

Thank you for the invitation to judge at the show. It's always a pleasure to judge at small breed shows & this was no exception. Great atmosphere & some gorgeous cats present. Thanks to my steward Rennie Fairs, this was her first ever engagement and we had an enjoyable day together.

## BREED CLASSES

### White (Orange-eyed) kitten

Two beautiful kittens in this class, with very little to choose between them.

Lovely baby with excellent Persian type. Round smooth head with small well-furnished ears set low. Full cheeks, firm chin & a level bite, although he was between sets of teeth & only had his top left canine present. He still had some baby dark hairs on the top of his head. Pink good sized nose leather on his snub nose. Bold round eyes with good orange colour developing. Short cobby body of good weight standing on short thick legs. Short fully covered tail. Full soft pure white coat. Excellent show preparation on this sweet natured boy.

#### 2nd Lovesy's PERSILUS MR WHIPPY (PER w 62) M 20/2/15

Another gorgeous White boy. Rounded skull with small ears set well apart. Apple cheeks, firm chin & almost level bite. Round large eyes that were muddy with good colour coming in. He had a large pink leather with good break to the nose. Cobby, weighty frame on thick short legs. Broad well furnished tail. He had a full soft flowing coat of pristine white that had been expertly groomed. A sweetheart to handle.

### Blue kitten

#### 1st & BOB Bang's LAFREBELLA QUANDO (PER a) M 27/4/15

What an absolute poppet this boy was! Round head that had a very slight bump to it. Neat tufted ears with good space between them. Full cheeks with level bite & good depth to his chin. Large expressive round muddy colour eyes. Short snub nose with blue-grey leather. Compact body standing on short thick legs. Tiny broad tail. His coat was a lovely sound even pastel blue, long & flowing. Beautiful show presentation on this baby with the most gentle playful temperament. My "pop in your pocket" choice today!
