**4<sup>th</sup> July 2015**

**Judge: Lindsey Grant- ©**

Thank you to Elaine and the committee for their kind invitation to Judge at this year's show. We had a lovely day, and some beautiful exhibits. Thank you to my husband Don, for stewarding for me and keeping me in line as usual !!

**AV SLH GR CH ADULT MALE**

IMP GR CC GRIGGS CH GROOVICATS IVANHOE (RAG n 03) (22.7.2014) Handsome lad with excellent Ragdoll type. Good breadth to head with a good flat plane. Medium length nose, nicely full cheeks and tapering muzzle. Medium ears spaced wide apart and nicely tilted forwards, well furnished and well set. Good medium blue eye colouring, large expressive eyes set slightly oblique. Lovely gentle dip in profile with a very slight bump. Firm chin and level bite. Good inverted "v" of white to his face, white chin and white all the way underneath. White almost to the top of his legs. Pale red points colouring, but with hotter points to his ears. Good think and plush coat quality, quite dense and plush but still quite silky. Very well prepared. Good long body, with very good boning and substance. Long limbs and small rounded paws with tufted toes. Tail almost long enough and very well furnished. Sweet lad with a super temperament.

RES IMP GR CC EMERYS GR CH SKOGVENNS TOMAS (NFO ns 09 21) Silver Tabby & White. Handsome lad but still a bit immature and waiting for his head to catch up with the development of the rest of his body. Very good type and lovely triangular head, his profile is rather broad and parallel becoming more bulbous towards the nasal tip. I would prefer more refinement to this profile line, he just about gets away with it as he has a long head. Large ears, nicely tapering and very open at the base, once he is relaxed his ears settle into a good high and open setting. Very well furnished. Level but shallow chin. Level bite. Very expressive eyes, large oval and set slightly obliquely. Long body with very good boning, body weight and substance. Strong and muscular lad. Strong limbs and large tufted paws. Typical NFC stance. Tail a little short but nicely furnished. Excellent coat quality and texture. Super long and glossy guard hairs, with a definite undercoat apparent even despite the time of year. Very well prepared. Very sweet lad with a super temperament.

**SEAL POINT BIRMAN ADULT**

BOB LLEWELLYN CH BHENDILAYN TODDLE PIP (SBI n) (1.1.2013) Lovely type to this young female. Good breadth to head with full cheeks and nicely rounded muzzle. With some brindling which

makes her look a little pinched but she actually isn't. Good dark seal points. Medium ears spaced wide apart. Good almost round eyes, quite expressive and of a good medium blue with some brindling around her eyes. Slight dip in profile with a little bump. Bite slightly overshot. Slightly tapering chin. Good gloves, good socks and very good gauntlets, almost to the hocks and nicely tapering. Very seasonal coat at present, no ruff and quite short all over but very well prepared. Some shading to the shoulders and back but still paler at the roots. Even lacking the coat she has a nice golden over glow. Good length of body with strong limbs and paws. Medium bushy tail also showing some brindling. Sweetly tempered girl, who liked to talk to us.
