

I thank Dorothy, Maureen and the committee for the invitation to judge at their show. Philippa stewarded for me and I hope she learned a lot about the different breeds that we had on the day. I apologise that my side classes are so brief but time has been against me.

Ac Persian GR PR Neuter Male:

1ST & IMP GR CH & GR PR GEMKIN CUPID'S BEAU (PER a 03 21) 10/08/11. Lovely Blue Tabby and White boy with a super cobby shape to his body, short fat legs, nice bone with a short full tabby tail. He had a well-rounded head with very neat ears placed well apart on his head, a short broad nose with a deep break, rather small nostrils but a good sized leather, large round orange coloured eyes, his bite was just a touch overshot, fat cheeks and a firm chin. His full coat was excellently prepared with pristine white and blue tabby on a beige ground. His colouring was predominantly white with colour to his tail, the top of his head, on his right side and to all his legs. Super temperament.

Maine Coon Brown/Blue Tabby (Inc Bi-Colour) Kitten Male:

1 & BOB TIMPERLEY'S ANGLEZARKE BULLSEYE (MCO N 22) 23/05/15. Super Brown Tabby boy with a lot of promise for the future. For his age he had a good sized long body with excellent bone, substantial legs and large round paws. His tail reached his shoulder and was covered with a good length of fur that tapered nicely towards the tip. His head was medium in length with a good square muzzle. He had medium sized ears that were wide at their base, set well apart with rounded tips, long tufts and well feathered. His eyes were dark gold in colour, full and round, wide apart and set at a slightly oblique angle. His nose was medium in length with a shallow concave curve to the nasal bridge. Level bite and a good strong chin. He had a soft semi-long coat that had a good undercoat and a glossy top with short breeches, a ruff that is developing, tufted feet and shaggy belly fur. His classic tabby markings were absolutely perfect in every way, dense clear black markings on a warm copper ground. Lovely to handle. 2. RYAN'S DARKTOWER THOR (MCO n 22) 22/01/15. Well grown Brown Tabby male with good bone and muscle, a long rectangular shape to his body with a square rump and a long neck with substantial legs and large round paws. His tail reached his neck with long fur that didn't really taper toward the tip. He had a medium length to his head with a good square muzzle. His ears were large and tall, wide at their base and set high on his head, well apart with rounded tips, long tufts and well feathered. His gold coloured eyes were full and round, wide apart and at a slightly oblique angle. His nose was medium in length with a shallow concave curve. Level bite and a strong chin. His soft semi-long coat showed excellent preparation with a glossy top over a nice undercoat with shaggy breeches and belly fur, some ruff down his front with tufted feet. His classic tabby markings were quite well defined in dense black with a ground colour that lacked warmth. Gentle boy, good to handle.

Female:

SMITH'S ANGLEZARKE DRAMA PRINCESS (MCO n 03 22) 28/04/15. Brown Tabby and White girl who on the day looked very much a young kitten and lacked substance to her body. She had a medium sized but very long body with good bone, substantial legs and huge round paws. Her tail reached her shoulder and was covered with short fur. She had a medium length body with a small yet square muzzle. Her ears were a good size, set high on her head, well apart with rounded tips, long and very profuse tufts and very well feathered. She had gold/green coloured eyes that were full and round and slightly oblique. Her nose was medium in length with a very shallow concave curve. Level bite and a reasonable chin. Her soft semi-long coat had a glossy top over a good undercoat. At the moment she lacks breeches and a ruff but her feet were tufted and she had a reasonably shaggy belly. The classic tabby markings were well defined in dense black on a copper ground with white to her whisker pads, chi, chest, belly and all her legs. She looked very immature and needs time to mature and develop.

Ac Persian Imperial/Grand Champion Adult:

1 WHITE'S OSIGC JEM-DANDY RICHARD (IMP) (PER e 03) 21/05/11. Cream and White boy with an excellent square body, strong bone and muscle with a medium length tail. Lovely well rounded head with tiny ears, a short broad nose, large deep orange eyes, almost level bite, fat cheeks and a strong chin. Full coat, well prepared of pristine white and sound mid cream.

