

SHOW: The Chinchilla, Silver Tabby & Smoke Cat Society

DATE: 25th November, 2017

JUDGE: Mrs Rosemary Fisher

A different venue this year which seemed to work well. Thanks for the invitation to judge and to Wendy Pobgee, my hard-working and efficient steward. Thanks also to the club for the lovely flowers for my birthday. I judged Overall Best in Show, and chose Benton's Gr Ch Jeraz Little Snowbear, a very handsome Black Tipped BSH who was looking really good today.

AV IMPERIAL GRAND PREMIER NEUTER MALE

OLY Brassington's UK IGP Tigatails Silver Donald – Black Silver Tabby BSH

A very nice mature boy with a good broad head, with well placed ears. His eyes are round and a good green colour. Nicely rounded face with full cheeks, firm chin and a level bite. He has a muscular strong body, and well boned legs; his tail is just a fraction short. Excellent coat that is short, dense and crisp, displaying a very well defined shiny classic tabby pattern on a clear silver ground. A handsome cat, very nicely presented.

AC GRAND PREMIER PERSIAN

IMP GR PR Chalkley's IGC & GP Owletts Jim Jam – Red Shaded Silver Exotic

Now 8 years old, he has an excellent broad masculine head with small well set ears. Round orange eyes, short broad nose with good full leather and open nostrils. Round cheeks, good firm chin and a level bite. He is a big boy, but with a good cobby frame, short well boned legs and short tail to balance. Lovely coat that is thick and soft with even red shading on a clear silvery white ground, some rings on his tail. Excellent show preparation.

RES IMP GR PR Fairs' IGC & GR Filoselle Fortunate Son – Cream Shaded Cameo

This boy has a very nice head, with a good broad top and small ears, nicely placed. Round eyes of deepest copper, short broad nose, good full cheeks, firm chin, bite slightly undershot. Good cobby body shape, well boned legs, short full tail. His coat today was fairly full, still coming in around his ruff, lovely even cream shading on a clear silvery white ground. Just a little shy to handle today.

AC GRAND PREMIER BSH

**IMP GR PR Brassington's CH & GR PR Tigatails Daisy-Angelina
Black Silver Spotted**

His coat is medium length today, slightly wooly texture, pale golden base with even seal tipping.

Nicely grown boy of not quite 4 months. He has a good top of head and small ears that are nicely placed. Round eyes with colour still developing. Good short broad nose, round cheeks. Good chin and a level bite. Nice and short and cobby, with short legs and short tail. Super full frill, long evenly tipped coat, alas some yellow staining to his back legs and paws just took the edge off the overall very attractive picture. Promising baby.
