

JUDGE MRS P BEARD SMITH

My thanks to Heather and her team for the invite to the 2015 show. Thanks also to Tommy who acted as my chauffer from the station and to John Harrison who stewarded for me for part of the day.

AC BRITISH & SELKIRK IMPERIAL CLASS FOR GRAND PREMIER FEMALE

1ST IMP GR PR Orbell McQueen's CH & PR Beaunouveau Tania Borealis [BRI b33] FN 25/11/10

Very attractive mature female. Nicely rounded shape to her head. She has excellent British type and a lovely expression. Neat small ears set into her rounded contours and spaced well apart. Round eyes pale blue in colour. Short nose. Well developed muzzle and well rounded cheeks. Her untidy bite is just about level and she has a good depth to her chin. Cobby compact well boned body standing low and square on short thick legs and firm round paws. Thick tail. She has a lovely coat. It is short, thick and dense. Pale chocolate points with matching tonal shading over her body and flanks.

RES IMP GR PR Prout's GR CH & GR PR Fergan Magic Spell [BRI n] FN 20/07/09

Mature black female who I have judged recently and my comments remain the same. Nicely shaped small head with very good type and a pleasant expression. Neat ears set good width apart. Her eyes are round and pale gold in colour. Short nose. Round full cheeks and mature muzzle. Level bite good chin. Well boned weighty body standing on short legs and firm paws. Balanced tail. Her coat is short thick and dense and is jet black all the way down to the root.

AC BRITISH GRAND CLASS FOR PREMIER MALE

1ST GR PR Dembski's CH & PR Quizzicat Jubl [BRI d22] MN 28/02/06

Large mature male, a perfect gentleman. His head is round but a little small for balance with his portly frame. His ears are medium sized and wide at the base. They are well set good width apart. His eyes are round and pale in colour. He is very reluctant to open them fully. Short nose. Full round cheeks and broad muzzle. He has no teeth but his gums do meet. Fair chin. His weighty body is well boned and he stands on strong legs and firm paws. Balanced tail. His coat is an acceptable length and is a little flat lying. Nice butterfly and matching oysters. A really lovely teddy bear.

AOC SILVER SPOTTED ADULT

Considered for BOB

BOB Withheld Scaife's CH Farodell Silvermoon [BRI bs24] Female 12/05/14

Chocolate silver spotted. Her head is nicely rounded. Her ears are wide at the base and set well apart. Large round eyes of pale gold. Short broad nose. Well rounded cheeks. Level bite fair chin. She has some tarnishing on her face. Fairly well boned body standing on elegant legs and firm paws. Balanced tail. Her coat is fairly short but her pattern lets her down today. Her tail tip is chocolate but her pattern is so brindled it gives the appearance of being a silver spotted not a chocolate silver. There is also no contrast between her pattern and her ground colour. Her pattern faults my reasons for withholding BOB.

RED KITTEN

1ST & BOB Prout's Scotstar Bakewell [BRI d] Female 14/05/15

JUDGE MRS P BEARD SMITH

A chocolate box kitten. Her head is nicely rounded. Neat ear which are well set good width apart. Round expressive eyes with a dark orange colour developing. Broad short nose. Well rounded cheeks. Level bite fair chin. She is still very small but her cobby body is fairly well boned and she stands on short legs and round paws. Her coat is short and dense but still kitten soft at present. Vibrant red with a spotty pattern. A very sweet baby.

AC GOLDEN TIPPED KITTEN MALE

1st Simpson's Magimay Jasons Fleece [BRI ny12] 10/03/15

Feminine looking golden tipped male. His head is small and his erect ears are set on top of his head as opposed to in the rounded contours. Large round eyes green in colour. His nose is long and his muzzle is narrow giving him a foxy appearance. Level bite week chin. His body is a good size but he stands long and tall today. Balanced tail. His coat is a little long but fairly dense. He has lovely even tipping and shows good contrast with his warm apricot base colour.

AC GOLDEN TIPPED KITTEN FEMALE

1st & BOB Smith's Burleaway Sweet Charity [BRI cy12] 14/03/15

A very attractive lilac golden baby. Nicely rounded head showing pleasing type. Her ears are wide at the base but well set. Her eyes are well opened and round. The standard asks for green eyes, hers are green at the moment but are changing and I suspect as she gets older this might change. Short nose. Round developing cheeks. Level bite fair chin. Compact body standing on short legs and firm paws. Balanced tail. Her coat is a nice length a little flat lying. It is a really subtle colour.

TIPPED NEUTER

Considered for & awarded BOB

Gordon's IGR PR Torridonian Shakespeare [BRI ns12] MN 16/04/12

Mature male of good size and weight. Large round head of pleasing type and lovely open expression. Neat ears which are well set good width apart. His eyes are round and well opened and emerald green in colour. Thick tail. Short broad nose. Well developed full cheeks and mature muzzle. Level bite fair chin. Cobby well boned body standing on strong legs and firm paws. His coat is a tad long but it is dense and has a lovely texture. Even black tipping over most of his body except along his spine line were it is a little darker.