Ac Persian Aristocrat Adult:

1 COOK'S KERUBIEL TI-AMO SIENNA (PER d 03) 10/07/14. Red and White female of lovely type with a good body shape, tiny tail, round head, round copper coloured eyes, almost level bite. Good length coat of clean white and sound rich red that was well prepared. Lovely to handle.

Ac Maine Coon Adult:

1 AGGETT'S GR CH ISADORYOU DEAR DARLIN (MCO n 03 22) 07/10/13. Brown Tabby and White male that was a pleasure to be able to judge and handle as he is such a super cat! I couldn't fault him and he looked super on the day, well presented and wonderful to handle. 2. BATE'S REDROSE OBERON (MCO n 03 22) 31/10/14. Brown Tabby and White male who shows promise. His body is already well developed with substantial and really huge round paws. Good head overall with a square muzzle and a concave curve to his nasal bridge, but unfortunately he was showing a nose bump on the day. Well-presented coat with good tabby and clean white.

AV Slh Maiden Adult:

1 WILSON'S MERCHEYDOLLZ LOVE-ON-TOP (RAG f 03) 02/07/14. Seal Tortie Bi-Colour Ragdoll female with a long muscular body, bushy tail, broad head, medium sized ears, huge deep blue eyes, slightly retrousse tip to her nose, substantial bone to her legs with large round paws. Good inverted "v" in white to her face, well defined points and good tortie colours.

Av Slh Novice Adult:

1 WILSON'S MERCHEYDOLLZ LOVE-ON-TOP (RAG f 03) 02/07/14.

Av Slh Limit Adult:

1 LISTER'S SILVERFERN HERMIONE GRANGER (MCO f 22) 28/10/14. This Tortie Class Tabby girl is only just an adult but already has quite a large body with substantial legs and large round paws that show potential for a large girl in the future. Her tail is long and flowing, her ears have the perfect size and set with extremely long and very profuse tufts, round gold coloured eyes, concave curve and a level bite. Super coat texture and well prepared with very good classic tabby markings in dense black, a rich copper ground and overlaid with rich red giving it the effect overall of a very vibrant coloured coat. 2. WILLIAMS' ADURTON GENEVIEVE (RAG n) 25/05/14. Seal Colourpointed Ragdoll with a large muscular body, good length tail, broad head with a flat plane, medium sized ears, mid blue eyes, gentle dip to the nose and a retrousse tip. Silky and very dense coat of medium length with well-defined points of dense seal, good mask and a pale body colour. 3 BATE'S REDROSE OBERON (MCO n 03 22) 31/10/14.

Ac Maine Coon Kitten:

1 TIMPERLEY'S ANGLEZARKE BULLSEYE (MCO N 22) 23/05/15. 2 KERNER'S ELMCOON BRONTE (MCO f) 29/01/15. Tortie Maine Coon girl with a well-developed body, a flowing tail that reached her neck, good square muzzle, gold eyes that were full and round and slightly oblique, concave curve to the nasal bridge and a level bite. Very good preparation to her coat that had a glossy top, nice undercoat, shaggy breeches and belly fur, a ruff that is just starting to develop and

well dispersed colours of black and shades of red. Attractive distribution of colours to the whole of her coat. Excellent temperament. 3 HIRD'S ELMCOON ORLAGH (MCO ds 23) 29/01/15.

Ac Ragdoll Kitten:

1 WILSON'S MYPAWS BLUE XMAS (RAG a) 25/12/14. Well grown Blue Colourpointed Ragdoll female with a lovely body shape, good flat plane to her head with medium sized ears, deep blue eyes and a perfect retrousse tip to her nose. Her coat was silky and very dense with excellent preparation, well defined points and mask with just a touch of shadiness on her belly. Superb temperament. 2. JONES' GROOVICATS BELLAGIVLIETTA (RAG n) 24/03/15. Seal Colourpointed Ragdoll female who is still growing but with good muscle and bone, broad head with a flat plane, medium sized ears, deep blue eyes and lacking the true retrousse tip to her nose which had a small bump on it. Excellent seal colour to her points and mask. Lovely to handle.

