

NORTH OF BRITAIN LONGHAIR & SEMI LONGHAIR CT CLUB
9TH FEBRUARY 2019
MRS SANDRA MOORE

My grateful thanks to show manager Doreen Dobson and her girl Friday Claire Norman for the invitation to join them at Doncaster. The weather was wet and windy but the warm friendly welcome and genuine hospitality was very much appreciated from the hard working committee which more than made up for the damp conditions outside. A very friendly show I enjoyed my day very much in the company of so many lovely cats it was a pleasure to have the privilege to handle and judge. I was most fortunate to have the services of Melony Faber as my steward we had a good day together and nothing was too much trouble, so my grateful thanks Mel.

SECTION 1

BI-COLOURED (INCL. ODD-EYED & BLUE EYED) PERSIAN KITTEN class 69

1st & BOB TO – HARLE'S FALABELLA FLORENCE (PER n 03) F (04.07.2018) Black & White what a gorgeous girl!! Completely enchanting she is well grown of sturdy build and cobby in the body of good weight with short thick legs ending in firm rounded paws, she has a proportionate very full tail. Lovely broad round head with full cheeks her ears are neat and fit into the contours of her head very nicely to further enhance the roundness, short broad nose with a fully formed pink leather, lovely bold eyes still changing colour looking a bit muddy at present, bite acceptable with nice tidy teeth, strong muzzle and chin.. Super quality and texture of her coat it felt just like cotton wool soft and long it stands out from her body and looked so full of life, a small amount of ruff frames that delightful face of hers giving the finishing touches to a well prepared coat, This high white girl is almost all snowy white with two even spots of colour on her forehead a completely black tail and one spot of black on her back showing a few white hairs, otherwise the presentation is faultless, well done to the owner on a superb job of showing a kitten to this level, not easy but you cracked it.

SECTION 2

AV GR PR NEUTER MALE class 175

IMPERIAL TO – HAWORTH'S UK IGR CH & GR PR DIZZIPAWS BRUCE (RAG n) MN (02.08.2006) Seal Colourpointed Ragdoll now twelve and a half years of age and looking amazing this mature gentle soul has all the correct characteristics of the breed he represents, he chatters away to you all the time and is completely at home in his show surroundings. I love his head shape he has a wide truly flat plane between neat well placed ears that have a slight forward tilt, maintaining the deep blue of his eyes, the nose shows a gentle slope in profile, good width to his cheeks and nicely rounded at the muzzle with a firm deep chin. Long heavy set body with a thick neck and deep chest, tail is quite full and in proportion to body. Good length pale silky coat showing just a teeny bit of surface shading with a pale ruff and knickerbockers in place giving excellent contrasts to the deep seal of his mask ears legs and tail. Temperament and condition faultless obviously loved to bits, my pleasure to give him the Best Neuter award later in the day, well deserved.

RES. LUBY'S GR PR WESTLAKES FURY (MCO d 22) MN (31.08.2015) Red Classic Tabby Maine Coon coming up for three and a half this big bonny boy is beautifully put together in terms of his large strong body and well structured head matching up nicely, and only coming second by a small margin. Long furnishings edge his large upright ears wide at base tapering to the tufted tips, his gold eyes have a good setting and do a good job of lighting up his face, broad nose of uniform width in profile it shows a shallow curve at the bridge with a slight bump just above the nose leather, high set cheek bones, excellent square muzzle level bite and firm deep chin. Long

rectangular body of much size and weight with nicely boned limbs ending in large tufted paws. Long flowing tail almost reaching to his neck. Coat of good length covering the undercoat length a little shorter over the shoulders increasing in length along his back and down the flanks, a clear rich red classic pattern on a light apricot base is well defined particularly on his face and along the body with bars to the legs and a ringed tail, cracking boy with lovely manners.

also entered

HAMILTON'S GR PR ATAKAD ANOTHER ATTOYSHARL (SBI n 21) MN (02.03.2011)

Striking Seal Tabby almost eight years young in overall very nice condition he obviously likes his food as he is quite a strapping lad. His bold round head is strong and masculine giving his ears plenty of space to sit widely apart and at a good angle, pleasing profile showing a slight dip to his medium length nose muzzle and bite good, his cheeks could do with a little more fullness. Long in the body showing good substance with thickly boned legs and well rounded paws, his tail matches the body for length. Distinctive tabby points that show up well on his mask legs and tail, well prepared coat with a hint of surface shading. Front gloves have a spur behind left, good socks and gauntlets, well shown.

STRAWS GR PR RAGZNDREAMS CENOURINHA (RAG d 21) MN (10.04.2017) Red Tabby Colourpointed Ragdoll Youngster of twenty one months very well grown for his age with a solid and heavy body of good substance but needing a little more time for his head to match his body as he looks rather immature. I would like to see more of a flat plane between his ears which are a tad close set, medium nose showing a slight dip in profile, very nice large deep blue eyes obliquely set, cheeks beginning to acquire some fullness but rather fine in the muzzle, good chin and level bite. Quite long in the body with well boned legs and a long tail currently a little sparse of furnishings. Body fur has a silky texture of fair length, points colour is pale red the tabby is yet to fully develop, handled well.

