

BLUE POINTED SIAMESE CAT CLUB

August 2nd 2014.

Dr Bruce Bennett

Some splendid exhibits, good company, a delicious lunch and lovely warm weather. What more could one ask. My thanks to Paula and her colleagues for the invitation.

OLYMPIAN CLASS-AV IMPERIAL GR CH FEMALE.

OLYMPIAN CERT to MILLER'S I GR CH BARBECCO MIRANDA. F. (OSH o ; 37k) 3 yrs 2 mths. Oriental Cinnamon. I haven't met a girl so intent on staying in her pen! She was positively limpet like in adhering to the pen's walls in her determination to avoid the outside world. Nonetheless we eventually succeeded in getting her out. She has lovely type with an excellent triangular head, ears flaring out well, eyes of good oriental shape and incline, pupils huge, colour appeared sufficiently green. Profile straight, level bite. Body of excellent length, though rigid with tension, limbs and tail balancing. Excellent cinnamon coat, about the best I've seen, warm in colour, sound and even toned across the body 2. (Res Withheld). **MORGAN'S I GR CH ASTRALBLAESE ANDROMEDA. F. (SIA m ; 24n)** 9 yrs 8 mths. Caramel point Siamese. I was pleased to meet this girl once more. She retains her lovely head, a very even triangle with ears set beautifully in line with it, beautiful oriental eyes, shaped, inclined and of deep blue. She also retains her gorgeous coat colour, points very well matched caramel and the body still a lovely unshaded off white. However her body has lost substance, and is now rather thin, musculature lacking tone. Her lovely calm demeanour is intact.

AC ORIENTAL CHAMPION ADULT FEMALE.

GR CC to SHARP-POPPLER'S CH DENSON MAYIAM. F. (OSH b ; 29) 1yr 3 mths. Havana. Dainty girl of pleasing type, head, even and triangular, tiny pinch, ears placed and flaring well, eyes oriental and lime green. Good smooth profile curve, feminine muzzle has depth to it. bite level. Slender body, limbs and tail matching. Sleek coat, close lying, rich warm chestnut shade.

ORIENTAL LILAC ADULT MALE.

1. (CC Withheld) SHARP-POPPLE'S DENSON WIGGINS. M. (OSH c ; 29c) 10 mths 3 wks. Elegant fellow but looking quite immature as yet. Slender even wedge head, slightly narrow, with large ears set in line, oriental shape and incline to eyes of light green shade. Profile fairly straight, just a tiny dent at the bridge, muzzle slightly shallow, bite level. Body slender, sternum a little straight rather than exhibiting the expected gentle curve, limbs and tail in keeping. Coat longish but lies well, fairly sound, a slatey lilac shade. Paw pads bluish grey. Overall lacks masculinity as yet but given a few months and a bit of growth should be rather good.

ORIENTAL CINNAMON ADULT.

BoB to MILLER'S I GR CH BARBECCO MIRANDA. F. (OSH o ; 37k) 3 yrs 2 mths.

ORIENTAL CREAM/APRICOT NEUTER.

BoB to MILLER'S GR PR PASHTAN RIO GRANDE. MN. (OSH em ; 37fn) 1 yr 11 mths. See Midshires Report.

CARAMEL POINT SIAMESE.

1. CC. BoB. BENNETT & WARD'S MAFDET MALALA. F. (SIA m ; 24n) 10 mths 3 wks. Attractive young lady with an even sided, triangular wedge head on which large ears are flared in pleasing alignment; inclined, orientally shaped eyes of clear blue. Profile of two straight planes, gently angled at the browline, curving chin, level bite. Balanced young body with limbs and tail to match. Coat marginally long, good texture, lying smooth, points of matched caramel, clear unshaded off white body, some faint tail rings still visible.

AC SIAMESE/BALINESE GR PR NEUTER MALE.

