

SOUTH WESTERN COUNTIES CAT CLUB SHOW 26.09.15.

MR.G.E.MARTIN

The drive from Wiltshire to Exeter was a joy as the sun shone all the way. The day got even better when I found out Sally Rainbow-Ockwell was to steward for me. Going back to the beginning of time, we regularly worked together and, today, we found out we still make a good team. Many thanks to Jane and the committee for my invite and for making the day such a pleasure.

GRAND CLASS - AC SELF PERSIAN CHAMPION ADULT MALE. 1GR LOVESY'S CH. PERSILUS TYRION (PER w 62) M 20.06.14. What a way to start a day's judging with this fabulous White (Orange-Eyed) boy, who certainly hits the spot for me. At just on fifteen months of age, he is as near perfection as one can get with a head balance to die for. His cobby body is set on the thickest of short well bred bone. He was in full coat, which had every hair separated from its neighbour by his mum. I could have lingered by his pen all day just soaking up his beauty.

RGR Not Awarded

2nd HOWES'S CH. HONEYMIST BLUE MARVELSTAR (PER a) M 28.09.13. Just two days away from his second birthday, this Blue boy's coat was not up to show standard today, being sparse and unsound. For head balance, for me, he is lacking depth of chin with eyes that are a fabulous shade of orange, but appear deep set. Taking everything into consideration with the cat in the round, I felt unable to award him today.

GRAND CLASS - AC NON-SELF PERSIAN CHAMPION ADULT MALE. 1GR COOKE'S CH FIRANTY BOOGGIE-WOOGIE.(PER d 03) M 29.07.14. Most handsome Red and White Bicolour boy just close to fourteen months of age. He has balance in every department with both deep clear orange eyes that give him the kindest of soft looks. His coat was medium to full and had been prepared and presented to the highest of show standards. I was my privilege to do Overall Best in Show today and this boy was my winner, and I must say he was up against some stiff competition.

CHINCHILLA & SHADED SILVER ADULT. 1 (CC & BOB Not Awarded).

ATTERBURY'S OWLETT'S ANNA PAVLOVA (PER ns 12 64) F 22.05.12. This very pretty Chinchilla girl has the most expressive emerald eyes with lovely chinny type. Well rounded head shape with good width between well placed small ears, cheek full and round with short broad brick leathered nose and good depth of chin. Cobby body on short thick well bred bone, all covered with a good size, well shown coat, that, unfortunately, was showing some tarnishing to her lower back and top of side of tail.

TORTOISESHELL ADULT. 1 CC BOB HOWES'S HONEYMIST EVENINGSTAR (PER f) F 25.07.14. Pleasing Tortie girl with broad open type that balances with the

rest of her well rounded head features and with eye colour that is stunning. Her cobby body was covered with a medium to full coat that, for perfection, I would like to see more black to bring it closer to the SOP, i.e. Black well broken with shades of red. Well furnished tail, in proportion to her body.

BROWN,BLUE CHOCOLATE OR LILAC TABBY KITTEN. 1 BOB MOYLE'S SHONEDEK TABBITUDE. (PER n 22) F 17.01.15. Brown Classic Tabby girl whose next show will probably be in the big girls class. She is a pretty girl with short broad open type that sits well with her well rounded head balance. Bold clear eyes showing a good shade of orange. Cobby well built body with a medium to full well shown coat, that shows excellent tabby markings in all areas. One word of warning with this lady, she has a very strong bottom jaw line that, for me, must not strengthen any further.

CHINCHILLA & SHADED SILVER KITTEN. 1 BOB FISHER'S OWLETT'S FANCY SCHMANCY (PER ns 12 64) F 06.04.15. Very pretty Chinchilla baby girl approximately five and a half months old. She has a well rounded head with good breadth between ears that are small and well furnished. Round expressive eyes with colour developing, but not yet reached the extremities. Good chinchilla type with a snub nose with brick red leather. Good depth of chin with a strong bottom jaw line. Cobby lower body with a medium size of well prepared coat with light even tipping and pure white undercoat. Short fluffy tail.

WHITE (ORANGE-EYED) NEUTER. 1PR BOB LOVEY'S IGRCH PERSILUS MR. BIGGLESWORTH (PER w 62) MN 17.04.13. I've followed this magnificent Orange Eyed White boy's progress from a baby - he is still only two and a half years old and having gained his well deserved IGRCH title, he is now setting out on the road to his IGRPR. The way he looks and the way his mum presents him, he'll not have a problem achieving this. He was just simply looking stunning today.

BICOLOUR NEUTER. BOB BURNETT'S PR LOMORAS MR. BOJANGLES (PER a 03) MN 27.07.13. (Entered for BOB only). Very handsome Blue and White boy with lovely short broad type that fits in well with his well rounded head balance. He has a very strong bottom jaw line that, for me, should be strengthen further. Cobby low body covered with a medium to full well presented coat with a full tail, well in proportion to his body.

MAINE COON BROWN/BLUE TABBY (INC.BI-COLOUR) ADULT. 1 (CC & BOB Not Awarded). Blue and White Mackerel Tabby boy just between adulthood and one year of age and has many years of development time ahead of him. I was saddened not to be able to award today, but, although he has good length to width head ratio , he needs to broaden his muzzle, which is rather lacking in width and the tip of his nose rolls off. His body is rectangular in shape on substantial legs and large round paws, all covered with a well developed coat, that was a strange shade of blue with his back and sides lacking markings and showing scattered white hairs. He needs time.

RED, CREAM TORTIE TABBY OR TABBY & WHITE MAINE COON ADULT. 1CC BOB WILL'S GLORIA STELUTSA (MCO f 03) F 24. 09.14. Very pretty Tortie and White girl who celebrated her first birthday two days ago. She has a medium length of head with slightly less balancing width. Shallow curve at nasal bridge with just a hint of a roll off. Tall large ears, set well apart. Full round eyes with a slight oblique set, spaced well apart Medium to large rectangular body set on substantial legs, all covered with a good sized, well presented coat, showing very bright tortie colours. White pristine and showing to all four paws, underbelly and chest. Tail, well furnished, balancing with body.

AOC MAINE COON ADULT. BOB HOLDEN-RITCHIE'S CH. YAHESKA PANGUR BAN (MCO w 64) M 13.08.14. (Entered for BOB only) White (Green-Eyed) boy.

HOUSEHOLD PETS

SH RED CAT OF ANY PATTERN OR AC TORTIE/TORTIE TABBY CAT. BIC MILLER'S MC OMGWHID (Short Hair - Red) MN 4yrs 6mths. (Entered for BIC only). Most handsome Red boy with a wonderful disposition and a real pleasure to meet.

SH AOC OR PATTERN CAT (TICKED, TIPPED SMOKE, POINTED Etc). BIC AAS'S GMC LEVI (Short Hair - Seal Point) MN 6yrs. (Entered for BIC only). I'm glad I had a good breakfast before we had to handle this boy as he looks as if he eats bricks for breakfast every morning - probably should have worn a truss too. He has the most stunning solid blue eyes with superb dark seal points.

SH AC KITTEN. 1 BIC VOYSEY'S NONAME (Short Hair Silver Ticked Tabby) F 14wks. Tiny little baby who just wanted to sleep. I guess her first show was proving too much. We managed to get her to open her eyes, which are a lovely shade of hazel and her ticked coat was superb and plush.

AC PERSIAN JUNIOR ADULT. 1 LOVESEY'S CH. PERSILUS TYRION (PER w 62) M 29.06.14.