AV SECTION 2 GR PR NEUTER FEMALE class 176

IMPERIAL TO – STAVELEY'S GR CH & GR PR BELKATON SUMMER (SBI c) FN

(11.06.2014) Exceptionally beautiful and mature Lilac girl the only one in the class but such a worthy winner, grooming superb and condition first class what a stunner she is. Lovely type with a true Birman expression, broad head with neat ears set well apart, almost round eyes deep blue in colour, her nose has a gentle dip when viewed in profile with a pale lilac leather, good depth of chin and level bite, cheeks full and round tapering to a strong muzzle. Long well structured body of good weight and size. Her pale magnolia toned coat is long and quite full and is just perfect to show off her pinkish/grey points colour to best effect all very well defined on her mask ears legs and tail, the contrasts are subtle and almost ethereal. Tail medium in length and quite full and bushy with a ruff that frames her face. Neat front gloves just about matching, nice socks her gauntlets are a good length and finish evenly just below the hocks and all sparkling white, I am so pleased to award this beauty the certificate today, well done.

AC BIRMAN,RAGDOLL OR RAGAMUFFIN CH ADULT MALE class 127

GRAND TO – HAWORTH'S CH ROSYPOSY TOBIAS (RAG n 03) M (20.06.2014) Seal Bi-Colour male of four and a half lovely type with a super head shape and lovely Ragdoll expression, he has a broad head with a flat plane between forward facing medium sized ears, large deep blue eyes spaced well apart obliquely set, medium length nose the profile shows a gentle dip and retrousse tip, well developed cheeks his muzzle is firm and chin deep. Sizable body of good weight with thickly boned legs, tail is long and bushy with a slight taper towards the tip. Beautiful dense coat with plenty of undercoat beige in tone to the level of the under body, sparkling white patch on his back legs tummy chest bib with an even inverted 'V' of white to his face, the remainder of the mask his ears and tail are all deep seal, super boy well groomed and shown in immaculate condition.

AC BIRMAN,RAGDOLL OR RAGAMUFFIN CH ADULT FEMALE class 128

GRAND TO – HAWORTH'S CH DIZZIPAWS ZAFFIRO (RAG a) FN (24.09.2016) Sparkling Blue Colourpointed Ragdoll a little under two and a half she is such a sweetie and is very laid back and calm. Medium ears set well apart with a slight forward tilt showing a flat plane between them, she has a strong head shape with well filled cheeks and very good definition to her full and rounded muzzle, lovely expressive blue eyes, gentle dip to her nose with nice depth of chin gives a pleasing outline to the profile. She has good development to her body it feels quite weighty and of good length coupled to strong boning to her limbs with a long and bushy tail just the right length to match the body. Very soft and silky coat with the merest hint of surface shading on lower back but giving excellent contrasts to pale light blue points covering her mask ears legs and tail all uniform in colour. Nice to handle and well presented.

AC MAINE COON OR SIBERIAN CHAMPION FEMALE class 132

GRAND TO – KENYON'S CH BELKATON SASHA (SIB f 22) F(23.06.2015) Attractive Tortie Tabby Siberian just over three and a half years old. Strong broad head with medium round tipped ears sitting well apart, she has a short broad wedge which tapers gently to a firm chin, gold eyes ever so slightly oval in shape and quite expressive, her nose is uniform in width and shows a good profile line, well developed whisker pads help to enhance the fullness of her low set cheek bones . Extremely firm weighty body which balances nicely with her head, good boning to legs ending with large furry feet, the tail is broad at base and has a slight taper to the tip and mirrors the body in length. There is undercoat which is covered by a longer weatherproof topcoat showing wonderful rich warm tones of the tortie element with a defused tabby pattern coming through and showing up well on her face and tail which has a dark tip and is fully ringed, lovely condition, well shown.

RES MULLEN'S CH JULESCOON JUST ONE LOOK (MCO f 03 22) F (26.12.2016) Tortie Classic Tabby & White Maine Coon very appealing and feminine lass of just two years of age. Stylish head shape of medium length with high set cheek bones giving overall good width, large ears well furnished standing quite upright with tufting to the very tips, slightly obliquely set eyes a nice gold colour, shallow concave curve to her nose gives her a strong profile, well defined squared off muzzle good bite and chin. Long and shapely body with an equally long and flowing tail easily reaching to her shoulders, good boning to legs and well rounded paws. Very nice coat quality a glossy well presented topcoat of good weatherproof texture covers a fair amount of undercoat with a ruff framing her head, the tabby pattern weaves through a warm mix of tortie colours throughout the head body and tail with white areas pristine clean, nice temperament.

TABBY/TORTIE TABBY POINT BIRMAN ADULT class 137

for bob only

BOB TO – GARDINOR'S GR CH CHASING RAINBOWS (SBI g 21) F (15.05.2014) Delightful Blue Tortie Tabby girl well matured coming up to almost five years old she looks amazing and has a wonderful show temperament. Excellent broad well rounded head with a heart shaped face and super deep blue eyes that just draw you in, pleasing profile having a gentle dip to the nose complimented by a firm deep chin, cheeks well filled enhancing the overall look to her facially with good rounding to her muzzle. Feminine shape to her long body of good size and weight balanced out by a long and full bushy tail, firm well boned legs. Gloves socks and gauntlets all very well matched and sparkling white. Pale silky coat compliments the soft blue and cream well intermingled with a clear tabby pattern to her mask legs and tail, nice girl.

MISC.

AC PERSIAN ADULT MALE class 204

1st MORRIS'S IGR CH FIRANTY SUNNY SIDE UP (PER e) Huge Cream boy so beautifully composed and self assured of very nice type huge body with a full coat, and super to handle.
