

MRS SALLY RAINBOW-OCKWELL

Many thanks to Doreen & Claire for the invite to judge at this friendly show. A lovely hotel looking out over Doncaster race course, and super dinner companions! The quality of the cats was extremely high and I was spoilt for choice. I was very fortunate to have the company of Jennifer Spence as my steward for the day. Always a really enjoyable experience. Thanks for all your help Jennifer, and I hope we can work together again very soon.

Imperial Grand Champion (Olympian Class) Male;  
OLY MORRIS' IGR CH FIRANTY SUNNY SIDE UP (PER e, 20/4/16).  
Super Cream Persian lad of very good type. Excellent top of head with very neat ears. Deep orange eyes of good size & shape. Very short broad nose. Excellent full cheeks and firm chin. Almost level bite. Excellent full coat that was beautifully prepared. Pale cream, just fractionally shady – but I'm nit-picking here, as I know first-hand how hard this colour is! Excellent cobby body. Short full tail to balance. What a wonderful start to the day. It was made even better when I saw who this boy was later. I remember giving my first Blue Persian kitten BOB at the National to a boy from the same breeder – out of 28 kittens present! That was a great achievement, and to be scaling these heights 24 years later is the mark of a very consistent breeder who is still at the top of her game. Congratulations to both his breeder, and to his owners on a superb boy, and a very well deserved BIS Persian.

RES CANLIN'S IGR CH RAGZNDREAMS PERFECT MATCH (RAG a 03, 13/3/16).

Attractive Blue Tabby Bi-Colour Ragdoll lad who I reported on just a few weeks ago, and my comments remain the same. He is so glamorous and a real poser! His head is just a touch rounded on top, and as he has matured, he is just a little too rounded in the cheeks for the top spot.  
3 BURGESS' IGR CH MUSRAFY YURI GAGARIN (SIB n 23, 12/5/17).  
Siberian lad who is still looking a touch adolescent against the more mature boys today. Quite good breadth to his head, well set ears of good size. Pale green eyes of good size & shape. Nose showing break in profile. His cheeks are fairly low and quite good width. He is showing a slight whisker pinch at present, which makes his muzzle look rather square too. Level bite & good chin. His coat was well presented and of good length. It just lacks a little density at present. Very well grown body of good shape. Tail of good length to balance, well furnished.

Imperial Grand Champion (Olympian Class) Female;  
OLY CANLIN'S UK IGR CH RAGZNDREAMS WHO'S THAT LADY (RAG a, 27/6/14).

Super Blue Colourpointed girl whom I've enjoyed judging since she was a baby – lovely to see her again and to be able to give her a top award. She has lovely balance & real style. Good flat plane to her head with

medium ears set well. Expressive mid blue eyes of good size & shape. Excellent profile - so lovely to see the true Ragdoll retroussé nose. Good cheeks & chin. Level bite. Well prepared coat with quite a lot of shading at present. Dark blue points. Good body shape. Her temperament seems to have mellowed as she has matured, as she was fine with us today!

Imperial Class AV Section 2 Gr Ch Adult Male;  
IMP AGGETT'S GR CH ISADORYOU I-HAVE-A-DREAM (MCO d 22,  
13/6/17).

Impressive large Red Tabby Maine Coon boy of good type. Good breadth to his head. His ears are of good size – I would like them to be held a touch taller, but they are well tufted and showing good furnishings. Orange eyes of good size & shape. Nose showing shallow concave curve in profile. Good width to his cheeks. Broad square muzzle. Level bite. Fairly good strength & depth to his chin. Lovely coat that was expertly presented. Rich red tabby markings against a paler red ground colour. Excellent, well grown body of good length. Tail of good length to balance, well furnished. Just a little grumpy today.

Imperial Class AV Section 2 Gr Ch Adult Female;  
IMP CANLIN'S GR CH RAGZNDREAMS DIAMONDS AND PURRS (RAG n,  
11/4/17).

Stunning Seal Colourpointed Ragdoll girl of super type. Excellent flat plane to her head, with medium ears that are set well. Deep blue eyes of good size & shape. Nose showing good dip in profile. Good width to her cheeks. Level bite & good chin. Excellent coat that was of super length and expertly prepared. Slight shading to her body. Dark seal to her points. Very well grown body of good shape. Long bushy tail to balance. A really imposing girl with great style.

RES GARDINOR'S GR CH ATAKAD CHASING ARAINBOW (SBI g 21,  
15/5/14).

Cute Blue Tabby Birman lady of good type. Good breadth to her head with medium ears that are set well. Deep blue eyes of good size & shape. Nose showing slight dip in profile. Fairly good width to her cheeks. Level bite. Her chin could be a fraction stronger. Her coat was just slightly short today, but well presented. Almost clear to her body. Pale blue tabby markings to her points, overlaid with shades of cream. Well matched gloves and socks. Matching tapered gauntlets. I'd like her just a fraction larger but she is in proportion. Tail of good length to balance, well furnished.

Also considered;

COWSILL'S GR CH JAZZRAGZ SAVANNAH (RAG n, 2/12/15).

Seal Colourpointed Ragdoll girl of good type. Good flat plane to her head with medium ears that are set well. Deep blue eyes of good size & shape. Her nose shows a dip in profile, but is also slightly roman, which is not

correct. Fairly good width to her cheeks. Level bite. Fairly good chin. Her coat was slightly short but well prepared. Almost clear to her body. Dark seal to her points. Well grown body of good shape. Tail of good length to balance, well furnished.

EDWARDS' GR CH LUCHSLEY'S EMMA WATSON (MCO g, 17/5/14).

