Full cheeks, firm chin & slightly undershot jaw. Cobby body on short thick legs. Short tail with adequate furnishing. She was wearing her summer coat today, quite short. It was a medium blue & a little shady in places. She would have benefited from a little more attention to her preparation. A sweetie to handle.

Gerard's GMC OLIVER ( Long Hair Black & White) MN 2years

Gorgeous Black & White lad. Big heavy boy with a lovely coat. His white was sparkling with dense black patches. I loved his beautiful green eyes & pink nose leather. He was nicely presented & had a super nature. On his own in the class, but deserving of the award.
