

Scotia Cat Fanciers  
September 2015  
Mr George Godfrey

My thanks to Heather and committee for the invite and the hospitality. I hope the new venue was a success. Jean was as usual competent, good company and handled the exhibits with care and consideration.

Russian Blue Neuter Male

1st/PC Stark's Dushenka Optimus Prime( 07/06/14)

Gentle boy who handled very well. He has high set vertical ears on a short wedged head supported with well defined whisker pads. Correct profile and there is good definition to his angle. His green almond shaped eyes are well set and have good depth of colour. Elegant muscled body that is proportionate to limbs and tail. His coat is double, mid blue in colour and showing silvery sheen.

Russian Blue Neuter Female

1st/PC Stark's I Gr Ch Dushenka Zivabella (13/03/10)

Large pointed ears set vertical and high with good width between. Defined angle and her profile shows a slight concave curve. She has a short wedge and really puffed out whisker pads today. Overall well balanced head lines. Vivid very expressive eyes, well set and they have a good depth of colour. Her body is firm and elegant carried on slender legs with a balanced tail. Even blue double coat of good depth and showing silvery sheen, just a little harsh over the end of her spine. Very easy to handle and showed well.

BoB/Nugent's UK/OS I Gr Pr Dushenka Zerachiel (13/03/10) (M)

Lovely big lad who just takes it all in his stride.

Also Considered

Mc Glashan's Gr Pr Shoelina Mariava Oleg (04/06/13) (M)

Another good example of the breed with a lovely nature. I judged this boy as a youngster and I'm so glad to see he continues to fulfill his potential.

Stark's Ch/GrPr Dushenka Xander (05/01/08) (M)

A seven years plus who still maintains his type and eye colour and is always a pleasure to handle.

I had a delightful little Persian kitten in my side classes, Smith's Ziva Monarch O The Glen.

Typy little boy with a superb temperament and so very well prepared, could have taken him home.

I had the pleasure of doing best overall Foreign and chose Punton's Pixiepurr Gloriagazor, a lovely Cornish Rex female neuter with everything in the right place and a superb coat to match.
