### **TABBY OR TORTIE-TABBY POINT BIRMAN ADULT: MALE**

1 PSIUK SHEPSHADOW GOING FOR GOLD

I loved this young boy as he was the sweetest natured cat I judged all day. Good muscle to body with well boned limbs. Seasonal length to coat which showed excellent tabby markings on points. Sadly I could not give him the certificate as one of his rear legs showed a split in the white gauntlet just below the hock which is a withholding fault. Such a pity as he had a very good head with deep blue eyes and a lovely face and expression.
