January 2018

My thank to Lynda and her committees, assistants and table workers. Its quite a task putting these shows together. My thanks also for the hospitality. Jean as usual was good company steered me through a busy enabling us to get to the railway station in time for the train home unfortunately due to a breakdown and adverse weather conditions it became a six and a half hour journey, nearly Sunday when we got home. I had the pleasure of judging Best over all foreign at the SHCS show and opted for Lincoln's IMP GR CH Linczozo Javier Fernandez, Chocolate Abyssinian. A lovely typy boy with a super temperament that is so important when being judged for BIS. Congratulations on him being BIS at SHCS and at The Abyssinian Cat Association. There were several breeds across the board unsettled today.

Short - Haired Cat Society

Grand Class Cornish /Devon Rex/ La Perm /Sphynx Champion Male

GR/CH/ Spurr's Ch Winter Mystery Frodo (SPH a 09) 19/02/17

Boisterous boy having fun today. Large ears tending to flare when out of pen but nicely set when he calms down in the pen. He has good width across his cheekbones. Defined whisker pads. Slight nose break. Large lemon shaped eyes, set well with good width between. Body substantial, firm and weighty carried high on slim proportionate limbs, balancing long tail. Body has a nice downy feel, slightly heavier on nose. Playful boy with a lot of carry - on in his head

No Reserve 2nd Webb's Ch Elmo Alter Ego *Lt (CRX n 33) 26/ 02/15

Very shy boy. Over all good type. Ears set well on an evenly balanced head. Good width to cheeks and depth to his wedge. Shapely eyes set well. Nice profile. Sorry to withhold but his coat could have been deeper and he needed more coverage on body and tail

Grand Class Cornish /Devon Rex / La Perm / Sphynx Female

GR /CH/ Fay's Ch Rexcyted Dinah - Mite (DRX bs) F 20/11/13

Large ears, wide at base set well apart and low on a flat skull. Wide across the cheekbones. Short broad wedge and good whisker break. Slender neck. Fair break in profile. Typical expressive Devon eye line, shapely of good size and set. Body medium length, strong chest good muscle tone and bone. Lovely Devon stance. High limbs and a tapering thick at base tapering tail. Well covered all over in deep curled coat. Lovely girl who handled well

Res GR /CH Linton - Sinclair's Ch Glasha Egoza (DRX 03 24) F 21/11/15

Large wide at base ears set well. There is good width across the cheeks and a defined whisker break. Short wedge. Good stop. Expressive eye line with typical Devon expression. Medium length to a dainty but weighty body. High limbs and good length to tail. Short coat with rexing that could be just a little deeper. Handled well

Russian Blue Adult Male

Considered for BOB

Oakley's Gr Ch Kremlinkatz Kazak Kazar (RUS a) M 14/06/16

Short wedge to his head, defined whisker pads. Ears of good shape and size, holding them a little wide set today. Eyes almond shaped, would like them just a little bigger. Nice angle with a slight concave curve to nose. Body firm with good muscle. Proportionate limbs and good length to balanced tail. Coat is short and soft just slightly harsh over spine. Showing silvery sheen . Very alert boy, he handled well.

Russian Blue Adult Female

BOB CC Stark's Dushenka Viola Heartease (RUS a) F 20/03/17

Very pleasing girl, she blossomed out of pen. Balanced head. Tall ears set well, high and vertical. She has good width across her cheeks and a short wedge enhanced with well puffed out whisker pads. Nice angle definition and correct profile. Fair chin. Eyes are almond shaped, set well apart and they have good depth of colour. Body is elegant, slender with good substance, proportionate tail of good length. Her double coat is short, nice texture and density, soft blue with a lovely silvery sheen. Just over nine months but coming together nicely. Combination of type, eye colour, coat plus her "excellent" temperament pushed her to BOB

Considered for BOB

Oakley's OS IMP Gr Ch Kremlinkatz Katya Kalikkova (RUS a) F 26/06/13

Apprehensive girl. Largish ears mobile today. Short wedge and defined whisker pads. Profile shows slight concave curve. Eyes set well, almond shape, palish green. Lengthy elegant body with proportionate limbs and tail. Short dense coat, medium blue with clear silvery tipping

Cooper's Tabushkablu Kremlinkatz (RUS a) F 27/04/15

Not a happy girl today and returned to pen where she was assessed as a result her ears were all over the place. Short wedge to head and sucking in her whisker pads. Eyes of good set shape and size when she calmed down. Firm body. I could not check her bite

