

## **MANCHESTER AND DISTRICT CAT CLUB**

The sun was actually shining in Manchester, as opposed to the usual rain!! It was a good thing, as the hall was pretty grim, and the lighting down one end almost non-existent. But, I appreciate that they were working under difficulties with the Hall. A very big thank to Janet Tonkinson for stepping in at the eleventh hour to steward for me. We had a marathon of open classes but Janet kept me at it, and we finished in good time.
