Had just the most amazing day at the Manchester & District. Jack (**OB IGrPr Crinkles Jack Frost** won BOB and all his side classes, his half brother in the pedigree pet section, Joshy (**OG IGMC Sr Joshua Purrkins**), won his 4th Silver Olympian certificate (many thanks to judge Liz Prescott), so just 1 more to go, but the star of the day was little Dream (**UK & OG IGMC Rainbowdreamcatcher**). Red card day, including BOC, Best Non-Pedigree and then Overall Best Household Pet!! Many, many thanks to judge Rob Wallman who, I am told awarded the BOV and then to judge Margaret Walkden for the Overall BIS decision. Just so proud of our little rescue girl, who at almost 10 1/2 is still wowing the judges and holding her own with the

youngsters. Also many thanks to the show team, committee and everyone who ensured the show ran smoothly and efficiently.

Thundercat's first show in 9 Years !!!!

My lovely Norwegian Forest Cat was shown from a small week old kitten until he was about 3 years old. He had loved being shown but when he was about 2 years old he got very frightened at a show and even though I gave him a break he still didn't like it so it was decided much to my dismay, to leave him at home in future as he hated it so much.

Over the years he has become a very cuddly lovable character that everyone that visits us loves, The minute they sit down he is on their laps getting as much attention as possible. Even when we are at home with him he is either sitting on one of us or next to us. He just loves human company.

He is now 12 years old and on I decided that it would be worth giving him one last try to see if he had forgotten what had upset him so much. Well I am so glad that I did give it a try as I took him to the Manchester and District Cat Show and he loved it!!! All the judges praised him and said he did not look his age. To top that he won his first Mastercat Certificate - many thanks to judges Mrs Prescott and Mrs L Szwed for the careful handling. He also won a side class and got a 2nd out of 7. I had decided that he was a bit too old to go back in the Pedigree Section so put him in the Pedigree Pet Section.

He will be going out again sometime but I will not rush him as I would hate him to be frightened again