Blue Burmese Kitten

1st no BOB Mc Call's Faunese Cozy Mc Snuggle (BUR a) F 16/06/17

This girl was not enjoying herself. Very timid and tense as a result she curled herself like a ball in the corner of her pen. She has good width across the cheekbones and tapering to a very short muzzle that gave her head a rounded look. In profile she had depth from skull to lower jaw. Quite a heavy roundness to the top of her head continuing over the skull. Her ears are set well apart. She is a little heavy on the brow. Good nose break, short straight nose the tip in line with a firm chin. Her medium ears are broad at the base, rounded at the tips and have a slight forward tilt when she raised them, she was tending to flatten them due to her attitude. Her chartreuse eyes were set well with good width between but her temperament contributed to a very bold rounded eye line. Body appeared short but she did allow me to lengthen her out. She has good weight and she is firm. Her tail is short and was very fluffed out as was her coat that was longish and raised over spine. It had sandy and fawn overtones. I returned several times throughout the day to have another look without disturbing her in the pen and she was still very unsettled

Brown Burmese Kitten Male

6 months and younger

1st BOB Giles Raweke Russian Roulette (27 n) M 15/09/17

Brown boy. Short wedge to head with width to the cheekbones and tapering to a blunt finish to his muzzle. Top of head is slightly rounded between his set well apart ears. In profile the head she had good depth from skull to lower jaw. The brow is slightly rounded. Distinct break followed by a short straight nose with the tip in line with a firm chin. Large ears of good shape, broad at base, rounded at the tips, in profile they have a slight forward tilt. Large expressive eye line, lustrous and set well apart, golden tone developing, the top line slants towards the nose and the bottom line is more rounded. Body is of good length, firm and heavier than it looks. Firm chest development and his body is carried on elegant, proportionate limbs and he has a medium thick at the base tail tapering to a rounded tip completing a nicely balanced exhibit. Seal brown coat is short, silky texture and lies well. A lively boy who chatted throughout judging. A pleasing exhibit showing overall good type and a pleasing nature

Brown Burmese Kitten Female
6 months and younger

1st Jarvis' Kymian Wolfie ((BUR n) F. 17/09/17

Brown girl. Short wedge, wide at the cheekbones and tapering to a blunt finish at the muzzle. The top of her head is gently rounded between the ears, There is good depth in profile from the top of the skull to the lower jaw. Brow is slightly rounded. Good depth to nose break followed by a short straight nose with the tip in line with a firm chin. Medium /Large ears, broad at base, rounded at the tips, in profile the have a slight forward tilt. Her yellowish eyes are set well apart, large and expressive with the top line slanting to the nose, the lower line is more rounded and they are set well apart. Medium body showing development compatible with her age. Firm with good bone and weighty, heavier than she looks. Proportionate slender limbs and a balancing medium thick at the base tail tapering to a rounded tip. Her coat is still kittenish short and fine, warm medium brown with a lighter shade on left shoulder and left lower neck. Lovely laid back nature, pleasure to handle.

2nd Crampton - Barden's Sykris Isabella Dawn Mist (BUR n) F 14/08/17

Brown girl. She has a short wedge and there is good width across the cheekbones and tapering to a blunt muzzle. The top of the head is gently rounded between well set apart ears. There is good depth in profile from the top of the skull to lower jaw. Brow is slightly rounded. Good nose break followed by a short straight nose with tip in line with a firm chin. Large ears, broad at base, rounded at the tips, in profile they have a slight forward tilt. Chartreuse eyes with a typical expression, large and set well apart with the top line slanting towards the nose, the bottom line being more rounded. Medium body well grown for five months. Showing good muscle tone and bone and a rounded chest. Elegant limbs, balancing tail is medium thick at the base and tapers to a rounded tip. Short close lying coat, warm even seal brown. Lovely temperament.

3rd Wilson's Adjulbu Riddle Enigma (BUR n) F 11/10/17

Brown girl. Short wedge with good width across her cheekbones and tapering to a short blunt muzzle. The top of head is gently rounded and there is good width between her ears. There is good depth in profile from the top of the skull to lower jaw. Brow is slightly rounded. Distinct nose break followed by a short almost straight nose, just showing a tiny bump in line with a firm chin. Medium / Large ears, broad at base, rounded at the tips and having a slight forward tilt in profile. Glaring Burmese expression enhanced with her attitude. Large , yellow lustrous eyes well set apart, the top line slants to nose, the lower line being more rounded. Good body development for her age she is just three months and is of good weight, size and shape. Her limbs are slender, her tail is medium thick at the base and tapers to a rounded tip, I would like it just a little longer for over all balance. Still very much a kitten coat, slightly open, nice even warm brown. Quite a feisty little girl with a mind of her own
