My most grateful thanks of course to my stewards; Simon Fremont my chief steward who manages to keep all the paperwork in order; Steve Hannington and Paul Hardy working their socks off – thanks a million guys! Congratulations to ring manager Jean Huyton and her team for a smooth running day, we do appreciate all the work you put in

BRITISH BLACK SILVER TABBY KITTEN Male

1 BOB Walsh's LOUREWZ MR BENSON 6.4.15

Pleasant relaxed young male. Excellent head with well set ears good width across the cheeks which are filling out nicely. Strong straight nose, depth to muzzle, level bite. Very bad light for assessing eye colour which looked yellow but there did appear to be a trace of green to the centre. Deep cobby body with depth to the chest and a broad straight back; strong legs and heavy feet nice tail. Lovely texture to the coat with super classic pattern Well defined butterfly, tramlines down spine and matching oysters to the flanks. Clear silver ground colour to contrast. Very promising lad but I'd like to see the eye colour in better light.
