

Oh my Lynda, I don't know how you do it 10 shows, a logistical challenge let alone everything else. Congratulations to you and your teams for getting it all together.

LA PERM ADULT MALE: Absent.

LA PERM ADULT FEMALE: BOB awarded to: NICHOLS' GR CH GLASTOCATS SILKY SPRITE (LPL j 02 32). A very pretty girl with sweet nature. Moderately large ears have good width between and well cupped, with furnishings and muffs. Attractive pale lilac tortie patches on mask and ears. Expressive yellow eyes of good set and size. Medium wedge with gently rounded contours, slight break to profile and level chin. Medium sized slim body of good weight and feel, with slim legs and rounding to paws. Very nice coat texture being soft and springy with curls and standing away from the body. Plume to tail.

1CC LOVELL'S ELDORIA'S BC KEASHA KISA (LPL b 09 23). What a shame this young girl was so unhappy, she was very nice but wasn't easy to assess. Moderately large ears well cupped and have good width between, slight furnishings and tufts. Expressive golden eyes set well apart. Gently rounded contours to moderate well shaped wedge, slight dip to profile, chin could be firmer. Rich chocolate colour with white, attractive inverted V to face and white paws, length developing with a springy feel. Bushy tail. Good weight and size to body, only just coming up to 10 months of age. What a shame, would have liked to have spent more time with her.
