Thanks to Barbara & Stuart for my invitation to judge at these friendly breed clubs shows. A very enjoyable day with a nice lunch to keep us going. My steward was Dani Mann, her first time stewarding & she did a great job!

AC Silver Tabby (Classic, Mackerel, Spotted) Persian Neuter

PC & BOB

Fairs GR CH PERSIADOLL ACHELOUS (PER ns 22) MN 24/6/18

An excellent example of my favourite breed; so rarely seen on the show bench today. Black Classic Silver Tabby of lovely type & substance. Masculine smooth skull with medium sized ears set fairly wide apart. Round copper eyes with black mascara. Full cheeks, short nose with deep stop, brick leather outlined in black. Deep chin with good bite, black lips. Heavy cobby body on short tree trunk legs with black paw pads. Medium length tail. His coat was short today but that only helped to show he is "what it says on the tin". Pale silver ground colour with well defined black markings. Tabby "M" to forehead, facial pencilling with lines running back over his head. Spine lines, butterfly & oysters clearly visible on his body. Short ruff with necklaces. Rings to his legs & well striped tail. His coat was nicely prepared. Lovely lad!

Tortie or Choc Tortie & White Persian

For BOB only

BOB Fairbanks IGR CH JEMINEVE SPARK OF MAGIC (PER f 03) F 17/5/17

Attractive Tortie & White girl who is very much the showgirl. Bold round head with dinky ears set low. Large round orange eyes. Short broad nose with good break & well formed pink leather. Fat cheeks with a firm chin & good bite. Full soft ruff framing her pretty face. Cobby body on short thick legs. Short full tail to finish. She had a wealth of soft coat. Pure white with markings to her face & lower back. Fully coloured tail. Expertly prepared coat. A real beauty with a sweet temperament.

Brown, Blue, Choc or Lilac Tabby Persian Kitten

1st BOB w/h Payne's ROSEBRIDGE TOMMYCOOPER (PER n 23) M 17/8/19

Brown Classic Tabby baby. Head with very pronounced bump, neat ears with extravagant furnishings set low. Bold round eyes with good colour developing. Brick leather with black outline. Bite level. Cobby body on short sturdy legs. Short full tail. Tabby "M" to his forehead & some facial pencilling visible. I was sorry to withhold the Best of Breed but his back was completely solid with no marking to his body at all. There was

also very little warmth to the coat. Some rings on his legs & underside of his tail. Faint necklaces on his ruff. Nicely groomed with a lovely purr.

2nd Payne's ROSEBRIDGE PERRYMASON (PER n 23) M 17/8/19

Litter brother to the other boy. He was exactly the same but with an even worse head protuberance & smaller nose leather. Both very sweet natured.

Bi Colour Persian Kitten

1st & BOB Molloy's PORSHALENA SHEER ELEGANCE (PER a 03) F 13/7/19

Pretty Blue & White baby. Smooth round head with small ears well positioned to give a good top of head. Bold muddy eyes with good colour coming in. Bite good, with a baby canine still remaining top right. Pink leather which I would prefer to be a little larger for perfection. Cobby body on sturdy short legs. Short fully coloured, well furnished tail. Sparking white coat with a patch of blue over her left ear & on the back of her front right leg. Excellent preparation. Adorable girl with a delightful temperament.

Pretty Blue Tortie Tabby & White girl. Fairly smooth head with small ears set into the contours. Bold round orange eyes. Full cheeks with firm chin & an almost level bite.
