

**LILAC POINT SIAMESE CAT SOCIETY / TABBY POINT SIAMESE &  
PROGRESSIVE BREEDERS CAT CLUB  
17/08/2019**

Thank you to Barbie and the show teams for the invitation to judge at these very well run and friendly shows, thanks also to Witty for her expert stewarding, sorry for trying to take your duties from you I am more used to being the steward. Thanks to Eileen Ridgeway and her team for the delicious lunch. Especial thanks to the exhibitors who entrusted me with their beautiful cats.

**LPSCS AC Pedigree Grand Master (Imperial Class) Male**

IGMC Mrs J Fitzhardy GMC PHANTOM (Lilac SH) MN

Very well grown Lilac Burmese type and typical of this breed was grumbling under his breath while on the table, very happy to play with a feather stick when in his pen, very good condition and temperament, I was very happy to award the Imperial certificate.

**LPSCS AC Pedigree Grand Master (Imperial Class) Female**

IGMC Mr H C M Meekings GMC HERMIA (Seal Point SLH) FN

Seal Pointed Balinese in fabulous condition for her age of 12 years, she was happy to come out onto the trolley and have a fuss made of her but let us know when she wanted to go back to the security of her pen and hide under her blankets, not interested in playing with the feathers but at her age she probably thought it all very childish, very well groomed with a full plume tail, super temperament.

RS IGMC Mrs N Butler GMC POPPY (Blue Cream Tortie Tabby SLH) FN

Beautiful very large semi longhair Tortie Tabby girl, sat on the trolley very interested in all that was going on around her, lovely Tortie markings mingled in with the Tabby, beautifully groomed on top but a bit tangled underneath this was my reason for the result, super super temperament.

**TPS&PBCC NON Pedigree SH Self With/Without White**

BOC Mrs L Hutchinson IGMC DORABELLA (White SH) FN

Purring snow ball, Persil white coat that she was shedding all over, beautiful expressive odd eyes, she was making puddings and purring the whole time we had her out, excellent condition and temperament.

## **TPS&PBCC Pedigree SH Self With/Without White**

MC Ms A Abbott BRYAN (Cinnamon and White Bi-Colour SH)

Beautiful Cinnamon and White pointed Bi-colour, very expressive blue eyes, he wasn't happy being out of the security of his pen so didn't show himself well, super condition and temperament. We did think he should have been in the AOC class as being a Bi-colour he is not a Self, this was mentioned to the show manager.

BOC Ms H Cain IGMCA RAFA MN (Blue SH)

My first reaction when he came out of the pen was WOW, those eyes are like pieces of amber, he sat on the trolley and enjoyed all the fuss we gave him, super condition and wonderful temperament, my take home cat of the day.

Also considered for BOC

## **LPSCS NON Pedigree Colour Class**

MC & BOC Mrs L Hutchinson TALLIS (Ginger and White SH) MN

Lovely Ginger and White Garfield look-a-like, white bib and paws in pristine condition. What a time waster but what better way is there to waste time, not happy to sit on the trolley but very happy being cuddled, a real sweetheart in excellent condition and super temperament, I think he will go a long way with this temperament.