I GR PC to WOODFIELD'S GR PR LITTLEFEAT DANNY BOY. MN. (SIA d ; 32a) 3 yrs 1 d. Red Point. Timid person of very good type. Refined, even wedge head, crowned by large ears beautifully set in line, wonderful mysterious oriental eyes of good blue. Very good straight profile, chin curves a little, muzzle has some depth to it, bite uneven but meets. Lithe body of medium size, balanced limbs and tail. Coat of good texture showing very delicate pale red points with excellent unshaded warm white body contrast. Though of retiring disposition, he really has 'the look'. **RES I GR PC to RIGBY'S GR PR SUMADORE REDDY**

TEDDY GO. MN. (SIA d ; 32a) 2 yrs 1 mth. Red Point. Striking elegant gentleman with a long head, tiny pinch, enhanced by large ears, flaring well, eyes show good incline and shade of blue, held a little open. Profile almost straight, chin curves away a little, bite meets. Lengthy body with limbs and tail in keeping. Coat of good texture, points a bright red, body showing soft red shading.

AC SIAMESE/BALINESE PREMIER MALE.

GR PC to JOHNSON'S PR BURNTHWAITES RAZZLE-DAZZLE. MN. (SIA d ; 32a) 1 yr 6 mth. Red Point. Pleasing youth, lolling in his blanket nest. Short, even, masculine wedge, very broad at the top between widely flaring ears, lazy oriental eyes of good set and colour. Profile straight, chin curves away slightly, bite meets. Looks smaller in the pen but body quite solid and weighty out of it, limbs match, tail just long enough. Points a pleasing red shade, warm white body contrasts.

AC SIAMESE/BALINESE PREMIER FEMALE.

GR PC to JACKSON'S ADZWOAM KINKY BOOTS. FN (SIA m ; 24n) 2 yrs 11 mths. Caramel Point. Lady of refined type with a lengthy even head, large ears showing lovely flare to enhance it, beautifully inclined oriental eyes of blue. Excellent smoothly convex profile, muzzle a little shallow, curving chin, irregular incisors basically level. Long, long slender body with proportionate limbs and tail. Smooth coat, blue based caramel points matching body rather shaded in similar tones to reduce contrast, but nice pale tummy provides it. I understand that this was her third Grand; congratulations.

AC ADULT.

1. GOULD'S SARNAU MOZART. M. (SIA d ; 32a) 1 yr 2 mths Red Point. Beautifully balanced head and ears with lovely oriental eyes of super deep blue. Straight profile, level chin and bite. Body slender and lithe, still a bit on the dainty side, limbs and tail balancing. Delicate red points, pale unshaded body. **2. VIGGERS' ROCHEROS ARAMIS OF SNOWSEAL. M. (32 2)** 10 mths 3 ds. Blue Tabby Point.

AC ADULT.

1. MORGAN'S I GR CH ASTRALBLAESE ANDROMEDA. F. (24n) 9 yrs 8 mths
Caramel Point. (See above)

AC SIAMESE ADULT.

I must apologise to all; I think that I marked my results slips incorrectly, switching two numbers; the following is the order I intended: **1. MILLER'S MAFDET QUICKSILVER. M. (SIA n 21 ; 32 1)** 10 mths 3 wks. Seal Tabby Point. **2. MEEKINGS' CH RANTIPOLE ENIGMA. F. (SIA j : 32t4)** 6 yrs 5 mths. Lilac Tabby Point. **3. GOULD'S SARNAU MOZART. M. (SIA d ; 32a)** 1 yr 2 mths. Red Point. (See above) **X3 BENNETT & WARD'S LAZIZA EVITA. F. (SIA f ; 32b1)** 9 mths (See above) 4 wks.

AC ORIENTAL ADULT.

1. to MILLER'S I GR CH BARBECCO MIRANDA. F. (OSH o ; 37k) 3 yrs 2 mths. (See above) Oriental Cinnamon. **2. VIGGERS' GR CH MICHANT FOREVER-LOVE. F. (37j)** 2 yrs 3 mths. Oriental Lilac Tortie. (See above).

AV VETERAN ADULT.

AC CAT ORIGINALLY A STRAY.

1. HODSON'S IGMCM WILLIAM. MN. Ginger & White. 4 yrs. I enjoyed a warm encounter with this happy lad once he surfaced from a serious engagement in his dinner pail. A lovely red and white chap with greenish eyes, beneath slightly beetling brows, full red coat with tabby markings, smart bib
