

SOUTH WESTERN COUNTIES CAT CLUB SHOW 26.09.15.

Mrs. Linda Martin

My thanks to Jane Truscott and her show team for my invitation and running a happy, successful show. I worked with Stephen Bunce today and, I hope he enjoyed the experience as much as I did. Here's to the next time Stephen, many thanks again for you excellent company and handling of the exhibits.

GRAND CLASS - AC EXOTIC PREMIER MALE. 1GRCH MILLER'S PR. LANDICAN THIS CHARMING MAN. Very dear Red and White Exotic boy coming up to two years of age. Excellent rounded head with neat well set ears, and the most vivid orange bold eyes. Short broad nose with rounded well muscled cheeks and a good depth of firm chin. Cobby low body, solid in weight with sturdy thick legs, all covered by a dense plush white coat with rich red patching. Short thick tail, in proportion to his body. Darling to handle.

MAINE COON BROWN/BLUE TABBY (INC-BICOLOUR) KITTEN. 1 BOB BEST & MATTHEWS'S TASSARE THOMAS. Absolutely gorgeous Brown Classic Tabby and White young man of just six months of age. Fabulous type with the most endearing expressive face and a coat that sparkled with health and vitality. He already has an excellent rich coat colour with defined markings and was groomed to perfection. DEFINITELY ONE TO TAKE HOME if the breeders would let me.

GRAND CLASS - AC BIRMAN PREMIER NEUTER MALE. 1GRPR FROST'S PR. SHALFOI EBAY. Very handsome mature Seal gentleman of just over eleven years old. Classic Birman head with lovely width of cheeks and dip to nose, with very good blue eyes and tapering chin. Well build body with a well groomed coat which has a super golden hue and very even seal points. In proportion tail which he held up with pride. My congratulations on him attaining his Grand title today. Well done.

SOKOKE ADULT ASSESSMENT. Merit and BOB Awarded RAINBOW-OCKWELL'S KASAFARI EMBE (IMP). Seems I am the first to award a merit to this lovely breed, but I'm sure from what I saw today, I will not be the last. Very handsome young man of just ten months, so has some maturing to do, but showing much promise for the future. Very good head type with a medium wedge, well shaped light green eyes and a gently curved bridge with his straight nose with the tip in line with his developing chin. Slender body with medium boning, of excellent weight and muscle. In proportion legs and feet. Well patterned coat in lovely condition, lying quite close and short, just like a slightly warmer tone generally. Tail balances to body and tapers to a narrow tip. Handled really well. I gather he has already sired a litter, so, hopefully, we will see many more Sokoke on the show bench. I wish the breeders well on their quest to attaining championship status.

LILAC BURMESE ADULT FEMALE. 1RAINBOW-OCKWELL ABRACADABRA. ICC Very lovely young girl just over nine months of age and obviously still looking a little

juvenile but she's already is a little poppet. Gentle rounded top of head between medium well set ears of excellent shape with excellent width to cheek bones tapering to a good blunt muzzle finish. Short broad wedge with a distinct break to straight nose with tip in line with her balancing depth of chin and beautiful golden amber eyes of perfect aperture and set. Well muscled medium size and length of body with in proportion slender legs and very neat oval paws. Her lilac coat was in super condition, lying close to her body and was short and fine. Straight tail tapering to a rounded tip.

BOB PILKINGTON'S GRCH GARES GEMASIS. Gorgeous lady and such a sweetie to handle.

CREAM BURMESE ADULT. 1CC BOB LOVELL'S HOBBERDY HIGHTEAATKENNBURY. Young lad of thirteen months of age who was an absolute delight to handle. Slight rounding to top of head with ears that are medium to large in size, but which he does hold in a good position. Short wedge with expanding width to cheek bones, tapering to a blunt finish. Break to straight nose with tip just in line with his depth of chin. Rounding to brow with yellow/chartreuse eyes with upper line slanting towards his nose with lower line being rounded. Good weight to medium length and size of body with slender legs and oval neat paws. His coat is an impressive pale cream, some evidence of a bloom to his ears today and was close lying, fine and short. Tail in proportion to his body, but he does tend on hold the in tip in tension when out of the pen.

BROWN TORTIE BURMESE NEUTER. 1PC MILLER'S GRCH ADATEBU BEATTIE. Lovely mature lady of just over seven years old, who trilled the whole time she was out. Gently rounded top of head with medium well shaped, ears that were very well set with a slight forward tilt. Short broad wedge with distinct nose break to straight nose with tip just in line with her depth of chin. Chartreuse eyes of excellent aperture and set with good width to cheek bones. Medium size and length to body of excellent weight with very elegant slender legs and neat paws. Soft close lying brown tortie coat in lovely condition and well prepared. In proportion straight tail tapering to a paintbrush tip.

BOB VIRTUE'S IGRCH & PR HOBBERDY HIGGLEDY PIGGLEDY. Beautiful lady who was an absolute delight to handle.

HOUSEHOLD PET SECTION

OLYMPIAN CLASS - AV HOUSEHOLD PET IMPERIAL GRAND MASTER CAT MALE. OLY MILLER'S IGMGC Bob. Wonderful Brown boy who was showing himself off to perfection today. Very handsome with a very wicked expression to lovely dewy chartreuse eyes, excellent width to cheek bones and a short broad wedge. Beautiful glossy close lying coat and an in proportion straight tail tapering to a rounded tip. What a joy this boy must be to live with.

ROLY. HART'S IGMC WINTER STAR. Stunningly handsome White semi-longhaired boy who was in immaculate condition and literally sparkled with health. Lovely coat in excellent show condition covering a strong well muscled body with sturdy legs. Flowing tail, very well furnished.

OLYMPIAN CLASS - AV HOUSEHOLD PET IMPERIAL GRAND MASTER CAT FEMALE. OLY. SUMMERLEY'S IGMC ITZY BITZ. Fabulous Seal Tortie Bicolour lady who is breathtaking to see.