Blue Tortie Maine Coon girl of quite good type. Her ears are of good size & set high, showing good tufts and furnishings. Green eyes of good size & shape. Nose showing shallow concave curve in profile. Fairly good width to her cheeks. Her muzzle is square but rather narrow. Level bite. Fairly good chin. Her coat was of good length & well prepared. Shades of dark blue and dark cream throughout. Very well grown body of good length. Well furnished tail which was just a fraction short for balance.

Grand Class 2c AC Maine Coon or Siberian Pr Neuter Male;

GPC MULLEN'S PR JULESCOON XANDER (MCO n 03 22, 11/5/17).

Lovely Brown Tabby & White Maine Coon boy of good type. Good breadth to his head. Ears of good size and showing good tufts and furnishings. I would prefer them held just a fraction taller. Green eyes of good size & shape. Nose showing shallow concave curve in profile. Good width to his cheeks. Level bite. Good strength & depth to his chin. Excellent square muzzle. Lovely coat that was beautifully prepared. White to his chin, bib underneath and paws. Excellent black tabby markings against a warm bronze ground colour. Very well grown body of good length. Well furnished tail of good length to balance. An imposing boy with a gentle nature.

AC Colourpointed Ragdoll Adult Male;

1 CC CHARLTON'S FELLSIDE MR FINTON (RAG a, 23/4/18).

Young Blue Colourpointed lad of good balanced type, especially given his young age. Good flat plane to his head. Medium ears that are set well. Pale blue eyes of good size & shape. Good dip to his nose in profile. Well developed cheeks and chin. Level bite. His coat was of good length & fairly well prepared – just showing slight staining to his bib. Almost clear body coat. Pale blue to his points. Well grown body of good length. Long bushy tail to balance.

AC Colourpointed Ragdoll Adult Female;

BOB HAWORTH'S CH DIZZIPAWS ZAFFIRO (RAG a, 24/9/16).

Well I was sure that my Imperial winner would be my BOB in this class – and indeed she did run the winner very close. However, this beautiful Blue Colourpointed girl has such exceptional balance that she tipped the scales in her favour. It was such a tough choice between two stunning girls, in the end coming down to that indefinable star quality.

1 CC EDWARD'S RAGTASIA FOR YOUR EYES ONLY (RAG n, 13/4/18).

## MRS SALLY RAINBOW-OCKWELL

Cute Seal Colourpointed lass who is only just old enough for the Adult classes, but very promising. She has good breadth to her head. Her ears are of good size, just needing to settle down a little as she matures. Excellent deep blue eyes of good size & shape. Nose showing good dip in profile. Good width to her cheeks. Level bite & good chin. Her coat was of good length & well presented. Clear to her body & dark seal to her points. Well grown body of good shape. Tail of good length to balance, well furnished.

2 SIMPSON'S BRYNDLEY ANGEL-AMELIA (RAG n, 24/3/18).

Sweet Seal Colourpointed girl who has good balanced type when viewed from the front. Another youngster whose ears need to settle, but they are of good size. Mid blue eyes of good size & shape. Unfortunately her profile is completely wrong for a Ragdoll, being very roman. Good width to her cheeks. Level bite & good chin. Her coat was well presented and almost clear to her body. Dark seal to her points. Well grown body of good shape. Tail of good length to balance, well furnished.

Adolescent lad but promising. Ears of good size, held just a fraction tall at present, but hopefully to settle as he matures. Expressive pale green eyes of excellent size & shape. Nose showing dip in profile. Fairly good width to his cheeks and the cheekbones are fairly low. His muzzle is just a fraction pinched at present. Level bite. Good strength & depth to his chin. Lovely coat of excellent length and showing good density. White to his paws and patches to his top of head and muzzle. He is down as a Black Shaded and White, but he is in fact Zolotoy and White – so can be changed now that the colour is recognised. Well grown body of good shape. BURGESS' IGR CH MUSRAFY YURI GAGARIN.

Nose showing good dip in profile, just slightly roman. Excellent width to her cheeks with low set cheekbones. Very good width to her muzzle. Level bite & good strength & depth to her chin. 3 STAVELEY'S BELKATON CHER (SIB n 22, 8/6/16).

Brown Tabby girl of good type. Ears of good size set fairly well.. Green eyes of good shape & fairly good size. Nose showing dip in profile. Fairly good width to her cheeks, with quite low set cheekbones. Level bite. Her chin falls away a little. Her coat was of good length & shows good density, but it needed much more show preparation as it was slightly greasy & scurfy today. Well grown body of good shape. Tail of good length to balance, well furnished.

Also considered for BOB only;

KENYON'S CH BELKATON SASHA (SIB f 22, 23/6/15).

Entered as Tortie Tabby, but looks more Zolotoy, so could need changing as per the boy above. Quite pleasing type. Her ears are held just a touch tall for balance. Orange eyes of good size & shape. Nose shows dip in profile. Her cheekbones are set fairly low, and her cheeks are very full. Level bite. Chin could be stronger for balance. Her coat is very full, and the texture is slightly soft. AC Colourpointed Ragdoll Neuter Male;  
BOB HAWORTH'S UK IGR CH & GR PR DIZZIPAWS BRUCE (RAG n, 2/8/06).

How wonderful to have the chance to handle one of my all-time favourite Ragdolls again. At 12 years of age he looks as good as ever. He is always presented in immaculate condition, and he clearly loves his shows as he is a real poser. He has everything I look for in a Ragdoll, and a temperament to die for. I was so happy to see him get the very well deserved Overall BIS later. I love him!
