an expert in handling the cats well and knows the show process so well so it's always an easy day for me. I am looking forward to our next outing.

BRITISH BLACK SILVER SPOTTED NEUTER, FEMALE

BOB – BRASSINGTON'S CH & GR PR TIGATAILS DAISY-ANGELINA
06/06/15 She is not yet fully matured and is large framed, well grown and weighty with good bone to her short strong legs. Her slight immaturity just shows in the breadth of her head – it is good but it just needs the cheeks filling out completely to give the roundness and she just looks a little narrow on the muzzle as yet. Ears are a bit tall and large but they are well spaced. Lovely round expressive hazel eyes. Short broad nose with brick nose leather, level bite and firm chin. Her coat is marginally soft but it is short and dense and has a pleasing feel to it. The medium silver ground is attractive and there is good contrast with the jet black pattern. Lovely facial markings of an 'M' on her forehead and lines and stripes out from her eyes and across her cheeks. She has necklaces and a spotty tummy. Legs are barred and tail is ringed, with a black tip. On her body, the black spots are very good – there is just a tiny bit of linkage running down her sides from her shoulders. Her spine line appears to be solid black but in fact, spots can be seen within that dark area. She is a lovely example and sweet natured.
