

## The Supreme Show 2015

I had very enjoyable day at the Supreme, the atmosphere was superb and the company excellent. I had some wonderful cats to handle and admire and the day sailed by in a flash. Thanks go to Celia and the show committee for asking me to judge. Once again I was lucky to have my team of super stewards assisting me, Rob Phillips, Harvey Walpole and Tony Richardson. After a busy morning we went on to the BOV British Neuters, arguably some of the heaviest in the show, so stamina was the order of the day. I was delighted to see my winner become the eventual Supreme Exhibit. A beautiful boy, a joy to handle and a very well deserved win.
