

JUDGE: Mrs. Rosemary Fisher

SHOW: Red, Cream & Tortoiseshell Society

DATE: 25th November, 2017

A different venue this year which seemed to work well. Thanks for the invitation to judge and to Wendy Pobjee, my hard-working and efficient steward. Thanks also to the club for the lovely flowers for my birthday. I judged Overall Best in Show, and chose Fairbanks' Jemineve Spirit In The Sky, a handsome, Red & White Bi-Colour Persian MN, with a massive coat that had been groomed to the last hair, a credit to his owners.

TORTOISESHELL NEUTER

BOB Haynes' GR CH & GR PR Ansteyn Paloma Picasso

Good round head, neat little ears, good eye shape and good orange colour. Short broad nose, nicely rounded cheeks, good chin and level bite. Very

cobby in shape with excellent body weight. Full silky coat that is nicely patched, the red being bright in tone, all legs broken with colour.

Cobby and well boned with a medium length tail with a rounded tip. Her coat is medium toned blue & cream that is nicely intermingled.

SELKIRK REX ADULT FEMALE

BOB Ryan's CH Arktos Brenna – Tortoiseshell SH

Mature girl of 5½ years. Fairly broad head, medium sized broad based ears that are nicely set. Round, pale green eyes, rounded forehead, good breadth across her cheeks, short broad nose with downward slant, fair muzzle, good chin and a level bite. Good rectangular body, medium length well boned legs and round paws. Medium length thick tail with rounded tip. Very good coat, thick and dense and standing away from her body, very nice soft, plushy feel, uniform length with plenty of curl, plush tail curls.

1st, CC WITHHELD Bradley's Sheepphouse May-Bug – Black SH

Young girl of just under 18 months. She is rather too British in type with a round head and small ears. Very nice, well opened orange eyes, very good matchbox shaped muzzle, firm chin and level bite. She has a cobby body shape, well boned legs and medium length tail. Her coat is very short, with a crisp, slightly wiry feel rather than the desired soft, plushy feel. Although slight rexing is evident, her coat generally lacked curl, just a little around her ears and underneath. Rather too many negative issues today I felt for the ticket.

AC BLH ADULT ASSESSMENT

MERIT & BOB Abidin's Aklisbb Rapunzel – Blue female

Well, her hair isn't quite long enough to let down from her tower so that her Prince can climb up, but she does have a very nice semi-longhair coat of a lovely soft, dense texture that is medium blue in tone and sound in colour. She is a well grown girl of just one year. Her head is round and nicely balanced, her ears small and well placed. Short broad nose of even width, nicely rounded face, good chin and a level bite. Her eyes are round and well opened a good bright orange tone. She is cobby, with good body weight and boning, medium length full tail. She has a very sweet temperament and was well prepared and shown in excellent condition.

BLACK BSH NEUTER

1st, PC & BOB Keegan's Sheepphouse Back-To-Black – FN