Av Slh Maiden Kitten: A lovely class of promising kittens!

1. POOL'S KENDALIAN CARISSIMA (SBI n) 08/05/15. Seal Birman female of super type overall, almost perfect socks, gauntlets and gloves with the colour to her points a deep seal and her eye colour deep blue. Very good to handle. 2. BENNER'S NOYNAROCK DOTTY CANDY MINT (NFO w 64) 25/03/15. Green Eyed White Norwegian Forest Cat female with a super straight profile and good head type overall and dark green eyes. Standing slightly taller on her back legs and with good shape to her body. Pristine white coat, well presented. 3. SPENCE'S BLUDIAMONDS HUNTER (RAG n 03)

Av Slh Breeders Neuter: This was a large class after lunch and unfortunately two of them were not willing to exit their pens.

1. WATKINS' GR PR KRYSTAL TOZE GIACOMO (SBI a) 28/10/13. Blue Birman female of good type overall and super head type in particular. Her socks, gloves and gauntlets were perfectly matching with nice blue points and mask. She had a lovely coat length and texture with a super temperament. 2. JONES' CH & GR PR GROOVICATS BONNE ANNEE (RAG a 03) 31/12/10. Blue Bi-Coloured Ragdoll female with a good shape to her body, bushy tail, broad head with a flat plane, medium ears, deep blue eyes, gentle dip to her nose ending with an excellent retrousse tip. Soft and dense coat of good length with an excellent inverted "v" in white to her face. Good blue to her points and face with an almost clear body. 3. TUNSTALL'S CARLESSWHISKERS OLLIE (RAG a) 23/02/14. Large Blue Colourpointed Ragdoll male with a good body shape, bushy tail, broad head with a flat plane, medium sized ears, gentle dip to his profile with a retrousse tip to the end of his nose. Silky coat, very dense and medium length with well-defined blue points and mask and a clear belly showing no shading at all. 4. OSBORN'S UK & IGR PR LINGCOMB ENDYMION (SBI n) 27/04/01. Wonderful old boy aged just over 14!

Av Slh Debutant Neuter: Two very good cats.

1. ROSS & THOMAS' DARKTOWER ARCHIMEDES (MCO n 03 22) 01/04/14. Brown Tabby and White Maine Coon male who at such a young age is already a very large boy with a super long rectangular body, substantial legs and large round paws, flowing fur to his tail, super ear size and set with profuse and long tufts, gold coloured eyes set slightly oblique and an excellent concave curve to his nasal bridge. Semi-long coat with a really glossy topcoat over a good depth of undercoat, a full frontal ruff, shaggy breeches and belly fur. His tabby pattern was very well defined in dense black on a warm copper ground with white to his chin, chest, belly and legs. He had a super temperament and shows a lot of promise for the future. 2. LINCOLN'S ASTROKINI ECHO-SPRING (SOL os) 04/08/13. Sorrel Silver Longhair Somali female of very nice type overall with super head type and good body shape. Her coat showed the correct ticking and was a good length with super texture and well prepared. Super temperament.

Av Slh Veteran Neuter:

1. OSBORN'S UK & IGR PR LINGCOMB ENDYMION (SBI n) 27/04/01.

Av Slh Radius Neuter:

1. BREWOOD'S OBIGP NOYNAROCK LARS-MORGAN (NFO n 09 21) 27/03/10. Brown Tabby and White Norwegian Forest Cat male with a stunning body and head overall, a really huge cat who stood tall on his back legs. His tabby as well defined and the white to his body was pristine. Well presented and a lovely boy to handle. 2. MURRAY'S NOYNAROCK SCOMBRINI (NFO n 03 22) 18/11/14. Brown Tabby and White boy who was not at all happy on the day. Nice overall type to his head and body with a lovely symmetrical inverted "v" in white to his face. White also to his chest and legs with good tabby elsewhere.
