

## **Mrs S Heavens - Scotia Cat Fanciers Show - 19th September 2015**

My thanks to Heather and her committee for the invitation, as always I had a super time in Scotland. Thank you to Dawn Peck for stewarding for me she handled all the cats with ease and was great company, I hope she enjoyed her day in a different section.

### **A.C. BRITISH GRAND CHAMPION MALE**

1. G.C.C. McCOLL'S CH SKELLUM TINTOS ICEBANDIT (BRI w 62) M 13/05/14

Orange Eyed White. A young very friendly boy. Fairly round head with smooth skull between well set medium sized ears, a fraction wide to the base. Round eyes a rich orange colour, broad straight nose, his cheeks are starting to fill, his muzzle is a little square, level bite and fair chin. Good boning to frame, he is growing so is at the rangy stage that so often happens at this age. Short coat with good density and crisp texture, he has some slight staining to his chin and chest, so possible a very messy eater. His friendly nature won me over so I let him off, balanced length tail with rounded tip.

### **A.C. REX, SPHYNX OR LA PERM GRAND CH MALE**

1. G.P.C. PICKRIN'S PR ASSIYA CYBER ESPER (DRX ns 21) MN 31/07/10

Silver Tabby. Devon Rex This boy was not at all keen on his neighbour once out he kept trying to tell him what he thought. Short broad wedge with high cheek bones, oval shaped eyes sloping to outer edge of ear, rounded brow and flat skull between large ears with width to base and cute tiny tufts to tips, he holds them a fraction high. Short nose with more of a slope than stop, fair definition to whiskers break, level bite and fair chin. Good muscle tone to body a little rotund in shape with sturdy legs. Short soft dense coat covers all of his body with slight crimps to ends. Long tapering tail covered with short fur

### **A.C. REX, SPHYNX OR LA PERM GRAND CH FEMALE**

1. G.P.C. PUCKRIN'S CH ADZWOSH KAMARA (DRX ns) F 19/10/12

Black Smoke. A very shy girl with gently nature. Short broad wedge with high cheek bones, large wide set eyes oval shaped and sloping to outer edge of ear when in her pen, a little round once she came out and was slightly overwhelmed. Rounded brow and flat skull between medium sized ears with width to base and tufts to tips. Short nose with slight stop, defined whiskers break, level bite, her chin slopes. Slightly fat muscular body with broad chest, slim firm legs with neat small oval paws. Short soft dense coat covers all of her body with waves/crimps. Long slightly thick tail covered with long curly fur.

### **BRITISH DILUTE TORTOISHELL ADULT**

1. C.C. B.O.B. McCOLL'S FERGAN CHACHACHA (BRI g) F 03/04/13

Blue Cream. A friendly girl. Round head with more width needed between medium sized ears. Round eyes a light gold colour, short straight nose, her cheeks are rather shallow and she is a little square to her muzzle, level bite, fair chin. Cobby shaped medium sized frame with short strong legs and firm rounded paws. Short coat silky textured coat lacking density, there is some silver tipping to the ends in places, the colours are fairly well mingled to her body, she has a solid cream patch to her face, all paws show both colours. Balanced length tail with pointed tip.

### **BRITISH BLACK SILVER SPOTTED ADULT**

1. C.C. B.O.B. WOOD & McARTHUR'S SARGENTA SILVER FAY (BRI ns 24) F 06/06/14

A shy girl, she is a good size and weight. Quite round head with smooth skull between well set medium sized ears. Round eyes with a green colour developing from round the pupil, broad straight nose, rounded cheeks and muzzle, level bite and firm chin. Cobby shaped frame with short strong legs, neat firm round paws with cute spotty toes. Short mid silver coloured coat with clear dense black markings, M to face, the spine lines are clearly defined but the spots are linked, her side spots have better separation but are more diamond than round in shape. Balance length tail with clear rings.

## **Mrs S Heavens - Scotia Cat Fanciers Show - 19th September 2015**

### **BRITISH TIPPED ADULT**

1. C.C. B.O.B. SMITH'S TOLSTOY ARS BRITANNICA (BRI ds 12) M 18/05/14

Red Tipped. This boy is just gorgeous, so well developed for his age, he has followed the charm the judge course and does a great head butt and roll to get attention. He went on to be best British Adult which he richly deserved. Well rounded head with wide smooth skull between well set neat ears. Large round eyes (if I am being picky, I would have liked a little more width between them) a rich orange colour. Short broad nose with slight curve when viewed in profile, balanced well by full cheeks and rounded muzzle, level bite and firm chin. Cobby shaped frame with short level back, deep chest, short strong legs with large firm round paws. Short coat a little lacking in density with heavy even tipping to ends and pale sliver undercoat, short full tail.

### **BRITISH BLUE NEUTER**

B.O.B TO LECKIE'S CH & IGRPR KOLINGA DUCATI (BRI a) MN 07/04/10

This boy was not at all happy, so it was a quick in the pen assessment, he is well developed with wonderful type and a great British expression, his coat is much shorter and has better density than Gabriel's, so hence he deserved the Best of Breed.

1. P.C. LECKIE'S CH KOLINGA DANTE GABRIEL (BRI a) MN 24/05/11

Now I could so easily have wasted all day with this boy, he was just a delight, such a sappy nature, he wanted to head butt and be cuddled continually and did not want to go back in his pen. Super well developed head with round face full cheeks and good breadth of wide smooth skull between well set medium sized ears. Well-opened large round eyes a deep orange colour, broad straight nose, rounded muzzle, level bite and firm chin. Compact shaped frame with sturdy boning, held on short stocky legs with large firm round paws. Short mid blue coat which lacked density and was a little banded in places, fractionally short rather full tail with rounded tip.

### **BRITISH RED NEUTER**

B.O.B. TO MARTIN'S GRPR SCOTSTAR BRODIE (BRI d) MN 18/10/11

This boy was not at all happy, his imperial class judge was close by as we tried to get him out, she assured us he had been fine first thing, he was obviously having a grumpy moment and did not want to play ball. We decided not to upset him, so I did an assessment of him in his pen, he has superb type so definitely deserved the Best of Breed. I did feel his coat even if it was fleetingly, and I was assured his bite was level, it certainly looked it!. Let's hope he was just having a bad day.

### **DEVON REX ADULT**

B.O.B. TO . PUCKRIN'S CH ADZWOSH KAMARA (DRX ns) F 19/10/12

1. C.C. PUCKRIN'S ASSIYA ULTIMATE OFFERING (DRX f) F 31/07/10

Tortoiseshell. A very sweet natured girl. Short broad wedge with high cheek bones, curved brow and flat skull between ears that when viewed from the rear looked small, but were actually medium sized and very wide to the base, rather high set. Large wide set eyes more round than oval shaped, short rather straight nose lacking stop, her whisker break could have more definition, level bite, the chin slopes fractionally. Nice size to frame with broad chest, slim legs and small oval paws. Short soft coat which covers all on her body with lovely well defined ripples, long tapering tail covered with short fur.
